IV. The grounds of refusal: 1. Provisional refusal based on an <i>ex officio</i> examination: The mark consists of the word 'Natura' that is very similar to English words "nature" or "natural", which may serve, in trade, to designate the kind and quality of goods. Thus the mark is considered to devoid of any distinctive character in relation to the goods applied for, it merely gives an indication of the content and quality of the goods. 2) those which lack any distinctive character with respect to the goods or services applied for;

6) those which are contrary to public order or to socially accepted principles of morality;

7) those which may deceive consumers regarding the nature, quality or geographical origin, or the like, of the goods or services;

Section 7. Earlier Trade Marks as Grounds for Invalidation of Trade Mark Registration

- (1) A trade mark registration may be declared invalid in accordance with the provisions of this Law in the following cases:
- 1) it is identical to an earlier trade mark, and the goods or services in respect of which the trade mark was registered are identical to the goods or services in respect of which the earlier trade mark was registered;
 - 2) in connection with its identity or similarity to, an earlier trade mark belonging to another person and the identity or similarity of the respective goods or services, there exists a likelihood of confusion of the trade marks or a likelihood of association between the trade marks on behalf of the relevant consumers.
- (2) Earlier trade marks within the meaning of Paragraph one of this Section are: 2 / 4
- 1) trade marks valid in Latvia, which have been registered under national or international registration procedures, or as European Community trade marks (hereinafter Community trade mark) in accordance with Council Regulation (EC) No 207/2009 of 26 February 2009 on the Community trade mark (codified version) (Text with EEA relevance) (hereinafter Council Regulation No 207/2009) if the date of application for registration thereof is earlier than the date of application for registration of the contested trade mark, also taking into account the priority accorded to those trade marks;
 - 2) applications for the registration of trade marks referred to in the previous Clause, provided that they are registered. [21 October 2004; 14 October 2010]
- Section 39.1 Activities of the Patent Office in Connection with the Registration Procedure of the Community Trade Mark
- (1) The functions of the central industrial property office of a European Union Member State, prescribed by Council Regulation No 207/2009, shall be executed in Latvia by the Patent Office. Registration of the Community trade mark may be applied for through the intermediary of the Patent Office.
 - (2) The Patent Office shall perform the verification of the authenticity of the decision of the Office for Harmonisation in the Internal Market (trade marks and designs) provided for in Article 86(2) of Council Regulation No 207/2009 for the enforcement thereof in Latvia. [14 October 2010]
- (2) Section 39.2 Legal Effect of the Community Trade Mark Registration in Latvia
- (1) Exclusive rights to a trade mark in Latvia shall also be ensured by the Community trade mark registration. The scope of protection of the Community trade mark shall be determined by Council Regulation No 207/2009.
 - (2) If seniority (special type of priority) is granted to a Community trade mark in accordance with Article 34 or 35 of Council Regulation No 207/2009, based on the respective earlier trade mark, registered in Latvia or registered internationally and extended to Latvia, then the filing date and priority date of the trade mark registered in Latvia or the priority of the respective trade mark registered internationally (Section 39, Paragraph three) shall be applied to such Community trade mark, determining the priority thereof in Latvia. The seniority granted to the Community trade mark shall be retained if the registration of the respective trade mark of Latvia or the international registration of the trade mark, which is extended to Latvia is cancelled on the initiative of the owner of the trade mark (surrender of registration) or in connection with the expiry of the term of validity thereof (exclusion from the Register).
 - (3) Registration of a trade mark which has been the basis for the seniority of the Community trade mark, may be invalidated or revoked even following the expiry of the term of validity of this registration or if the registration is cancelled on the initiative of the owner of the trade mark, on condition that the respective grounds for invalidation of the registration of the trade mark or the revocation were present during the validity of the registration. - (1) An opposition to the registration of a trade mark (Section 18) and the claim for invalidation of the registration of a trade mark (Section 31) apart from the earlier rights provided for in Sections 7, 8 and 9 of this Law may also be justified with an earlier identical or similar Community trade mark, which has a good reputation in the European Community and which is registered for goods or services which are not similar to those goods and services, which have a trade mark registered later (contested), but on condition that the use of the later trade mark without due cause takes unfair advantage of, or is detrimental to the distinctive character or the reputation of the Community trade mark or that such use of the later trade mark may be seen by consumers as a sign of connection between these goods and services and the owner of the referred to Community trade mark and such use may be detrimental to the

interests of the owner of the Community trade mark. Such opposition and such claim may be submitted by the owner of the Community trade mark (or his or her successor in title) or his or her representative.

(2) In case of the illegal use of the Community Trade mark, the provisions of Sections 27 and 28 of this Law, the Civil Procedure Law and the provisions of other laws and regulations shall be applicable, unless otherwise laid down in Council Regulation No 207/2009.

(3) If, based on the rights arising from the registration of the Community trade mark, the registration of a later trade mark is contested, which is performed observing the procedures for registering trade marks laid down in this Law, or in accordance with the rules on the international registration and is extended to Latvia, or if the use of such later trade mark is contested, the provisions of Section 29 of this Law regarding the restrictions of rights as a result of acquiescence shall be observed. [14 October 2010]

(4) Section 39.4 Additional Provisions for the Use of the Community Trade Mark

(2) According to the provisions of Article 165 5) and Article 110(1) of Council Regulation No 207/2009, the owner of the earlier rights obtained in good faith in Latvia may prohibit the use of the Community trade mark which has been registered or submitted for registration prior to 1 May 2004. (3) If the Community trade mark is involved in a process of the legal protection of a commercial company or the process of insolvency in Latvia, in accordance with the provisions of Article 21 of Council Regulation No 207/2009, the necessary entries to be made by the Office for Harmonisation in the Internal Market (trade marks and designs) in the Community Trade Mark Register or, if the Community trade mark has not yet been registered, in the application materials, may be requested on the basis of a court decision.
