26 June 2018

Dear Madam/Sir

Notification of Statement of Grant of Protection according to Rule 18ter(2)(ii)

Please note that the protection of the mark is only accepted for some of the goods and services covered by the designation.

Goods and services for which the trade mark is protected in Denmark:

Class 06: Couplers of brass, metal bent tubes, metal T-fittings, metal rings, metal sleeves, metal extenders, nipples of heating manifolds, reducing fittings and caps of metal, clamping sleeves for tubes of copper, nuts for tubes of copper, elbow fittings of copper, metal plates and screws for assembly, screw sets of brass, shut-off valves of metal.

Class 08: Shears for cutting plastic installation tubes, hand-held presses for tube couplings (tools), mandrels (tools).

Class 09: Water meters, calorimeters, circuit breakers, sleeve compensators, thermometers and disk manometers, room thermostats.

Class 11: Apparatus and installations for drinking water distribution and sanitary installations, including their components and frames; central heating installations and their pipes; level control valves, mixing valves; heating control cabinets (heating instal-

lation parts), notched protective tubes with fastening handles (parts of heating installations), water-heating apparatus, central heating boilers, valves used in heating and water installations, mixer units used in surface heating installations, air release valves, thermostatic valves and heads, filters (parts of household or industrial installations).

Class 17: Handles and clips for fastening tubes, knuckle joints and nipples for couplers of plastic.

Class 20: Plastic hooks for tubes, plastic shut-off valves.

Yours faithfully

Bjarke Pii Korremann
Principal Legal Adviser, Trademarks/Design, (MSc) Business Administration and Commercial Law
