Dear Sir/Madam,

**Intl Reg No:** WO0000001387286  
**Mark:** PENN  
**Holder:** Johnson Controls Technology Company  
**Classes:** 7, 9

**Notification of a Provisional Partial Refusal of Protection (not based on an opposition) by the Intellectual Property Office**

I have examined your designation under the Trade Marks Act 1994 and carried out a search of the relevant trade mark registers. Your designation does not appear to meet the requirements for Protection for the following reasons.

**Absolute grounds for refusal – Class 7**

**Specification not understood**

The list of goods in Class 7 contains terms which are not understood. Please provide a clearer description of the following goods:

Single-phase condenser fan speed control for refrigerator and air conditioning units; variable speed drive controls for HVAC and refrigerator units; electronic pressure transducers for refrigerator and air conditioning units.

The above are considered as being too vague for classification purposes and should be clarified to prevent any legal uncertainty. Alternatively the objectionable terms maybe deleted from the designation.

**Search for earlier trademarks – for your information only**

I have searched the relevant trade mark registers and found earlier trade marks that I think you should be aware of. My initial view is that your trade mark and your goods are similar to the earlier trade marks and their goods and services. Therefore the public are likely to confuse your trade mark with the earlier trade marks.

The earlier trade marks I found are listed at the end of this report.

I am not refusing to accept your designation because of the earlier trade marks. Should you decide to proceed with your designation I am obliged to inform the owners of the marks listed below, that your designation will be published in our online journal. I will only notify UK trade marks and International Registrations (UK). UK trade marks begin with the prefix 'UK'. International UK trade marks begin with the prefix 'WO'.

We do not notify holders of European Union Trade Marks (EUTM) or International Registrations (EU), which also have protection in the UK; these are for your information only

If you proceed, your designation will be published in the online Trade Marks Journal and anyone can oppose your designation should they have grounds to do so. If such action were to be successful, this would likely result in a costs award against you. Further information can be found on our website:

[ipo.gov.uk/tmoppose](http://ipo.gov.uk/tmoppose)

### **Next steps**

If you disagree with my assessment of your designation, you can write or telephone me. My contact details are shown at the top of this letter.

If following this discussion, you still disagree with my findings you have the right to request a hearing with a senior officer to argue against the absolute grounds issues raised. You cannot request a hearing in respect of the earlier trademarks as these are not formal objections.

If your address is outside of the European Community, the Isle of Man or the European Economic Area you must provide us with a contact address in one of the above areas. This can be done by filling in and returning a Form TM33 "Appointment of change of Representative (for trade mark owners or holders)". This form is available at:

[ipo.gov.uk/tmforms](http://ipo.gov.uk/tmforms)

If you do not reply by the date shown above, I will publish it in our online Trade Marks Journal, but only for:

Class 9 for the specifications as filed.

The provisional refusal of all other goods will then become final.

Yours faithfully

*Sharon Fleet*
