#### Section 29a

(1) Within a period of three months following the date of publication of the registration of a mark (Section 17 subsection 5), opposition to this registration may be raised. It shall only be based on a mark fulfilling the conditions of Section 30 subsection 1. The same applies for applications subject to their registration.

(2) In case of registration of a mark under the Madrid Agreement concerning the international registration of marks, Federal Law Gazette No. 400/1973 and under the Protocol relating to the Madrid Agreement concerning the international registration of marks, Federal Law Gazette No. 32/1999, the publication in the gazette, issued by the International Bureau of the World Intellectual Property Organization, replaces the publication referred to in subsection 1. The opposition period starts on the first day of the month following the month the gazette has been issued, in which the publication of the international registration is contained.

(3) The substantiated opposition must be received by the Patent Office at the last day of the time period at the latest. It shall be filed in writing and along with all attachments also in duplicate.

(4) ...

(5) ...

(6) The opportunities to file a request for cancellation with the Cancellation Department remain unaffected.

#### Section 29b

(1) Upon expiration of the opposition period the owner of the mark shall be informed about all oppositions timely received and be invited to submit a written reply within a reasonable period of time which may be extended upon justified reasons. Within this period, the trademark holder has the possibility to request the opponent/s to furnish proof of use of the trademark/s the opposition/s is/are based on according to section 29b subsection 3. If the owner of a contested mark does not file a written statement within the time limit, the relevant legal department shall, in accordance with the request, without any further proceedings order the total or partial invalidity of the mark, even if the opposition is based on an application not registered yet at the date the decision is taken. The provisions for the cancellation procedures in section 35 subsection 5 shall apply mutatis mutandis unless otherwise indicated hereinafter.

(2) ...

(3) If opposition is based on a mark which, at the date of the registration of the mark opposed, has been registered more than 5 years ago, the opposition shall only be granted if, following a request by the owner of the mark opposed, satisfactory evidence is provided within a reasonable period of time that the conditions for cancellation of Section 33a (no genuine use) do not apply. If within the period of 2 months following the transmittal of the documents presented to furnish evidence of genuine use the owner of the mark files a request for cancellation based on Section 33a with the competent authorities directed at the mark of the opponent and, within a reasonable period of time, furnishes evidence about this fact the opposition procedure shall be adjourned and resumed ex officio or upon request after the decision in the cancellation procedure has become final.

(4) ...

(5) ...

(6) As far as a mark has been finally declared invalid, or, as far as, following ex officio legal examination (Section 20), protection of an international registration has been refused finally, or, as far as a mark has been cancelled based on a final decision concerning a request to the Cancellation Department with retroactive effect to the beginning of the period of protection, a pending opposition to the mark shall be deemed settled to the respective extent and the parties shall be informed about this fact. The opposition procedure shall be closed in the same manner if during the pendency of the opposition procedure the procedure to register the application, the opposition is based on, is closed without leading to registration, or, if the mark, opposition is based on, finally loses protection in Austria.

(7) Costs of the opposition procedure shall be borne by each party on its own.

#### Section 30 subsection 1

(1) The owner of an earlier mark being still valid may request the cancellation of a mark provided that either

1. the two marks and the goods and services the marks are registered for are identical,

or

2. the two marks and the goods and services the marks are registered for are identical or similar so that there exists a likelihood of confusion on the part of the public which includes the likelihood of association with the earlier mark.

#### Section 61 subsections 1 and 4

(1) Anyone acting as representative before the Patent Office or the Supreme Patent and Trademark Senate shall have his domicile or principal place of business in Austria; in regard to attorneys at law, patent attorneys and notaries public though the respective professional regulations shall apply. The representative shall demonstrate his authorisation by a written power of attorney which shall be presented in original version or by way of a duly certified copy. If several individuals are authorised collectively, each of them shall also be authorised to represent individually.

(4) A person having neither domicile nor principal place of business in Austria may claim rights under this Federal Act before the Patent Office only when being represented by a representative fulfilling the requirements of subsection 1.
