§ 4. Content of a trademark right

A trademark right has the effect that no one, without the consent of the proprietor of the trademark right (the trademark proprietor), may use in an industrial or commercial undertaking:

- a) any sign which is identical with the trademark for goods or services for which the trademark is protected
- b) any sign which is identical with or similar to the trademark for identical or similar goods or services if there exists a likelihood of confusion, such as if the use of the sign may give the impression that there is a link between the sign and the trademark.

For a trademark which is well known in Norway, the trademark right implies that no one, without the consent of the trademark proprietor, may use a sign that is identical with or similar to the trademark for similar or any other goods or services, if the use of that sign without due cause takes unfair advantage of, or is detrimental to, the distinctive character or repute (goodwill) of the well-known trademark.

Use is considered to include the following:

- a) affixing the trademark to goods or to the packaging thereof
- b) offering goods for sale or otherwise putting them on the market, stocking or delivering them under the sign, or offering or supplying services thereunder
- c) importing or exporting goods under the trademark
- d) using the sign on business documents and in advertising.

Verbal use of the sign is also considered as use.

§ 16. Trademarks that conflict with the rights of others

A trademark cannot be registered without the consent of the relevant proprietor of rights if:

- a) use of the trademark would infringe the right of another in this country to a trademark or business name or another business sign,
- b) the trademark is liable to be confused with a trademark, business name or other business sign that someone else started to use as the distinctive sign for goods or services before the applicant and is still using, and the applicant was aware of this use when the application for registration was filed, in such way that the filing shall be considered to have taken place in conflict with honest practices in industrial or commercial matters

Continuation sheet no: 2

Int. reg. number: 1400443

- c) the trademark contains something that is liable to be perceived as another person's name, stage name or portrait, unless it obviously refers to a person who is long dead,
d) the trademark contains something that is liable to be perceived as the distinctive title of another's protected creative or intellectual work or it infringes another's right in Norway to a creative or intellectual work or a photography or a design, or
e) the trademark infringes another's right in Norway to a designation protected in regulations pursuant to Act no. 6 of 17 June 1932 on Quality Control of Agricultural Goods, etc. or Act no. 124 of 19 December 2003 on Food Production and Food Safety, etc.
