Extract from the Estonian Trademark Act

§ 12. Scope of legal protection of trade marks

(3) Goods and services are classified in accordance with the international classification of goods and services established by the Nice Agreement Concerning the International Classification of Goods and Services for the Purposes of the Registration of Marks (hereinafter the Nice Classification) (RT II 1996, 4, 14).

§ 13. Representative for performing acts related to legal protection of trade marks

(2) A person with no residence, seat or commercial or industrial enterprise operating in Estonia shall authorise a patent attorney as the person's representative to perform procedures related to trade marks at the Patent Office and at the Board of Appeal, except the filing of an application.

§ 41. Adjudication of appeals and revocation applications

(2) An interested person may contest an applicant's right to a trade mark at the Industrial Property Board of Appeal if circumstances specified in subsection 9 (1) or § 10 of this Act which preclude legal protection exist. The term for filing a revocation application is two months from the publication of the notice of the decision to register a trade mark.

§ 38. Examination of trade marks

(2) If an examination reveals circumstances which preclude the legal protection of a trade mark, the Patent Office shall notify the applicant thereof and set a term of at least two months for the elimination of the said circumstances or provision of explanations. If the applicant fails to respond by the due date, the application is deemed to be withdrawn.

§ 47. Withdrawal of applications, termination and resumption of processing

(3) An applicant may request that processing be resumed if the Patent Office terminated processing having deemed the application to be withdrawn pursuant to §§ 37, 38 or 46 of this Act and the applicant failed to perform the acts due to *force majeure* or some other impediment beyond the control of the applicant or a representative of the applicant.

Extract from the Estonian Trademark Act

§ 10. Relative circumstances which preclude legal protection

- (1) Legal protection shall not be granted to the following trade marks:
 - 2) trade marks which are identical or similar to an earlier trade mark which has been granted legal protection with regard to identical goods or services or goods or services of a similar kind designated by the trade mark, if there exists a likelihood of confusion on the part of the consumers, which includes association of the trade mark with the earlier trade mark;
- (2) Circumstances specified in clauses (1) 2)–6) of this section which preclude legal protection are not taken into account if the proprietor of the earlier trade mark or another earlier right consents to the grant of legal protection in writing.

§ 13. Representative for performing acts related to legal protection of trade marks

- (2) A person with no residence, seat or commercial or industrial enterprise operating in Estonia shall authorise a patent attorney as the person's representative to perform procedures related to trade marks at the Patent Office and at the Board of Appeal, except the filing of an application.

§ 41. Adjudication of appeals and revocation applications
