OFFICE ACTION

STRICT DEADLINE TO RESPOND TO THIS LETTER

INTERNATIONAL REGISTRATION NO. 1453355

STRICT DEADLINE TO RESPOND TO THIS NOTIFICATION: TO AVOID ABANDONMENT OF THE REQUEST FOR EXTENSION OF PROTECTION OF THE INTERNATIONAL REGISTRATION, THE USPTO MUST RECEIVE A COMPLETE RESPONSE TO PROVISIONAL FULL REFUSAL NOTIFICATION **WITHIN 6 MONTHS** OF THE "DATE ON WHICH THE NOTIFICATION WAS SENT TO WIPO (MAILING DATE)" LOCATED ON THE WIPO COVER LETTER ACCOMPANYING THIS NOTIFICATION.

In addition to the Mailing Date appearing on the WIPO cover letter, a holder (hereafter "applicant") may confirm this Mailing Date using the USPTO's Trademark Status and Document Retrieval (TSDR) system at <http://tsdr.uspto.gov/>. To do so, enter the U.S. application serial number for this application and then select "Documents." The Mailing Date used to calculate the response deadline for this provisional full refusal is the "Create/Mail Date" of the "1B-1st Refusal Note."

This is a **PROVISIONAL FULL REFUSAL** of the request for extension of protection of the mark in the above-referenced U.S. application. See 15 U.S.C. §1141h(c). See below in this notification (hereafter "Office action") for details regarding the provisional full refusal.

The referenced application has been reviewed by the assigned trademark examining attorney. Applicant must respond timely and completely to the issue(s) below. 15 U.S.C. §1062(b); 37 C.F.R. §2.62(a), 2.65(a); TMEP §§711, 718.03.

OFFICE SEARCH RESULTS

The trademark examining attorney has searched the USPTO's database of registered and pending marks and has found no similar registered marks that would bar registration under Trademark Act Section 2(d). TMEP §704.02; see 15 U.S.C. §1052(d). *However, a mark in a prior-filed pending application may present a bar to registration of applicant's mark.*

SUMMARY OF ISSUES

- Prior pending application – potential refusal under Section 2(d)
- Identification of goods must be clarified
- Translation statement must be amended
- Mark description must be amended

PRIOR PENDING APPLICATION – POTENTIAL REFUSAL UNDER SECTION 2(d)

The filing date of pending U.S. Application Serial No. 87293143 precedes applicant's filing date. See attached referenced application. If the mark in the referenced application registers, applicant's mark may be refused registration under Trademark Act Section 2(d) because of a likelihood of confusion between the two marks. See 15 U.S.C. §1052(d); 37 C.F.R. §2.83; TMEP §§1208 *et seq.* Therefore, upon receipt of applicant's response to this Office action, action on this application may be suspended pending final disposition of the earlier-filed referenced application.

In response to this Office action, applicant may present arguments in support of registration by addressing the issue of the potential conflict between applicant's mark and the mark in the referenced application. Applicant's election not to submit arguments at this time in no way limits applicant's right to address this issue later if a refusal under Section 2(d) issues.

Applicant should note the following requirement(s).

IDENTIFICATION OF GOODS MUST BE CLARIFIED

The identification of goods is indefinite and must be clarified. *See* 37 C.F.R. §2.32(a)(6); TMEP §1402.01. Specifically, applicant must further clarify the nature of the “intelligent toys” and “toys started by laser” as further indicated below. Applicant must clarify what type of toys the “controllers” are used in connection with.

The identification of goods also contains brackets. Generally, applicants should *not* use parentheses and brackets in identifications in their applications so as to avoid confusion with the USPTO’s practice of using parentheses and brackets in registrations to indicate goods and/or services that have been deleted from registrations or in an affidavit of incontestability to indicate goods and/or services not claimed. *See* TMEP §1402.12. Therefore, applicant must remove the brackets from the identification and incorporate any parenthetical or bracketed information into the description of the goods and/or services.

Applicant may adopt the following identification, if accurate:

International Class 28: Intelligent toys **in the nature of smart robot toys; electronic toy laser**; toy models; toy vehicles; controllers for **toy cars and toy planes**; scale model kits **being toys; toy cars; toy building blocks**; scale model vehicles; radio-controlled toy vehicles

Applicant’s goods and/or services may be clarified or limited, but may not be expanded beyond those originally itemized in the application or as acceptably narrowed. *See* 37 C.F.R. §2.71(a); TMEP §§1402.06, 1904.02(c)(iv). Applicant may clarify or limit the identification by inserting qualifying language or deleting items to result in a more specific identification; however, applicant may not substitute different goods and/or services or add goods and/or services not found or encompassed by those in the original application or as acceptably narrowed. *See* TMEP §1402.06(a)-(b). The scope of the goods and/or services sets the outer limit for any changes to the identification and is generally determined by the ordinary meaning of the wording in the identification. TMEP §§1402.06(b), 1402.07(a)-(b). Any acceptable changes to the goods and/or services will further limit scope, and once goods and/or services are deleted, they are not permitted to be reinserted. TMEP §1402.07(e). Additionally, for applications filed under Trademark Act Section 66(a), the scope of the identification for purposes of permissible amendments is limited by the international class assigned by the International Bureau of the World Intellectual Property Organization (International Bureau); and the classification of goods and/or services may not be changed from that assigned by the International Bureau. 37 C.F.R. §2.85(d); TMEP §§1401.03(d), 1904.02(b). Further, in a multiple-class Section 66(a) application, classes may not be added or goods and/or services transferred from one existing class to another. 37 C.F.R. §2.85(d); TMEP §1401.03(d).

For assistance with identifying and classifying goods and services in trademark applications, please see the USPTO’s online searchable [*U.S. Acceptable Identification of Goods and Services Manual*](#). *See* TMEP §1402.04.

TRANSLATION STATEMENT MUST BE AMENDED

Applicant has submitted a transliteration of the non-Latin foreign wording in the mark. However, to permit proper examination of the application, applicant must *also* submit an English translation of the foreign wording in the mark, see attached translation evidence. *See* 37 C.F.R. §§2.32(a)(9)-(a)(10), 2.61(b); TMEP §809.

Applicant should use the following format, if accurate:

The English translation of “LEPIN” is “happily put together”. The non-Latin characters in the mark transliterate to “le pin” and this means “happily put together” in English.

TMEP §809.03.

MARK DESCRIPTION MUST BE AMENDED

Applicant must submit an amended description of the mark because the current one is incomplete and does not describe all the significant aspects of the mark. 37 C.F.R. §2.37; *see* TMEP §§808.01, 808.02. Descriptions must be accurate and identify all the literal and design elements in the mark. *See* 37 C.F.R. §2.37; TMEP §§808 *et seq.*

The following description is suggested, if accurate: **The mark consists of Chinese characters in white that transliterate to “le pin” above the wording LEPIN in white, all of the foregoing outlined in black and further outlined in orange, and all on a red square background outlined in black.**
