

ESTONIAN PATENT OFFICE
TRADEMARK DEPARTMENT

THE PROTOCOL RELATING TO THE MADRID AGREEMENT
CONCERNING THE INTERNATIONAL REGISTRATION OF MARKS

STATEMENT OF GRANT OF PROTECTION
FOLLOWING A PROVISIONAL REFUSAL

notified to the International Bureau of the World Intellectual Property Organization (WIPO)
according to Article 5 of the Madrid Protocol

I. Name and address of the office sending the statement:

The Estonian Patent Office
Trademark Department
Toompuiestee 7
15041 Tallinn
ESTONIA
Telephone: + 372 715 1735

II. Number of the international registration which is the subject of the statement:

1404739

III. Other information concerning the international registration which is the subject of the statement:

Figurative mark / verbal elements of the mark: **ZAKKA**

IV. The mark is protected for the following goods and services:

class 6: *Sheet piles of metal; paint spraying booths of metal; cabanas of metal; street gutters of metal; pins [hardware]; horseshoe nails; scaffolding of metal; reinforcing materials of metal for machine belts; platforms, prefabricated, of metal; building panels of metal; manganese; pegs of metal; ingots of common metal; aluminium wire; chains of metal; bottles [metal containers] for compressed gas or liquid air; anchors; loading gauge rods, of metal, for railway waggons; doors of metal; anti-friction metal; chromium; manifolds of metal for pipelines; reinforcing materials of metal for pipes; floating docks of metal, for mooring boats; telegraph posts of metal; troughs of metal for mixing mortar; tension links; niobium; ducts of metal for ventilating and airconditioning installations; joists of metal; collars of metal for fastening pipes; wire of common metal; copper wire, not insulated; zinc; iron wire; foils of metal for wrapping and packaging; aluminium; germanium; beak-irons [bick-irons]; pipe muffs of metal; machine belt fasteners of metal; chrome iron; sills of metal; zirconium; stringers [parts of staircases] of metal; ropes of metal; bolts of metal; diving boards of metal; rods of metal for brazing and welding; ferrules of metal for walking sticks; soldering wire of metal; wheel clamps [boots]; bungs of metal; burial vaults of metal; fish plates [rails]; ores of metal; nozzles of metal; penstock pipes of metal; wrapping or binding bands of metal; shims; molybdenum; gutter pipes of metal; couplings of metal for chains; casement windows of metal; stables of metal; flanges of metal [collars]; reinforcing materials, of metal, for concrete; brazing alloys; crampons of metal [cramps]; white metal; greenhouses of metal, transportable; wire rope; fences of metal; bars for metal railings; steel pipes; tubing of metal; mobile boarding stairs of metal for passengers; roof coverings of metal; armor-plating; wire cloth; valves of metal, other than parts of machines; posts of metal; angle irons of metal; buildings, transportable, of metal; staircases of metal; indium; steel masts; lintels of metal; anchor plates; shuttering of metal for concrete; props of metal; steel buildings; hafnium [celtium]; ceilings of metal; silos of metal; eye bolts; ferrules of metal; iron ores; arbours [structures] of metal; loading pallets of metal; balls of steel; alloys of common metal; molybdenum iron; wainscotting of metal; bindings of metal; pulleys of metal, other than for machines; poles of metal; tacks [nails]; tungsten; tinplate; silver solder; bed casters of metal;*

buildings of metal; stair treads [steps] of metal; steel alloys; branching pipes of metal; pipework of metal; water-pipe valves of metal; masts of metal; linings of metal for building; nuts of metal; crampons [climbing irons]; safety cashboxes; wall plugs of metal; rings of metal; bicycle parking installations of metal; stops of metal; thread of metal for tying-up purposes; bronze; fittings of metal for building; grilles of metal; mooring bollards of metal; metals in powder form; nickel; containers of metal for storing acids; filings of metal; pigsties of metal; cast steel; grease nipples; windows of metal; steel wire; railway points; braces of metal for handling loads; beams of metal; spurs; rope thimbles of metal; latch bars of metal; lock bolts; washers of metal; wire stretchers [tension links]; crash barriers of metal for roads; magnesium; furniture casters of metal; frames of metal for building; binding thread of metal for agricultural purposes; anvils [portable]; titanium; cermets; springs [metal hardware]; pipes of metal; tungsten iron; guard rails of metal; wire of common metal alloys, except fuse wire; barrel hoops of metal; sleeves [metal hardware]; belt stretchers of metal; safety chains of metal; containers of metal for compressed gas or liquid air; rods of metal for welding; stretchers for metal bands [tension links]; cadmium; steel strip; jets of metal; traps for wild animals; chrome ores; door panels of metal; building materials of metal; tiles of metal for building; roofing tiles of metal; drain pipes of metal; closures of metal for containers; roofing of metal; steel sheets; sheaf binders of metal; vice claws of metal; road signs, non-luminous and non-mechanical, of metal; brackets of metal for building; framework of metal for building; hoppers of metal, non-mechanical; blooms [metallurgy]; copper rings; roof gutters of metal; barbed wire; floor tiles of metal; window frames of metal; laths of metal; tin; paving blocks of metal; roof flashing of metal; chicken-houses of metal; slings of metal for handling loads; screws of metal; reinforcing materials of metal for building; binding screws of metal for cables; gates of metal; railway material of metal; railroad ties of metal; sheets and plates of metal; limonite; lead seals; poles of metal for power lines; iron slabs; tile floorings of metal; anvils; drain traps [valves] of metal; materials of metal for funicular railway permanent ways; telephone booths of metal; casings of metal for oilwells; stretchers for iron bands [tension links]; elbows of metal for pipes; mooring buoys of metal; telfer cables; cattle chains; palings of metal; rails of metal; handling pallets of metal; floating containers of metal; cobalt, raw; rocket launching platforms of metal; nickel silver; pitons of metal; junctions of metal for pipes; runners of metal for sliding doors; vanadium; greenhouse frames of metal; pyrophoric metals; trellis of metal; refractory construction materials of metal; tent pegs of metal; titanium iron; chimney cowls of metal; silicon iron; silver-plated tin alloys; turntables [railways]; containers of metal for liquid fuel; nails; cotter pins of metal; beryllium [glucinium]; iron strip; flashing of metal for building; galena [ore]; ducts of metal, for central heating installations; floors of metal; rods of metal for brazing; bolts, flat; chimney shafts of metal; transport pallets of metal; manhole covers of metal; ferrules of metal for handles; gold solder; window casement bolts; German silver; water-pipes of metal; tantalum [metal]; brass, unwrought or semiwrought; clips of metal for pipes; paving slabs of metal; straps of metal for handling loads; swimming pools [structures] of metal; skating rinks [structures] of metal; wall claddings of metal for building; wall tiles of metal; common metals, unwrought or semi-wrought; door frames of metal; winding spools of metal, non-mechanical, for flexible hoses; cables of metal, non-electric; hooks of metal for roofing slates; cast iron, unwrought or semi-wrought; prefabricated houses [kits] of metal; lead, unwrought or semi-wrought; porches [structures] of metal; slabs of metal for building; steel, unwrought or semi-wrought; iron, unwrought or semi-wrought; fittings of metal for compressed air lines; reels of metal, non-mechanical, for flexible hoses; wall linings of metal for building; cable joints of metal, non-electric; copper, unwrought or semi-wrought.

Class 35: Shop window dressing; data search in computer files for others; production of advertising films; commercial intermediation services; advertising; professional business consultancy; updating of advertising material; negotiation and conclusion of commercial transactions for third parties; word processing; advertising agency services; invoicing; writing of publicity texts; book-keeping; computerized file management; compilation of information into computer databases; provision of commercial and business contact information; systemization of information into computer databases; rental of vending machines; cost price analysis; marketing research; organization of exhibitions for advertising purposes; public relations; rental of sales stands; arranging subscriptions to telecommunication services for others; advertising by mail order; payroll preparation; direct mail advertising; relocation services for businesses; business appraisals; business management of hotels; secretarial services; business management and organization consultancy; rental of photocopying machines; commercial or industrial management assistance; opinion polling; rental of advertising space; organization of trade fairs for advertising purposes; sponsorship search; document reproduction; business auditing; price comparison services; bill-posting; news clipping services; employment agency services; layout services for advertising purposes; business investigations; rental of advertising time on communication media; business efficiency expert services; compilation of statistics; telephone answering

for unavailable subscribers; business organization consultancy; personnel management consultancy; business information; economic forecasting; television advertising; on-line advertising on a computer network; organization of fashion shows for promotional purposes; advisory services for business management; business project management services for construction projects; business inquiries; tax preparation; business research; personnel recruitment; modelling for advertising or sales promotion; shorthand; publication of publicity texts; providing business information via a web site; psychological testing for the selection of personnel; commercial information and advice for consumers [consumer advice shop]; business management consultancy; office machines and equipment rental; updating and maintenance of data in computer databases; commercial administration of the licensing of the goods and services of others; dissemination of advertising matter; outsourcing services [business assistance]; typing; business management of performing artists; commercial information agency services; radio advertising; business management assistance; photocopying services; market studies; business management of sports people; arranging newspaper subscriptions for others; pay per click advertising; publicity material rental; drawing up of statements of accounts; transcription of communications [office functions]; business management for freelance service providers; web site traffic optimization.

V. Date on which the statement was pronounced: 19/09/2019 (dd/mm/yyyy).

VI. Signature of the Office:

Jana Redkin
Senior Examiner
