VI. Grounds and motives for refusal:**Absolute grounds of refusal in accordance with Article 7(1)**

A mark shall be refused registration or the registration of a trade mark shall be declared invalid if:

2) the mark is devoid of any distinctive character;

3) the mark consists exclusively of signs or indications which may serve, in trade, to designate the kind, quality, quantity, intended purpose, value, geographical origin or the time of production of the goods or of rendering of the service or other characteristics of the goods or services, except as specified in paragraph 2 of Article 30 and paragraph 2 of Article 31 of this Law;

Motives:

The sign "LED LIGHT DESIGN" is descriptive and devoid of any distinctive character. It merely indicates the kind, feature and intended purpose of the goods applied for, namely that the goods are LED light designs or contain LED light design, or they are the parts of LED light design. Given that the sign has a clear descriptive meaning, it is also devoid of any distinctive character.
