### XII.

 Corresponding essential provisions of the applicable law: Austrian Trade Mark Act (Federal Law Gazette No. 260/1970 in its current version / Bundesgesetzblatt Nr. 260/1970 idgF)

#### Section 1

A trade mark may consist of any sign capable of being represented graphically, particularly words, including personal names, designs, letters, numerals, the shape of goods or of their packaging, provided that such signs are capable of distinguishing the goods or services of one undertaking from those of other undertakings.

## Section 4

- (1) Excluded from registration shall be signs which
  - 1. consist exclusively
    - (a) of state coats of arms, national flags or other national emblems or of the coats of arms of Austrian provincial or local authorities;
    - (b) of official certification or guarantee signs which are used in Austria or pursuant to a notice to be published in the Federal Law Gazette (Section 6 subsection 2) in a foreign state, for the same goods or services as those for which the mark is intended for, or for similar goods or services;
    - (c) of signs of international organizations to which a member state of the Paris Union for the Protection of Industrial Property belongs, provided the signs have been promulgated in the Federal Law Gazette. The last sentence of Section 6(2) shall apply to such promulgation;
  - 2. cannot constitute a trade mark in accordance with Section 1;
  - 3. are devoid of any distinctive character;
  - 4. consist exclusively of signs or indications which may serve, in trade, to designate the kind, quality, quantity, intended purpose, value, geographical origin, or the time of production of the goods or of rendering of the service, or other characteristics of the goods or services;
  - 5. consist exclusively of signs or indications which have become customary in the current language or in the bona fide and established practices of the trade to designate the good or service:
  - 6. consist exclusively of the shape which results from the nature of the goods themselves, or of the shape of goods which is necessary to obtain a technical result, or of the shape which gives substantial value to the goods;
  - 7. are contrary to public policy or to accepted principles of morality;
  - 8. are of such a nature as to deceive the public, for instance as to the nature, quality or geographical origin of the good or service;
  - 9. contain or consist of a geographical indication identifying wines and intended for wines which do not have that origin, or identifying spirits and intended for spirits which do not have that origin.
- (2) Registration shall, however, be admissible in the cases of subsection 1 clauses 3, 4 and 5, if the sign has acquired a distinctive character in Austria in the circles concerned following the use which has been made of it prior to application.

### Section 29a

- (1) Within a period of three months following the date of publication of the registration of a mark (Section 17 subsection 5), opposition to this registration may be raised. It shall only be based on a mark fulfilling the conditions of Section 30 subsection 1. The same applies for applications subject to their registration.
- (2) In case of registration of a mark under the Madrid Agreement concerning the international registration of marks, Federal Law Gazette No. 400/1973 and under the Protocol relating to the Madrid Agreement concerning the international registration of marks, Federal Law Gazette No. 32/1999, the publication in the gazette, issued by the International Bureau of the World Intellectual Property Organization, replaces the publication referred to in subsection 1. The opposition period starts on the first day of the month following the month the gazette has been issued, in which the publication of the international registration is contained.
- (3) The substantiated opposition must be received by the Patent Office at the last day of the time period at the latest. It shall be filed in writing and along with all attachments also in duplicate.
- (4) ...
- (5) ..

(6) The opportunities to file a request for cancellation with the Cancellation Department remain unaffected.

#### Section 29b

(1) Upon expiration of the opposition period the owner of the mark shall be informed about all oppositions timely received and be invited to submit a written reply within a reasonable period of time which may be extended upon justified reasons. Within this period, the trademark holder has the possibility to request the opponent/s to furnish proof of use of the trademark/s the opposition/s is/are based on according to section 29b subsection 3. If the owner of a contested mark does not file a written statement within the time limit, the relevant legal department shall, in accordance with the request, without any further proceedings order the total or partial invalidity of the mark, even if the opposition is based on an application not registered yet at the date the decision is taken. The provisions for the cancellation procedures in section 35 subsection 5 shall apply mutatis mutandis unless otherwise indicated hereinafter.

(2) ..

(3) If opposition is based on a mark which, at the date of the registration of the mark opposed, has been registered more than 5 years ago, the opposition shall only be granted if, following a request by the owner of the mark opposed, satisfactory evidence is provided within a reasonable period of time that the conditions for cancellation of Section 33a (no genuine use) do not apply. If within the period of 2 months following the transmittal of the documents presented to furnish evidence of genuine use the owner of the mark files a request for cancellation based on Section 33a with the competent authorities directed at the mark of the opponent and, within a reasonable period of time, furnishes evidence about this fact the opposition procedure shall be adjourned and resumed ex offico or upon request after the decision in the cancellation procedure has become final.

(4) ...

(5)

(6) As far as a mark has been finally declared invalid, or, as far as, following ex officio legal examination (Section 20), protection of an international registration has been refused finally, or, as far as a mark has been cancelled based on a final decision concerning a request to the Cancellation Department with retroactive effect to the beginning of the period of protection, a pending opposition to the mark shall be deemed settled to the respective extent and the parties shall be informed about this fact. The opposition procedure shall be closed in the same manner if during the pendency of the opposition procedure the procedure to register the application, the opposition is based on, is closed without leading to registration, or, if the mark, opposition is based on, finally looses protection in Austria

(7) Costs of the opposition procedure shall be borne by each party on its own.

#### Section 30 subsection 1

- (1) The owner of an earlier mark being still valid may request the cancellation of a mark provided that either
  - 1. the two marks and the goods and services the marks are registered for are identical,

or

2. the two marks and the goods and services the marks are registered for are identical or similar so that there exists a likelihood of confusion on the part of the public which includes the likelihood of association with the earlier mark.
