Date of Notification: **14 November 2007**
(By registered Mail)

International Registration No: 0933316
Mark: pelikan
Holder: pelikan.sk s.r.o. of Slovakia

Notification of the Irish Patents Office of Refusal of Protection

Dear Sir/Madam,

This notification is issued pursuant to Article 5 of the Protocol relating to the Madrid Agreement concerning the International Registration of Marks and Rule 17(2) of the Common Regulations under the Agreement and Protocol, and is to inform you that protection for this mark is refused for the reasons set out below. Any references to Sections are to Sections of the Trade Marks Act, 1996 and to Rules are to Rules of the Trade Marks Rules, 1996.

1. **Section 10(2)**
   There exists a likelihood of confusion on the part of the public between the mark and the following earlier mark(s):

   Registered Community Trade Mark No: 000179226
   Mark: PELIKAN

   (See attached printouts for details)

   Pending Community Trade Mark Application No: 003325941
   Mark: Pelikan

   (See attached printouts for details)

   Pending Community Trade Mark Application No: 003891851
   Mark: PELICAN

   (See attached printouts for details)

2. This refusal is in respect of all of the goods/services for which protection is sought.

3. The holder may make representations in writing, or may request an extension of time for doing so, not later than **13 February 2008**. A request for an extension of time received after that date may be granted at the discretion of the Controller.

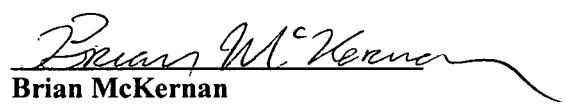
4. If representations or a request for an extension of time are not received by the specified date, protection of the mark will be refused.

5. Representations to the Controller or a request for a hearing in relation to this notification of refusal must be accompanied by an address for service within the European Community as required by Rule 10, as amended by Statutory Instrument 621 of 2007; failure to furnish such address will result in the holder being deemed to have abandoned his request for protection.

6. If, following the receipt of representations, it is considered that the requirements for protection are met, the mark will be published in the Official Journal and protection of it will be subject to opposition and observations by third parties. A refusal based on opposition or observations received may subsequently be issued.

7. Date of refusal: **14 November, 2007**

Yours faithfully



Brian McKernan
Trade Marks Examiner

List of goods and services

Nice Classification:	1
List of goods and services	Chemicals used in industry, science and photography, as well as in agriculture, horticulture and forestry; unprocessed artificial resins, unprocessed plastics; manures; fire extinguishing compositions; tempering and soldering preparations; chemical substances for preserving foodstuffs; tanning substances; adhesives used in industry.
Nice Classification:	3
List of goods and services	Bleaching preparations and other substances for laundry use; cleaning, polishing, scouring and abrasive preparations; soaps; perfumery, essential oils, cosmetics, hair lotions; dentifrices.

Nice Classification:	8
List of goods and services	Hand tools and implements used in agriculture, horticulture and forestry, for the construction of machines, apparatus and vehicles, and for structural engineering; cutlery; side arms; razors.
Nice Classification:	11
List of goods and services	Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes.
Nice Classification:	14
List of goods and services	Precious metals and their alloys and goods in precious metals or coated therewith, (included in class 14); jewellery, precious stones; horological and chronometric instruments .
Nice Classification:	18
List of goods and services	Leather and imitations of leather, and goods made of these materials (included in class 18); animal skins, hides; trunks and travelling bags; umbrellas, parasols and walking sticks; whips, harness and saddlery.
Nice Classification:	20
List of goods and services	Furniture, mirrors, picture frames; goods (included in class 20) of wood, cork, reed, cane, wicker, horn, bone, ivory, whalebone, shell, amber, mother-of-pearl, meerschaum and substitutes for all these materials, or of plastics.
Nice Classification:	21
List of goods and services	Small hand operated equipment for household and kitchen, containers for household and kitchen (except in precious metal or coated therewith); combs and sponges; brushes (except paint brushes); brush-making materials; articles for cleaning purposes; steelwool; unworked and semi-worked glass (except glass used in building); household or kitchen goods of glass, porcelain and earthenware; works of art of glass, porcelain or earthenware.
Nice Classification:	24
List of goods and services	Textiles and textile goods, included in class 24; bed and table covers.
Nice Classification:	28
List of goods and services	Games and playthings; gymnastic and sporting articles, included in class 28; decorations for Christmas trees; all the aforementioned not including children sleds and snowboards.
Nice Classification:	35
List of goods and services	Advertising; business management; business administration; office functions; organisation of exhibitions for commercial or advertising purposes.
Nice Classification:	37
List of goods and services	Building construction; repair; installation services.
Nice Classification:	39
List of goods and services	Transport; packaging and storage of goods; travel arrangement.
Nice Classification:	41
List of goods and services	Education, providing of training; entertainment; sporting and cultural activities; organisation of exhibitions for cultural or exhibiting purposes.
Nice Classification:	42
List of goods and services	Providing of food and drink; temporary accommodation; scientific and industrial research; computer programming; copyright management and evaluation and other intellectual property rights;

material testing.

List of goods and services

Nice Classification:	1
List of goods and services	Reducing agents for use in photography;agar-agar;unprocessed acrylic resins;actinium;activated carbon;alum;albuminised paper;ammonium aldehyde;algarobilla;seaweed;alginates, other than for alimentary purposes;alkalies;alkaline iodides for industrial purposes; Alkaline metals; alkaline salts; aluminium alum;aluminium chloride;aluminium iodide; aluminium oxide; aluminium silicate;formic acid;americium; ammonia; ammonia alum;ammoniacal salts;ammonium salts;amyl alcohol;amyl acetate; acidulated water for recharging batteries; anhydrides;antranilic acid; anti-knock substances for internal combustion engines; antimony;antimony oxide;antimony sulphide;antistatic preparations, other than for household purposes; adhesives (sizing); starch size (chemical preparations);argon;arsenic;arsenious acid;astatine;ethane; ethyl alcohol; ethyl ether;caustic alkali;corrosive preparations; caustics for industrial

purposes; caustic soda for industrial purposes;renovating preparations for phonograph records;textile-brightening chemicals; acetone; acetylene;acetylene tetrachloride;preparations for stimulating cooking for industrial purposes; bacterial preparations other than for medical or veterinary use; bacteriological preparations for acetification; bacteriological preparations other than for medical or veterinary use; oenological bactericides;barium;barium sulphate;barium compounds;baryta;baryta paper;bases;grafting mastic for trees;glutinous tree-grafting preparations;grafting wax for trees;bauxite;bentonite;benzoic acid;benzoic sulphinide; benzene derivatives; berkelium;agglutinants for concrete;beer-clarifying and preserving agents;beer-preserving agents;foundry binding substances; biochemical catalysts; lead arsenate;lead acetate;organic-bleaching chemicals;lead oxide; flashlight preparations; blood charcoal; drilling muds; additives, chemical, to drilling muds;borax;boric acid for industrial purposes; brake liquids; fuel for atomic piles;fuel-saving preparations;bromine for chemical purposes;californium;caesium;cerium;chemical preparations for protection against wheat blight (smut);concrete-aeration chemicals; soil-conditioning chemicals; enamel-staining chemicals; chemical preparations for decarbonising engines; chemicals for forestry, except fungicides, herbicides, insecticides and parasiticides; chemical preparations for use in photography; Chemical products for industrial purposes; chemical preparations for facilitating the alloying of metals; chemical preparations to prevent mildew;colour-brightening chemicals for industrial purposes;textile-impregnating chemicals;leather-impregnating chemicals;chemical condensation preparations; chemical substances for preserving foodstuffs; chemical additives to motor fuel; chemical cooling agents; leather-renovating chemicals;leather-impregnating chemicals; chemical preparations for the manufacture of industrial ceramics; vine disease preventing chemicals;chemical preparations for the manufacture of pigments;chemical preparations for self-defence;chemical reagents, included in class 1;chemical preparations for cleaning chimneys;ungluing agents (chemical preparations for liquifying starch); chemical additives to motor fuel; wax-bleaching chemicals; chemical additives to motor fuel; chemical additives to fungicides; chemical additives to insecticides; test paper, chemical;chlorine;chlorates;hydrochlorates; chlorides; lime chloride;cholic acid;chrome alum;chromates;chromium oxide; chromic salts; chrome salts;chromic acid;curium; distilled water; detergents for use in manufacturing processes; diagnostics, excluded for medical and veterinarian use; diastase for industrial purposes;diatomaceous earth;diazo paper;nitrous oxide;dolomite for industrial purposes; fertilizers and manures; fertilisers;dysprosium; salts of precious metals for industrial purposes; iron salts;opacifiers for enamel; emulsifiers; decolorants for industrial purposes;mould-release preparations; watersofterners not for domestic use; defoliants;dehydrating preparations for industrial purposes;photographic developers; enzymes for industrial purposes; enzyme preparations for industrial purposes; unprocessed epoxy resins; erbium;alkaline-earth metals;metal earths;petroleum dispersants;spirits of vinegar (dilute acetic acid);acetic anhydride;europium;salts for colouring metal; ferments for chemical purposes; fermium; iron salts; ferrotype plates; ferrocyanide compounds; fat-bleaching chemicals; degreasing preparations for use in manufacturing processes; fatty acids; preparations for the separation of greases;leather-waterproofing chemicals; textile waterproofing chemicals; damp-proofing preparations, except paints, for masonry; fire extinguishing compositions; fireproofing preparations; carbon for filters; filtering materials; unprocessed

filtering materials;filtering preparations for the beverages industry;isinglass other than for stationery, household or alimentary purposes;fixing baths (photography);fixing solutions (photography);stain-preventing chemicals for use on fabrics;meat tenderisers for industrial purposes;flocculants;limestone-hardening substances;transmission fluid;power-steering fluid;fluorine; fluoride compounds; hydrofluoric acid;liquid rubber; liquids for removing sulphates from batteries; brazing fluxes; soldering fluxes; formic aldehyde for chemical purposes;foundry moulding preparations;francium; anti-freezing agents; gadolinium;gall nuts; gallium; gallotannic acid;gallic acid for the manufacture of ink; galvanizing baths; galvanising preparations;gambier; preparations for the purification of gas; solidified gases for industrial purposes; gelatine for industrial purposes; gelatine for photographic purposes;bate for dressing skins;tan-wood; tanning materials; oils for tanning leather;tannic acid;tannin;transmission fluid;getters (chemically active substances);tapping compositions;compositions for threading;foundry sand;toxic gas neutralisers;opacifiers for glass; glucose for industrial purposes; glucosides; gluten (glue), other than for stationery or household purposes;glycol;glycol ether;glycerides;glycerine for industrial purposes; gold salts; graphite for industrial purposes; guano;gums (adhesives) other than for stationery or household purposes;gum arabic for industrial purposes;rubber solutions; gum solvents; chemical intensifiers for rubber;balm of gurjun for making varnish;helium;holmium;wood alcohol;wood vinegar (pyroligneous acid);wood alcohol;preparations of the distillation of wood alcohol;wood pulp;humus top dressing;humus; hydrates; hydraulic liquids; hydrazine;hyposulphites;ion exchangers (chemical preparations);isotopes for industrial purposes;iodine for chemical purposes;iodised albumen;iodine for industrial purposes;iodised salts;iodic acid;kainite;potassium;lime acetate;potassium dioxalate;bichromate of potassium;potash water;nitrogenous lime;refrigerating preparations;calcium carbide;calcium salts;camphor, for industrial purposes;kaolin;carbide;carbolineum for the protection of plants;carbonates;potato flour for industrial purposes;casein for industrial purposes; catalysts; catechu; ceramic glazings; ceramic materials in particulate form for use as filtering preparations; disincrustants, included in class 1; anti-incrustants; ketones; kieselgur;cement for mending broken articles; clarifiers; adhesive preparations for surgical bandages;gluten (glue), other than for stationery or household purposes; adhesives for industry; adhesives for wall tiles;sorrel salt;bone charcoal;cobalt oxide for industrial purposes;preparations for stimulating cooking for industrial purposes;carbonic hydrates;carbonic acid;lime carbonate;coal-saving preparations;carbon;collodion, included in class 1; compost; preservatives for tiles, included in class 1;rubber preservatives;masonry preservatives, included in class 1; preservatives for pharmaceutical preparations; brickwork preservatives, included in class 1;chemical substances for preserving foodstuffs;salt for preserving, other than for foodstuffs;solutions for cyanotyping;creosote for chemical purposes;crotonic aldehyde;cryogenic preparations;krypton;cultures of microorganisms other than for medical and veterinary use;earth for growing;artificial resins, unprocessed; unprocessed artificial resins; artificial sweeteners; dispersions of plastics; synthetic materials for absorbing oil; unprocessed plastics; copper sulphate;nitric monoxide;litmus paper;lanthanum;mastic for leather;leather glues;currying preparations for leather;oils for currying leather;wine finings; glue for industrial purposes; ungluing preparations; lecithin;cinematographic film, sensitised, but not exposed;sensitised cloth for photography;sensitised plates for offset

printing;sensitised photographic plates; photosensitive plates; sensitised photographic plates; unexposed sensitised films; sensitised paper; solutions for cyanotyping; blueprint paper; blueprint cloth;lithium;lithia (lithium oxide);tan; anti-frothing solutions for batteries; solvents for varnishes; solvents for varnishes;brazing preparations;lutetium;magnesite;magnesium chloride;magnesium carbonate;magnetic fluid for industrial purposes;malt albumen;manganate;manganese dioxide;mangrove bark for industrial purposes;compositions for the manufacture of phonograph records; polish removing substances; glass-frosting chemicals;sea water for industrial purposes;flour for industrial purposes;mordants for metals;metal-hardening preparations;metalloids;soaps (metallic) for industrial purposes;metal-annealing preparations;methane; methyl ether; methyl benzene; methyl benzene; milk ferments for chemical purposes;lactic acid; mineral acids; preparations for preventing the tarnishing of lenses;anti-sprouting preparations for vegetables; anti-tarnishing chemicals for windows; preparations for preventing the tarnishing of glass;substances for preventing runs in stockings;leather-dressing chemicals; Preservatives for flowers; plant growth regulating preparations; condensation-preventing chemicals;moderating materials for nuclear reactors;must-fining preparations;loam;naphtalene;sodium;bicarbonate of soda for chemical purposes;bichromate of soda; sodium hypochlorite; perborate of soda; sodium salts (chemical preparations); by-products of the processing of cereals for industrial purposes;neodymium;neon;neptunium;moistening (wetting) preparations for use in dyeing;moistening (wetting) preparations for use in the textile industry;moistening (wetting) preparations for use in bleaching;metalloids;nitrates; surfaces-active chemical agents; fruit-ripening hormones; oil separating chemicals; oil bleaching chemicals; oil dispersants; oils for preparing leather in the course of manufacture; oils for preservation of food; olivine; oil purifying chemicals; oleic acid;oxalates;oxalic acid;palladious chlorides; photographic paper; paper pulp; chemical intensifiers for paper;pectin (photography);perchlorates;percarbonates;persulphuric acid;persulphates;filtering materials (vegetable substances);phenol for industrial purposes;phosphates;phosphatides; phosphors; phosphoric acid;photographic emulsions; photographic paper; photographic sensitisers; photometric paper; picric acid;adhesives for billposting;plasticisers;plastisols;plutonium;polonium;potash;preparations of trace elements for plants;praseodymium;promethium;protactinium; protein (raw material); pyrogallic acid;quebracho for industrial purposes;mercury;mercuric oxide;mercury salts;radioactive elements for scientific purposes;radium for scientific purposes;radon;chemical preparations for smoking meat;reagent paper; tyre repairing compositions; tire mastic; detergent additives to petrol (gasoline);compositions for repairing inner tubes of tyres;rhenium;salt, raw;x-ray films, sensitised but not exposed;rubidium;soot for industrial purposes;soot for agricultural purposes;seed preserving substances; saccharin; salicylic acid;sal ammoniac;sal ammoniac spirits;ammonia (volatile alkali) for industrial purposes;saltpetre;nitrate paper;nitric acid;salt, raw;salts (fertilisers);salts from rare earth metals;salts for galvanic cells;salts for industrial purposes;hydrochloric acid;samarium;oxygen;acid-proof chemical compositions;benzene-based acids;acids, included in class 1;slag;sizing preparations;chimney cleaners, chemical;cement for boots and shoes;protective gases for welding; sulphur; sulphuric ether;flowers of sulphur for chemical purposes;carbon sulphide;sulphuric acid;sulphurous acid;soldering chemicals;heavy

water;barytes;sebacic acid;self-toning paper (photography);selenium;rare earths;power-steering fluid;silver nitrate;silver salt solutions for silvering;silicates; silicones; silicon; scandium;calcined soda; soda ash; sauce for preparing tobacco; fissionable chemical elements; fissionable material for nuclear energy;spinel (chemical preparations);finishing preparations for use in the manufacture of steel; starch for industrial purposes; starch paste (adhesive), other than for stationery or household purposes;starch-liquifying chemicals (ungluing agents);stearic acid;rock salt;nitrogen;nitrogenous fertilisers;strontium;substrates for soil-free growing (agriculture);sulphates;sulphides;sulphonic acids;sumac for use in tanning;superphosphates; unprocessed synthetic resins; talc;tannin; adhesives for wallpaper; tapioca flour for industrial purposes;technetium;tellurium;terbium;test paper, chemical;tetrachlorides;carbon tetrachloride;thallium;thiocarbanilide;thorium;thulium;animal albumen (raw material);animal or vegetable albumen;animal bone charcoal;animal carbon;animal carbon preparations;titanium dioxide for industrial purposes;titanite; toluene; alumina;aluminium hydrate;toning salts;toning baths; peat; peat pots for horticulture;tragacanth gum for use in manufactures;glucose for industrial purposes;gas propellents for aerosols;dry ice (carbon dioxide);opacifiers for enamel or glass;enamel and glass-staining chemicals;uranium;uranium oxide;nitrate of uranium;tree cavity fillers;viscose;copper sulphate (vitriol);birdlime;vulcanisation accelerators;vulcanising preparations;fuller's earth for use in the textile industry;fulling preparations; fulling preparations for textile industry; water-softening preparations; anhydrous ammonia;water glass (soluble glass); water purifying chemicals; hydrogen;hydrogen peroxide; plasticizers; emollients for industrial purposes; vinic alcohol (plasticisers);tartar other than for pharmaceutical purposes;cream of tartar, other than for pharmaceutical purposes;tartaric acid;bismuth;basic gallate of bismuth;bismuth nitrite for chemical purposes;witherite;tungstic acid;xenon;ytterbium;yttrium; cellulose; cellulose ethers for industrial purposes;acetate of cellulose, unprocessed; cellulose derivatives (chemicals); cellulose esters for industrial purposes;cement;cement preservatives, included in class 1;bichloride of tin;zirconia;citric acid for industrial purposes;combusting preparations;currying preparations for skins;auxiliary fluids for use with abrasives;cyanides (prussiates);cymene.

Nice Classification: 2

List of goods and services

alizarine dyes; aluminium paints; aluminium powder for painting; aniline dyes;paints, included in class 2; asbestos paints; black japan;auramine; bactericidal paints; mordants, included in class 2;colorants for beer; binding preparations for paints; bitumen varnish;silver foil (leaf); blues [colorants or paints]; orange lead;white lead;bronze powder;bronzing lacquers;colorants for butter;cochineal carmine;turmeric (colorant);coatings for tarred felt (paints); paint thickeners; printing compositions (ink); printing ink; enamel;enamels for painting;colorants for liqueurs;shoe dyes;colorants, included in class 2;colorants, included in class 2;dyewood;dyewood extracts;malt colorants;colorants for beverages;food dyes; Fire-resistant paints; varnishes;fixatives (varnishes);fixatives for watercolours;yellowwood;tumeric;bright gold;bright platinum for ceramics;silver paint; glaziers' putty; glazes;engraving ink;primers; gamboge for painting; gum resins; shellac; wood preservatives; wood stains; woodstains; preservatives against the deterioration of wood; oils for the preservation of wood;indigo (colorant);lime wash; Canada balsam; malt caramel (food colorant);carbonyl (wood preservative);ceramic

paints;putty;cobalt oxide;carbon black (pigment);colophonium; copal; copal varnish;anticorrosive bands; anti-corrosion substances; creosote for wood preservation; lacqueurs; food dyes;stains for leather;ink for leather;red lead;metal foil for painters, decorants, printers and artists;metals in powder form for painters, decorators, printers and artists; protective preparations for metals; anti-tarnishing preparations for metals;natural resins (raw);oil cement (putty);annatto (dyestuffs);paper for dyeing Easter eggs; pigments; anti-rust greases; preservatives against rust; anti-rust oils; soot (colorant);lamp black;lamp black (pigment);saffron (colorant);sandarac; shellac; blacks;Sienna earth;siccatives (drying agents) for paints;silver emulsions (pigments);silver paste;silver powder;sumac for varnishes; wallpaper removing preparations; marking ink for animals;ink for skin-dressing;titanium dioxide;toners (ink) for photocopiers;badigeon; coatings; undercoating for vehicle chassis; thinners for paints;thinners for lacquers;gildings;distempers;whites (colorants or paints);zinc oxide (pigment);caramel (food colorant).

Nice Classification: 9

List of goods and services

Make-up removing appliances, electric; drainers for use in photography; branch boxes (electricity); totalisators; adding machines; aerometers; battery jars; accumulator boxes; acoustic couplers; whistle alarms; whistle alarms; alcoholmeters; ammeters; testing apparatus not for medical purposes; anemometers;armatures (electricity);starter cables for motors; anodes; anode batteries; answerphones; junction boxes (electricity); electrical connecting parts for electric conduits; antenna; anticathodes; apertometers (optics); x-rays producing apparatus and installations, not for medical purposes; apparatus and instruments for astronomy; distance recording apparatus; apparatus for measuring the thickness of skins; oxygen transvasing apparatus; appliances for measuring the thickness of leather; railway traffic safety appliances; mirrors for inspecting work; asbestos clothing for protection against fire; asbestos gloves for protection against accidents; breathing apparatus for underwater swimming; breathing apparatus, except for artificial respiration; respiratory masks, included in class 9; respirators for filtering air; thermionic valves (radio); audio and visual teaching apparatus; lift operating apparatus; sun visors; distribution machines, automatic;shutter releases (photography); balancing apparatus; turnstiles, automatic;automatic indicators of low pressure in vehicle tyres; steering apparatus, automatic, for vehicles; azimuth instruments; beacons, luminous; barometers; battery; limiters (electricity); exposed slide films; light meters; petrol gauges; petrol pumps for petrol stations; observation instruments; betatrons; phototelegraphy apparatus; video telephones; plumb bobs;galena crystals (detectors);plumb lines;diaphragms (photography); anti-glare glasses; anti-glare screens; flashing lights; lightning conductors; flashlights (photography); flash-bulbs (photography); self-regulating fuel pumps; postage stamp meters; letter scales; spectacles; eyewear cases; spectacles frames; ophthalmic lenses for eyeglasses; weighbridges; incubators for bacteria culture; accounting machines; compact disc player; chemistry apparatus and instruments; integrated-circuit chips; chromatography apparatus for laboratory use; chronographs (time-recording apparatus); magnetic encoders; encoded identification cards; encoded service cards; compact discs; computers; peripheral devices for computers; computer keyboards; data processing equipment; decompression chambers; densimeters; densitometers; distillation apparatus for scientific purposes; stills for laboratory experiments; detectors; diagnosis apparatus, not for medical purposes; slides (photography); slide

projectors;densimeters; anti-theft alarms; diffraction apparatus (microscopy); dictation machines; light dimmers (regulators) (electric); alidades; computer diskettes; diskette drives for computers; dosage dispensers; fuse wire; revolution counters; chokes; printers for use with computers; pressure measuring apparatus; pressure indicators; darkroom lamps (photography);darkrooms (photography); dynamometers; egg-candlers; socks, electrically heated; electric branch boxes;electric branch boxes; electric accumulators; electric batteries for vehicles; electric alarm bells; electric installations for the remote control of industrial operations; electric junction boxes;electric junction boxes;electric couplings; electric display apparatus; electric irons; theft prevention installations, electric; electric discharge tubes, other than for lighting; igniting apparatus, electric, for igniting at a distance; electricity conduits; collectors, electric; contacts, electric; electric contacts of precious metal;electric regulating apparatus; connections, electric; electrical conductors; electric conduits; electric soldering apparatus; soldering irons, electric; measuring devices, electric; electrical relays; electrical apparatus for commutation; electric locks; electric welding apparatus; battery chargers;electric coils; electric buzzers; electrical transformers; electric door bells; door openers, electric; monitoring apparatus, electric; electric resistances; electric wires; electrodynamic apparatus for the remote control of signals; electric cables; electric capacitors; electrolysers; electromagnetic coils; electronic display boards; electronic pens (visual display units);electronic agendas; receiving apparatus; rangefinders; distance measuring apparatus; demagnetizing apparatus for magnetic tapes; anti-interference devices (electricity); epidiascopes; ergometers; furnaces for laboratory experiments; thread counters; ticket dispensers; ticket dispensers; milage recorders for vehicles; invoicing machines; false coin detectors; field glasses; binoculars; telescopes; telerupters; teletypewriters; television apparatus; telephone apparatus; electrodynamic apparatus for the remote control of railway points; remote control apparatus; fire boats; fire blankets; extinguishers; motor fire engines; fire alarms; fire beaters; clothing for protection against fire; garments for protection against fire; fire engines; exposed films; motion picture cameras; film cutting apparatus; filters for respiratory masks; filters, for photography; fluorescent screens; electric calculators; frequency meters; spark-guards; masts of wireless aerials; radiotelephony sets; radiotelegraphy sets; galvanic cells; galvanic batteries; galvanizing apparatus; galvanometers; electroplating apparatus; apparatus for fermentation (laboratory apparatus); gas testing instruments; gasometers; printed circuits; coin-operated mechanisms for television sets;juke boxes (musical); automatic and coin operated amusement apparatus; money counting and sorting machines; speed indicators; speed checking apparatus for vehicles; speed-measuring apparatus (photography); speed regulators for record players; workmen's protective face-shields; computer operating recorded programs; Recorded computer software; Recorded computer software; weights; screw-tapping gauges; grids for batteries; glass covered with an electrical conductor; retorts; Semiconducters; salinometers; holders for electric coils; high-frequency apparatus; altimeters; holograms; dog whistles; hydrometers; hygrometers;identity cards, magnetic; inductance coils (electricity); electric devices for attracting and killing insects; interfaces (for computers);ionisation apparatus, not for the treatment of air; identification threads for electric wires; identification sheaths for electric wires; wire connectors (electricity); sheaths for electric cables; calipers; calibrating rings; capillary tubes; integrated circuit cards (smart cards); cassette players; carriers for dark plates (photography); cathodes; boiler control instruments; switchboxes (electricity);optical character readers; electricity

terminals; push buttons for bells; warning bells; slope indicators; pince-nez; eyeglass cases;pince-nez mountings; pince-nez chains; eyeglass cords; knee-pads for workers; comparators; compasses; optical condensers; contact lenses; containers for contact lenses; couplers (data processing equipment); acoustic couplers; correcting lenses; cosmographic instruments; Petrol pumps for service stations; gasoline gauges; bulletproof waistcoats; copper wire, insulated; laboratory trays; chargers for electric batteries; lactodensimeters; lactometers; surveying instruments; lap-top computers; lasers, not for medical purposes; magic lanterns; loudspeakers; Loudspeaker systems; jigs (measuring instruments); readers; posts, luminous; signalling panels, luminous or mechanical;luminous and mechanical road signs; signs, luminous; electric arc cutting apparatus; électric arc welding apparatus; optical fibres (light-conducting filaments); heliographic apparatus; light dimmers (regulators) (electric); photometers; lift operating apparatus; rulers (measuring instruments);punched card machines for offices;hair-curlers, electrically heated;logs (measuring instruments); plumb bobs; sounding apparatus and machines; air analysis apparatus; magnifying glasses (optics); magnetic tapes; magnetic tape units (for computers); magnetic data carriers; magnetic wires, magnets; magnetic cards; disks (magnetic); manometers; marking buoys; solderers' helmets; measures; rules (measuring instruments); dressmakers' measures; material for electricity mains namely wires and cables; material testing machines and instruments; mathematical instruments; mouse (data processing equipment); mechanisms for coin-operated apparatus; mechanisms for counter-operated apparatus;coin-operated mechanisms for television sets; mechanical signs; megaphones; diaphragms for scientific apparatus; quantity indicators; meters; measuring glassware; measuring instruments; rods (surveying instruments); measuring spoons; levelling staffs (surveying instruments);plane tables (surveying instruments); metal detectors for industrial or military purposes; meteorological balloons; meteorological instruments; Dressmakers' measures;rules (measuring instruments); metronomes; micrometer gauges; micrometer screws for optical instruments; microphones; microprocessors; microscopes; microtomes; computer modems; monitor screens; editing appliances for cinematographic films; teeth protectors; juke boxes (musical); food analysis apparatus; nautical apparatus and instruments; navigational instruments; fog signals, non-explosive; inclinometers; neon signs; surveyors' levels; levelling instruments; verniers; notebook computers; objectives (optics); lenses for astrophotography; containers for microscope slides; ohmmeters; earplugs for divers; octants; instruments containing eyepieces; eye-pieces; hair-curlers, electrically heated; optical goods; optical apparatus and instruments; optical data carriers; light conducting filaments (optical fibres); optical condensers; optical lamps; optical fibres (light-conducting filaments); optical lenses; optical disc; optical mirrors; optical glass; oscillographs; ozonisers (ozonators); parking meters; pedometers; periscopes; photographic cameras; photovoltaic cells; photocopying apparatus; photometers;apparatus and instruments for physics; pipettes; planimeters; plates for batteries; record player; disc exchangers (for computers); plotters; polarimeters; cases fitted with dissecting instruments (microscopy); precision measuring apparatus; precision balances; prisms (optics); projection apparatus; projector screens; pyrometers; mercury levels; radar apparatus; radiological apparatus for industrial purposes; radio; vehicle radios; frames for photographic transparencies; centering apparatus for photographic transparencies; screens for photoengraving; smoke detectors; capacity measures; test tubes; billing machines; calculating disks; slide-rules; reflecting discs for wear, for the

prevention of traffic accidents; refractometers; refractors; cash registers; head cleaning tapes; cleaning apparatus for sound recording discs; retorts; retorts' stands; life buoys; life rafts; fire escapes; life nets; safety tarpaulins; lifebelts; life-saving apparatus and equipment; life buoys; rheostats; Levels (instruments for determining the horizontal); hemline markers; roentgen apparatus not for medical purposes; X-ray photographs, included in class 9; x-ray films, exposed; x-rays tubes not for medical purposes; radiology screens for industrial purposes; cathodic anti-corrosion apparatus; saccharometers; salinometers; needles for record players; satellites for scientific purposes; glazing apparatus for photographic prints; acid hydrometers; acidimeters for batteries; scanners (data processing equipment); acoustic conduits; diaphragms (acoustics);sound locating instruments; sound recording discs; horns for loudspeakers; plugboards; switch; Integrated circuits; distribution consoles (electricity); control panels (electricity); slide calipers; marine compasses; naval signalling apparatus; visors; fuses; cupels (laboratory); steelyards (lever scales);coin-operated gates for car parks or parking lots; pedometers; protective suits for aviators; gloves for protection against x-rays for industrial purposes; protective helmets; protective masks, included in class 9; protection devices against roentgen rays, not for medical purposes; welding electrodes; electrical apparatus for sealing plastics (packaging); water-wings; swimming belts; swimming jackets; transmitting sets (telecommunication); transmitters of electronic signals; sounding leads; plumb lines; sounding lines; sextants; safety restraints, included in class 9;electronic tags for goods;signals, luminous or mechanical; signalling buoys; remote control of signals; signal bells; signal lanterns; signalling whistles; signalling panels, luminous or mechanical; wafers (silicon slices); simulators for the steering and control of vehicles; sirens; smartcards (cards with integrated circuits); sonars; probes for scientific purposes; solar batteries; sunglasses and shades; voltmeters; voltage regulators for vehicles; memories for data processing equipment; spectrograph apparatus; spectroscopes; cases especially made for photographic apparatus and instruments; furniture especially made for laboratories; spherometers; speaking tubes; sprinkler systems;spools (photography); tripods for cameras; stands for photographic apparatus;time clocks; sockets; stereoscopes; stereoscopic apparatus; actinometers; fire hose nozzles; road signs, luminous or mechanical;marking gauges (joinery); barcode readers; current rectifiers; electricity conduits; electrified rails for mounting spotlights; circuit closers; ammeters; circuit breakers; electric loss indicators; converters, electric; inverters (electricity); viewfinders, photographic; sulphitometers; buzzers; tachometers; metronomes; batteries for pocket lamps; hand-held calculators; electronic pocket translators; diving suits; divers' apparatus; gloves for divers; divers' masks; taximeters; particle accelerators, telegraph wires;telegraphs (apparatus);fax machines; telemeters; telephone sets; telephone wires; telephone receivers; telephone transmitters; teleprompters; telescopes; temperature indicators; word processing apparatus; theodolites; thermionic lamps and tubes; thermometers, not for medical purposes; thermostats; thermostats for vehicles; tone arms for record players; sound recording films; sound recording apparatus; tape-recorders; sound locating instruments; sound carriers; sound transmitting apparatus; sound amplifiers; sound reproducing equipment; totalizators; transistors (electronic); drying apparatus for photographic prints; drying racks (photography); peepholes (magnifying lenses) for doors; door closers, electric; filters for ultra-violet rays, for photography; clothing for protection against accidents, radiation and fire; shoes for protection against accidents, irradiation

and fire; gloves for protection against accidents; nets for protection against accidents; protection devices for personal use against accidents; amuesement apparatus adapted for use with television receivers; audiovisual teaching apparatus; urinometers; vacuum gauges; vacuum tubes; variometers; pressure indicator plugs for valves; junction sleeves for electric cables; connectors (electricity); enlarging apparatus (photography); distribution machines, automatic; surveying apparatus and instruments; surveying chains; shutters (photography); amplifying valves; distribution boxes (electricity); electricity distribution boards; video tapes; video screens; video cameras; video cassettes; video cassette recorder; electronic games adapted for use exclusively with a television receiver; video game cartridges; viscosimeters; voltmeters; apparatus for changing record player needles; lens hoods; weighbridges; weighing apparatus and instruments; weighing machines; voting machines; heat regulating apparatus; vehicle breakdown warning triangles;washing trays (photography); water level indicators; spirit levels; intercommunications apparatus; wavemeters; anemometers; carpenters' rules;protactors (measuring instruments); rods for water diviners; counters; meters; animated cartoons; time recording apparatus; time recording devices, namely time clocks; time switches, automatic; reducers (electricity); central processing units; sighting telescopes for firearms; cigar lighters for automobiles; compasses (measuring instruments); batteries for lighting; cyclotrons.

Nice Classification: 16

List of goods and services

aquarium hoods; garbage bags of paper or plastic; tear off calendars; tissues of paper for removing make-up; transfers; address plates for addressing machines; address stamps; addressing machines; jackets for papers; loose-leaf binders for office use; albums; almanacs;moisteners (office requisites); announcement cards; aquarelles; architects' models; arithmetical tables; wristbands for the retention of writing instruments; atlases; stickers (papetery goods); babies' napkin-pants of paper and cellulose (disposable);babies' diapers of paper and cellulose (disposable);babies' napkins of paper and cellulose (disposable);humidifiers (office requisites); beer mats; picture; paintings (pictures) framed or unframed; biological samples for use in microscopy; pencils; pencil holders; pencil leads; pencil sharpeners; pencil sharpening machines; pads (stationery); flowerpot covers of paper;flowerpot covers of paper; paper staplers; letter trays; franking stamps; bond paper; brochures; bookbinding material; bookbinding cords; bookbinding apparatus and machines (office equipment); bookbinding cloth; fabrics for bookbinding; bookbindings; books; bookends; office requisites, except furniture; staples for offices; chromolithographs; comic booklets; plastic cling film, extensible, for palletization; diagrams; printing materials; printers' reglets; printing blocks; electrotypes; inking sheets for document reproducing machines; inking sheets for duplicators; printers' blankets, not of textile; type (numerals and letters); covers (stationery); tickets; replacement bags of paper for vacuum cleaners; labels (not of textile); stencil cases; flags, pennants (made of paper); tickets;folders (stationery); binding strips (bookbinding); inking ribbons; inking ribbons for printers; typewriter ribbons; spools for inking ribbons; chromos; artists' watercolour saucers;paintboxes (articles for use in school); penholders; pen clips; pencil boxes; pens (office requisites); pen wipers; figurines (statuettes) of papier-mâché;filtering materials (paper); filter paper; finger-stalls (office requisites); isinglass for stationery or household purposes; bottle sleeves made of cardboard or paper; bottle wrappings made of cardboard or paper; correcting fluids (office requisites);plastic film for wrapping;sheets of reclaimed cellulose for wrapping;forms

(printed);franking machines (stamping machines); fountain pens; trays for sorting and counting money; geographical maps;song books;waxed paper;terrestrial globes; greeting cards; gluten (glue) for stationery or household purposes; graphic representations; graphic reproductions; etching needles; engraving plates; engravings; gums (adhesives) for stationery or household purposes; elastic bands for offices; gummed tape (stationery); gummed cloth for stationery purposes; holders for pens and pencils; handbooks (manuals); hand labelling appliances; hand-rests for painters; stapling presses (office requisites); drawing pins;hectographs; histological sections for teaching purposes; wood pulp paper; wood pulp board (stationery); calendars; cheque-book holders;hat boxes of cardboard; paper coffee filters; decalcomanias, decals; coasters of paper; index cards (stationery); charts; tags for index cards; card decks; cardboard, included in class 16; cardboard articles; cardboard tubes; cabinets for stationery (office requisites); catalogue; adhesive tapes for stationery and/or household purposes; apparatus for mounting photographs; adhesives for paper and stationery or for household purposes; adhesive tape dispensers (office requisites);bags for microwave cooking; carbon paper; confetti; control tokens; copier paper (stationery);correcting ink (heliography);chalk for lithography;chalk holders; balls for ball-point pens; lithographic works of art; plastic film for packaging purposes; french curves; maps; bibs of paper; instructional and teaching material, included in class16; adhesives for stationery or household purposes; bookmarks; steel letters; luminous paper; lithographs;lithographic stones; hole punches; perforated cards for jacquard looms; punches (office requisites);blotters; loose-leaf binders; plastic bubble packs for wrapping or packaging; painters' brushes; canvas for painting; palettes for painters; house painters' rollers; stencil plates; paint boxes (articles for use in school); painters easels; marking chalk; graining combs; stencils; pencil lead holders; modelling paste; modelling materials;plastics for modelling; modeling clay; modelling wax, not for dental purposes; note books; note books; paperclips;numbering apparatus; oleographs; wrapping paper; packing paper; numbering apparatus, pantographs (drawing instruments);electrocardiograph paper; paper for recording machines; stationery; paper, included in class16; paper ribbons; paper tapes and cards for recording computer programs; paper sheets (stationery); filtering materials (paper); face towels of paper; hand towels of paper; papier-mâché;flowerpot covers of paper; paper knives (cutters) (office requisites); paper serviettes; Handkerchiefs of paper; paper bags; blinds of paper;paper shredders (for office use);cardboard, included in class 16; pastels; tracing patterns; tracing cloth; tracing paper; parchment paper; seals (stamps); photographs; photo-engravings; paint brushes; posters; placards of paper or cardboard; advertisement boards of paper or cardboard; blueprints;Plastic cling film for palletisation; paper place mats; portraits; postcards; leaflets; erasing products; markers; scrapers (erasers) for offices; erasing shields; etchings; paper for radiograms; arithmetical tables; ledgers (books); passport covers; drawing boards;drawing pens; tracing needles for drawing purposes; drawing pins; drawing T-squares; chaplets; circulars; indexes; cream containers of paper;stencils (stationery); boxes of cardboard of paper; cheque-book holders; slate pencils; writing slates; shields (paper seals); signs of paper or cardboard; tailor's chalk; manifolds (stationery); dressmaking patterns; patterns for making clothes; articles of stationery; pen cases; writing pens; nibs of gold; desk pads; writing instruments; writing or drawing books;writing chalk; writing sets with writing paper; typewriters, electric or non electric; typewriter keys; rollers for typewriters;writing material; writing cases (sets);

writing brushes; and writing pads; handwriting specimens for copying;printed publications; stencil plates; handwriting specimens for copying; school supplies (stationery); self-adhesive tapes for stationery or household purposes; place mats of paper;composing frames (printing);galley racks (printing); stamps; sealing wax; sealing machines for offices; sealing compounds for stationery purposes; sealing wafers; sealing stamps; silver paper; steel pens; photograph stands; starch paste (adhesive) for stationery or household purposes; figurines of papier-mâché; steatite (tailor's chalk); stamps (seals); stamp holders; cases for stamps; ink-pads for stamps; stamp pads;stamp stands; prints (engravings); embroidery patterns; tickets; ink, included in class 16; inkwells; ink stones (ink reservoirs); ink sticks; paper table covers; table napkins of paper; table cloths of paper; table linen of paper; toilet paper; printing sets, portable (office requisites);transparencies (stationery); indian inks; envelope sealing machines, for offices; teaching materials (except apparatus); table mats of paper; bags of paper or plastic for packaging; bags, envelopes, pouches of paper or plastics, for packaging; plastic film for wrapping; sheets of reclaimed cellulose for wrapping; wrapping and packing materials made of plastic or paper; packaging material made of starches; wrapping papers; duplicators; mimeograph apparatus and machines; square rulers; vignetting apparatus; viscose sheets for wrapping; waxed paper; chalkboards; Flags (of paper); composing sticks; drawing materials; drawing pads; drawing boards; drawing sets; drawing instruments; charcoal pencils; drawing rulers; drawing squares; magazines; magazines [periodicals]; newspapers; paper shredders (for office use);paper clasps;numbers (type); cigar bands; indoor aquariums;indoor terrariums (vivariums); compasses for drawing.

Nice Classification: 18

List of goods and services

briefcases; bath bags; clothing for animals; mountaineering sticks; harness fittings of iron; harness fittings, not of precious metal; pocket wallets; bags for campers; chamois leather other than for cleaning purposes;kid; document cases; document holders; Boxes of leather or leather board; boxes of vulcanised fibre; net bags for shopping; shopping bags; casings, of leather, for springs;casings, of leather, for springs;coverings of skins (furs);fur;umbrella or parasol ribs; linings of leather for footwear; nosebags; bits for animals (harness);canes;purses; purses, not of precious metal; harness for animals; gold beaters' skin;parts of rubber for stirrups; collars for animals; suit cases; suitcase handles; handbags; handbag frames; curried skins;cattle skins; dog collars; hat boxes of leather; game bags; card holders (wallets); cases of leather or leatherboard; boxes of vulcanised fibre; chain mesh purses, not of precious metals; sling bags for carrying infants;chin straps of leather; garment bags for travel; cat o'nine tails; knee pads for horses; leather leashes; vanity cases (not fitted); Imitation leather; leather, unworked or semi-worked; trimmings of leather for furniture; leather thread; bands of leather; imitations of leather; leatherboard; leather straps; leather laces; valves of leather; leather goods; muzzles; trimmings of leather for furniture;furniture coverings of leather;moleskin (imitation of leather); music cases; whips; fur; horse blankets; harness fittings, not of precious metal;halters; horse collars; umbrellas; umbrella handles; luggage trunks; travelling sets; travelling bags; butts (parts of hides); rucksacks; bags for climbers; riding saddles; harnesses for animals; saddletrees; covers for horse-saddles;fastenings for saddles; saddlery; Boxes of leather or leather board; blinkers (harness); umbrella covers; frames for umbrellas or parasols; umbrella rings; umbrella sticks; straps for skates; key cases (leatherwear); schoolbags; schoolbags; shoulder belts (straps), of leather; shooting sticks; sun shades; stirrup

leathers;walking sticks;walking-stick handles; wheeled shopping bags; animal skins, hides; haversacks;bridoons;shoulder belts (straps), of leather;shoulder belts (straps), of leather;bags of leather, for packaging; tool bags (empty); gut for making sausages; harness straps;kid; bridles; traces (harness).

Nice Classification: 28

List of goods and services

Fishing tackle; fish-hooks; fishing poles; reels for fishing; fishing poles; gut for fishing;practical jokes (novelties); rattles (playthings); baseball gloves; building games;building blocks (toys); billiard table cushions; skittles; chalk for billiard cues; billiard balls; billiard cues; billiard cues; billiard tables; coin-operated billiard tables; bite sensors (fishing tackle); bodybuilding apparatus; bows for archery; archery implements; boxing gloves; board games; Christmas trees of synthetic material; ornaments for Christmas trees (except illumination articles and confectionery); Christmas tree stand; draughts (games); draughtboards; gut for rackets; discuses for sports; dominoes; kites; skating boots; electronic games; elbow guards (sport articles); exercisers (expanders); stationary exercise bicycles; scale model vehicles; toy masks; fencing gauntlets; fencing masks; fencing weapons; shuttlecocks; foils for fencing; machines for physical exercises; conjuring apparatus; parlor games; paragliders; bells for Christmas trees; golf gloves; golf balls; golf bags with or without wheels; appliances for gymnastics; hang gliders; gloves for games; dumb-bells; harpoon guns (sports articles); kite reels; hockey sticks; horseshoe games; counters (discs) for games; kaleidoscopes; fairground ride apparatus; playing cards; ninepins; candle holders for christmas trees; landing nets for anglers; climbers' harnesses; explosive bonbons (Christmas crackers); knee guards (sport articles); decoys for hunting or fishing; spinning tops; cricket bags; artificial fishing bait; artificial snow for Christmas trees; billiard cue tips; bladders of balls for games; air pistols (toys); mah-jong; maironettes; bowling apparatus and machinery;scale model vehicles; mobiles (toys); marbles; nets for sports; toy pistols; soft toys; quoits; billiard markers; dolls; dolls' beds; dolls' feeding bottles; dolls houses; doll' clothes; dolls' rooms; creels; ring games; rollers for stationary exercise bicycles; scooters (toys); roller-skates; strings for rackets; chessboards; chess sets; swings; rocking horses; practical jokes (novelties); skin guards (sport articles); targets; batting gloves (accessories for games); ice skates, skating boots; ice skates; skating boots with skates attached; protective paddings (part of sport suits); floats; swim fins; seal skins (covering for skis); sail boards; soap bubbles (toys); skate boards; sole coverings for skis; ski bindings; skis; edges of skis; scrapers for skis; wax for skis; playground balls; games, included in class 28; game cards; playing balls; tables for indoor football; dices; toys; toys for pets; toy vehicles; sports rackets; surfboards; twirling batons; teddy bears; tennis nets; theatrical masks; tables for table tennis; clay pigeons (targets); clay pigeon traps; springboards (sporting articles);backgammon games; appliances for gymnastics; water skis; Christmas trees made of synthetic materials; swings; cups of dice; darts; flying discs (toys); percussion caps (toys); caps for pistols (toys); percussion caps (toys), all the aforementioned not including children sleeds and snowboards.

Nice Classification: 35

List of goods and services

Updating of advertising material; temporary employment agencies; cost-price analysis; business enquiries; banner exchange, namely rental of advertising space on the Internet; business management and organisation consultancy; business management consultancy; import-export services; operating a teleshopping channel, namely the arranging, concluding and handling of contracts for the

purchase and sale of goods;operating a teleshopping channel, namely the arranging, concluding and handling of contracts for the use of services; business consultancy and advisory services; accountancy; auditing; consultancy, namely professional business consultancy; consultancy, namely organisational consultancy; computerized file management; price agency services, namely investigating prices for goods and/or services; multimedia agency services, namely the planning and design of advertising initiatives; multimedia agency services, namely the presentation of firms on the Internet and other media; publicity agencies; building, namely the organisational preparation of building projects; tax consultancy, namely tax preparation;auditing; auctioneering, including on the Internet; transcription; relocation services for businesses;e-commerce services, namely order placement and order delivery services;e-commerce services, namely invoice management for electronic ordering systems;e-commerce services, namely the arranging and concluding of commercial transactions via online shops;e-commerce services, namely the presentation of goods and services; business investigation; accountancy; drawing up of statistics; drawing up of business expert reports; efficiency experts; preparation of statements of accounts; tax-preparation services; economic forecasting; commercial information services; economic information; television advertising; franchising, namely providing of business know-how; business management for others; business management of hotels for others; photocopying; statistical information; publication of publicity texts; commercial or industrial management assistance; lobbying, namely representation of the business interests of others to political decision-makers and other persons; payroll preparation; modelling and models for advertising or sales promotion; marketing; market research; opinion polling; merchandising; business inquiries; public relations; organisation and arranging of events, namely publicity events;organisation of trade fairs and exhibitions for commercial or advertising purposes; business organisation consultancy; organisational project management in the field of electronic data processing; organisational consultancy; employment services; personnel recruitment; personnel consultancy; personnel management advice; outdoor advertising; business management assistance; presentation of offers for goods and services via a teleshopping channel; ascertaining prices; product research, namely investigating product offers; accounting for electronic order systems; radio commercials; grading of wool;evaluation of standing timber; shop-window dressing; wordprocessing; typing; secretarial services; sponsoring in the form of advertising; sponsoring, namely arranging advertising and promotional contracts, for others; location of freight cars by computer; shorthand; systematic ordering of data in computer databases; telephone answering (for unavailable subscribers); billing of telephone costs; telemarketing services; providing of temporary staff; professional business consultancy; organisation of trade fairs for commercial or advertising purposes; Consumer consultancy; dissemination of advertisements; sales promotion of goods and services, for others; rental of office machines and equipment, included in class 35; rental of office space, equipment and staff; rental of photocopying machines; rental of advertising space, including on the Internet; rental of advertising material; arranging of commercial and supply contacts via the Internet; providing of addresses; arranging of contracts with electricity suppliers;providing of advertising space, including on the Internet; arranging of business contacts on the Internet;placement of temporary staff; newspaper subscription services for others; mail-order advertising; dispatch of advertisments; distribution of means of publicity; distribution of samples; advertising

material services; document reproduction; demonstration of goods; webvertising, namely marketing, for others, on digital networks; providing advertising services; advertising mail; advertising on the Internet, for others; business appraisals; compilation of data in computer databases.

Nice Classification: 39

List of goods and services

Towing; vehicle towing; waste disposal; transportation information; parcel delivery; delivery of goods; newspaper delivery; car hire; Passenger transport; bus transport; bus transport; pleasure boat transport services; transport of travellers; freighting; salvage of ships;ice-breaking; boat rental; booking of seats (travel); chauffeur services; freightforwarding, other than the customs entry of goods; freight brokerage services; haulage; transport brokerage; tourist offices (except for hotel reservation);travel reservation and bookings; removals; boat storage; wrapping of goods; removal, storage and transport of waste materials and recycling materials of all kinds; unloading cargo; storage information; controlling of fleet vehicles using electronic navigational and positioning apparatus; delivery of newspapers; vehicle fleet management;garage rental; porterage services; refloating of ships; ambulance transport;refrigerator rental; courier services (messages or merchandise); services for the storage of goods; rental of warehouses; supply and distribution of electrical energy, gas or water;logistics in the transport sector; piloting; transport by air; transporting furniture; transport and storage of waste; message delivery; car parking; tram transport; pipeline (transport by-); escorting of travellers; transport reservation; travel reservations; salvaging; rescue operations (transport);shipping services; ship brokerage services; operating canal locks; marine transport; taxi transport; river transport services; railway transport; transshipment services; car transport; barge transport; hauling; boat transport; transport and storage of trash; ambulance transport; transport of valuables; underwater salvage; arranging of tours; sightseeing (tourism); arranging of cruises; arranging travel tours; freight (shipping of goods); boat rental; vehicle rental services; rental of garages; rental of vehicle roof racks; motor-vehicle rental; refrigerator rental; rental of storage containers; rental of warehouses; rental of parking places; horse rental; rental of motor racing cars;rental of wheelchairs;rental of diving suits;rental of diving bells; coach rental; truck rental; packaging of goods; supplying consumers with electrical energy, heating, gas and water; electricity distribution; distribution of energy; water distribution; management of passenger car fleets;truck rental; delivery of goods; water supplying;forwarding of electrical energy, gas and water; refloating of ships; delivery of mail-order goods.

Nice Classification: 41

List of goods and services

training consultancy; discothèque services; modelling for artists; mobile library services; club services for entertainment or education; boarding schools; casino facilities (gambling) (providing-); providing golf facilities; nursery schools; providing cinema facilities; museums; providing gaming house facilities; providing sports facilities; sports camp services; sound recording studio services; music hall services; amusement park services; zoological gardens;lending libraries; practical training demonstrations; entertainer services; sports centre services;recording and television studio services; publishing services; presentation of live performances; educational examination; games on the Internet; academies (education); educational services; education information; correspondence courses; television entertainment; distance learning services; film production; motion picture rental; further training consultancy; gaming services; gymnastic instruction; publication of texts (other than publicity texts);

publication of printed matter in electronic form, including on intranets and the Internet; publication of periodicals and books in electronic form, including on intranets and the Internet;videotape editing; multimedia services, namely production of multimedia presentations; musical performances; organisation and arranging of events, namely cultural and sporting events; arranging and conducting conferences; arranging and conducting of congresses; arranging and conducting of symposiums; organisation of trade fairs, exhibitions, congresses and seminars for cultural or entertainment purposes; entertainment party planning; personnel development, namely organising and/or conducting further and advanced training programmes; seat reservation for entertainment events; production of shows; production of teleshopping programmes; religious education services; radio or television entertainment; synchronization (dubbing); theatre productions; ticket sales; Animal training services; physical education; entertainment; educational services; organisation of sports competitions; arranging and conducting of seminars; arranging and conducting of workshops; arranging and conducting of colloquiums; organization of exhibitions for cultural or educational purposes; organization of balls; operating of lotteries; organisation of beauty contests; organisation of sports competitions; organisation of entertainment shows; organisation of competitions (entertainment); writing screenplays; rental of audio equipment; rental of lighting apparatus for theatrical sets or television studios;lending libraries;rental of show scenery; rental of camcorders; rental of movie projectors and accessories; rental of films; rental of radio and television receiving sets; rental of sports equipment (except vehicles); rental of skin diving equipment; rental of stadium facilities; rental of tennis courts; rental of stage scenery; rental of sound recordings; rental of video cameras; publication of books, videotape film production; rental of videotapes; timing of sports events; circus performances; editing of radio and television programmes.
