IV. The grounds for this provisional refusal are the following:

No 000161984 SF (fig.);

The request for participation in the procedure must be received by the Board of Appeal no later than within two months from the date of the acceptance of the opposition for processing.

**The time limit expires 15/07/2019 (dd/mm/yyyy). The extension of the time limit is not possible.**

**Please note** that the matter will be examined by the Board of Appeal even if the holder of the registration does not request participation in the procedure at the Board of Appeal.

## **Extract from the Estonian Trademark Act**

### **§ 9. Absolute circumstances which preclude legal protection**

(1) Legal protection is not afforded to the following signs:

10) signs the application for the registration of which was filed in bad faith by the person applying for registration or the use of which has commenced in bad faith.

### **§ 10. Relative circumstances which preclude legal protection**

(1) Legal protection is not afforded to the following trade marks:

2) trade marks which are identical or similar to an earlier trade mark which has been afforded legal protection with regard to identical goods or services or goods or services of a similar kind designated by the trade mark, if there exists a likelihood of confusion on the part of the consumers, which includes association of the trade mark with the earlier trade mark;

3) trade marks which are identical or similar to an earlier registered trade mark, regardless of whether the earlier trade mark has been afforded legal protection for identical, similar types of or different types of goods or services, if the earlier Estonian trade mark has a reputation in Estonia or if the earlier EU trade mark has a reputation in the European Union and the use without due cause of the later trade mark would take unfair advantage of, or be detrimental to, the distinctive character or the repute of the earlier trade mark.

### **§ 11. Earlier trade mark and other earlier rights**

(1) "Earlier trade mark" means the following:

6) a Community trade mark registered on the basis of the Community trade mark Regulation if the date of filing of the application, priority date or the seniority date granted on the basis of Estonian registration is earlier.

### **§ 13. Representative for performing acts related to legal protection of trade marks**

(2) A person with no residence, seat or commercial or industrial enterprise operating in Estonia shall authorise a patent agent as the person's representative to perform acts related to trade marks in the Patent Office and the Industrial Property Board of Appeal, except the filing of an application.

### **§ 41. Adjudication of appeals and revocation applications**

(2) An interested person may contest an applicant's right to a trade mark at the Board of Appeal if any circumstances specified in subsection § 10 of this Act which preclude legal protection exist. The term for filing a revocation application is two months from the publication of the notice of the decision to register a trade mark.

(3) In case a revocation application is granted in whole or in part, the Board of Appeal shall annul the decision of the Patent Office and make a new decision on the registration of the trade mark.

### **§ 70. Processing of international registration**

(7) Decisions on international registrations made by the Patent Office and the rights of applicants can be contested pursuant to the provisions of this Act, taking account of the specifications arising from the Madrid Protocol and its Common Regulations. The Bureau shall be notified of a contestation and the decision made in the matter.

### **§ 72. Transitional provisions**

(13) If the decision to register a trade mark was made before 1 April 2019, an interested person may contest the applicant's right to the trade mark pursuant to subsection 41 (2) of this Act even if circumstances which preclude legal protection under subsection 9 (1) exist.
