

MADRID PROTOCOL**Final Disposition on Status of a Mark – Statement of Partial Grant of Protection
Following a Provisional Refusal (Rule 18ter(2) of the Common Regulations)**

DT-II.IR1421782.4.agry

I. Office sending the statement:	
Patent Office of the Republic of Poland Trade mark Department Al. Niepodległości 188/192 P.O. Box 203 00-950 Warsaw, Poland	Phone number: (+48) 22 579 05 55 Fax: (+48) 22 579 00 01
II. Number of the international registration: 1421782	
III. Name of the holder: Russian Export Center Joint Stock Company Krasnopresnenskaya nab., 12, RU-123610 Moscow, RU	
IV. Partial protection is granted to the following goods and/or services (Rule 18ter(2)(ii)): - following goods included in class 6: „Common metals and their alloys; building materials of metal; transportable buildings of metal; railway material of metal; non-electric cables and wires of common metal; ironmongery, small items of metal hardware; pipes and tubes of metal; safes [strong boxes]; ores; pipework of metal; pipes and components of metal for pipeworks and pipes; masts, stands, posts of metal; collars of metal for fastening ropes, cables and pipes; turnstiles of metal; reinforcing materials, of metal, for concrete; reinforcing materials of metal for machine belts; reinforcing materials of metal for pipes; reinforcing materials of metal for building; fittings of metal for compressed air lines; fittings of metal for building; winding spools of metal, non-mechanical, for flexible hoses; brazing alloys; water-pipe valves of metal; drain traps [valves] of metal; metallic molds for metal casting; metal casting forms for concrete; molds of metal for casting ceramic materials; containers of metal, tanks of metal, containers of metal for liquid fuel, containers of metal for compressed gas or liquid air; troughs of metal for mixing mortar; packaging containers of metal; containers of metal for storing acids; casks of metal; wire rope; cables of metal, non-electric; telpher cables; ropes of metal; works of art of common metal; busts of common metal; memorial plates of metal; monuments of metal; statues of common metal; framework of metal for building; frames of metal for building; diving boards of metal; silos of metal; chicken-houses of metal; bird baths [structures] of metal; traps and cages of metal for wild animals; fittings of metal for furniture, windows and doors; window frames of metal; door frames of metal; fittings of metal for doors and windows; doors of metal; staircases of metal; ladders of metal; trellis of metal; floors of metal; outdoor blinds of metal; gates of metal; window and door closers and openers, non-electric; firebricks [andirons]; bathtub grab bars of metal; grilles of metal; foils of metal for wrapping and packaging; cashboxes of metal; keys; split rings of common metal for keys; letter boxes of metal; chests of metal; bins of metal; tool boxes of metal, empty; ice moulds of metal; hoppers of metal, non-mechanical; clothes hooks of metal; pitons of metal; letters and numerals of common metal, except type; handcuffs; road signs, non-luminous and non-mechanical, of metal; registration plates of metal; signs, non-luminous and non-mechanical, of metal; sealing caps of metal for bottles, bottle caps of metal; pegs of metal”;	

- following goods included in class 7: „Machine tools; motors and engines [except for land vehicles]; machine coupling and transmission components [except for land vehicles]; agricultural implements, other than hand-operated; incubators for eggs; generators of electricity; parts of machines and machine tools; industrial robots [machines]; hydroelectric installations for generating electricity [hydroelectric power plants]; wind-powered installations for generating electricity [wind farms]; internal combustion engines for power generation, other than for land vehicles; machines, installations and equipment for extraction and processing of oil and gas; drilling machines; machines for polymer materials processing; machines for manufacture of tires; pneumatic tube conveyors; condensing installations; machines and apparatus for mining and ore treating; coal-cutting machines; electromechanical machines for chemical industry; welding machines, electric; pumps [machines] and parts of pumps; jacks [machines]; tools [parts of machines]; hand-held tools, other than hand-operated; control mechanisms for machines, engines or motors; regulators [parts of machines]; woodworking machines; drainage machines; machines for the manufacture of rubber; machines for processing metals; milling cutters [machines]; filtering machines; molding machines; dust removing installations for cleaning purposes; sizing machines; heat exchangers [parts of machines]; machines for the textile industry; paper machines; vibrators [machines] for industrial use; blowing machines; cutting machines; bending machines; mineworking machines; crushing machines; earth moving machines; washing machines; leather-working machines, glass-working machines; hydraulic turbines, turbines, other than for land vehicles; turbocompressors; reels [parts of machines]; hammer drills; pneumatic hammers; guns [tools using explosives]; loading ramps; elevating equipment; construction machines; winches; excavators; bulldozers; cranes (handling apparatus for loading and unloading); lifting apparatus; conveyors [machines]; belt conveyors; hoppers [mechanical discharging]; truck lifts; cleaning machines for ponds, industrial machines for cleaning sand; asphalt paving machines; ironing machines; net hauling machines [fishing]; sealing machines for industrial purposes; embossing machines; engraving machines; knife sharpening machines; dyeing machines; bottle washing machines; dishwashers; paper coating machines; glass-working machines; semi-conductor wafer processing machines; dairy machines; leather-working machines; cereal processing machines; machines for making cigarettes; waste sorting machines; cleaning machines for aviation engines; stamping machines; bookbinding apparatus and machines for industrial purposes; rinsing machines; flour mill machines; clippers [machines]; kneading machines; typographic machines; coal loaders; bottling machines; packing machines; electrolysis apparatus for electroplating; welding apparatus, gas-operated; electric welding apparatus; laser welding devices; electric arc cutting apparatus; electroplating apparatus; vulcanisation apparatus; high pressure washers; acetylene cleaning apparatus; apparatus for aerating beverages; machines for the production of mineral water; electrical apparatus for sealing plastics [packaging]; hydraulic machines and apparatus; pneumatic machines and apparatus; inking apparatus for printing machines; reels, mechanical, for flexible hoses; power ice augers used in ice fishing; valves [parts of machines]; fans for machine engines; mechanized horse walkers; water heaters [parts of machines]; bellows [parts of machines]; hand-held milk frothers [whisks], electric; agitators for circulating liquid media; agitators for chemical processing; mufflers for motors and engines; welding torches, electric; sieves [machines or parts of machines]; mud catchers and collectors [machines]; de-aerators for feedwater; disintegrators; moving pavements [sidewalks]; centrifugal grinding machines; shredders [machines] for industrial use; water separators; spray guns for paint; soldering lamps; lawn edgers, electric; mills [machines]; windmills; hydraulic door openers and closers [parts of machines]; elevator operating apparatus; gears for passenger elevators; transmission belts, other than for land vehicles; mechanical parking systems [machines]; robotic arms for industrial purposes; suction machines for industrial purposes; washing installations for

vehicles; mechanized feeders for animals; agricultural elevators; hair clipping machines for animals; 3D printers; vending machines; reverse vending machines for recycling empty bottles and cans; reverse vending machines for recycling empty beverage containers; kitchen machines, electric; machines and apparatus for cleaning, electric; washing and sewing machines; window and door openers and closers, electric, hydraulic, pneumatic; curtain drawing devices, electrically operated; lawnmowers [machines]; snow ploughs; lawnmowers, electric and mechanical; vacuum cleaner bags; steam cleaning machines; gasoline pumps for service stations; fuel economisers for motors and engines; soldering apparatus, electric; self-regulating fuel pumps; gasifiers.”;

- following goods included in class 14: „jewellery; precious stones; semi-precious stones; paste jewelry [costume jewelry]; horological and chronometric instruments; watch bands and watch chains, watch cases and boxes for timepieces; boxes of precious metal; coins; medals; badges of precious metal; amulets, charms [jewellery]; works of art of precious metal; clothing, shoe and hat ornaments of precious metal; jewelry boxes”;
- following goods included in class 16: „printed matter and publications; books; manuals, instruction sheets and printed guides; folders for papers; calendars; note books, memorandum books; bookbinding material; photographs [printed]; photograph stands; stationery; adhesives [glues] for stationery or household purposes; artists' materials; paintbrushes; typewriters and office requisites [except furniture]; instructional and teaching material [except apparatus]; plastic materials for packaging; plastic bubble packs for wrapping or packaging; bags [envelopes, pouches] of paper or plastics, for packaging; garbage bags of paper or of plastics; bibs of paper; bottle envelopes of paper and cardboard; bottle wrappers of paper and cardboard; writing cases [stationery]; writing materials; school supplies [stationery]; drawing materials; printing type; printing blocks; paintings [pictures], framed or unframed; prints [engravings]; etchings; bookmarkers; bookends; geographical maps; paper shredders for office use; teaching materials [except apparatus]; modelling materials; paint boxes [articles for use in school]; flags of paper, bunting of paper, table linen of paper, hand towels of paper, handkerchiefs of paper; face towels of paper; tablemats of paper; labels, bunting, flags, not of textile; transfers [decalcomanias]; stickers of paper [stationery]; postage stamps; envelopes [stationery]; greeting cards; adhesive tape dispensers [office requisites]; signboards, placards of paper or cardboard”;
- following goods included in class 17: „plastics in extruded form for use in manufacture; packing, stopping and insulating materials; flexible pipes, not of metal; plastic fibers [fibres], not for textile use; carbon fibers [fibres], other than for textile use; vulcanized fiber [fibre]; valves of india-rubber or vulcanized fiber [fibre]; latex [rubber]; insulating oils; padding materials of rubber or plastics; elastic threads, not for textile use; plastic substances, semi-processed; plastic film, other than for wrapping; protective plastic covers for agricultural purposes; synthetic resins [semi-finished products]; hose fittings, not of metal; flexible hoses, not of metal.”;
- following goods included in class 18: „animal skins; trunks and travelling bags; umbrellas and parasols; walking sticks; whips, harness and saddlery; bags; slings for carrying infants; pocket wallets; business card cases; cases of leather or leatherboard; credit card cases [wallets]; boxes of leather or leatherboard; vanity cases, not fitted; boxes of vulcanised fibre; collars, clothing for animals; trimmings of leather for furniture; leather straps; haversacks; briefcases; rucksacks; travelling bags; music cases; garment bags for travel; travelling sets [leatherware]; fur; key cases; umbrella covers”;
- following goods included in class 20: „Furniture; mirrors [looking glasses]; picture frames; bedding, except linen, namely, mattresses, pillows, including air, not for medical purposes; bolsters; letter boxes, not of metal or masonry; works of art made of coral, straw, birchbark, rods, bamboo, animal claws and hooves; wickerwork; fans for personal use, non-electric; window, door fittings, not of metal; furniture fittings,

not of metal; lockers; bamboo curtains; paper blinds; slatted indoor blinds; woven timber blinds [furniture]; indoor window blinds [shades] [furniture]; interior textile window blinds; curtain holders, not of textile material; curtain rods; kennels for household pets; beds for household pets; mats for infant playpens; playpens for babies; infant walkers; corks for bottles, bottle closures, not of metal; keyboards for hanging keys; split rings, not of metal, for keys; placards, display boards, signboards of wood or plastics; busts of wood, wax, plaster or plastic; hand-held flagpoles, not of metal; mannequins; decorations of plastic for foodstuffs; bathtub grab bars, not of metal; non-metal: crates, containers for storage and transport, chests, packaging containers, storage drums, baskets; chests, not of metal; work benches; vice benches [furniture].";

- following services included in class 37: „Construction; building construction supervision; mining extraction; drilling of wells; quarrying services; drilling and mining services; installation, maintenance and repair of machinery and apparatus; vehicle service stations [refuelling and maintenance]; rustproofing; artificial snow-making services; residential and industrial premises repair services; office machines and equipment maintenance; asphaltting; damp-proofing [building]; disinfecting, rat exterminating, riveting; varnishing; road paving; demolition of buildings; street cleaning; swimming-pool maintenance and repair; furniture maintenance and repair; upholstering; installation, maintenance and repair of equipment for warehouse and industrial premises; cleaning of buildings [exterior surface]; installation, maintenance and repair of electrical wiring, plumbing, sanitary, heating and gas systems in residential and industrial premises; installation and repair of air-conditioning apparatus, heating equipment, elevators, fire alarm, warning alarm, generated in case of robbery, telephones, kitchen appliances; window cleaning; clock and watch repair; repair of power lines; rental of construction machines, oil-production and oil-refining equipment, gas-production and gas-processing equipment; rental of road sweeping machines; rental of cleaning machines; linen ironing; laundering; cleaning of clothing; restoration of furniture, musical instruments, works of art; repair information, construction information; construction consultancy.”;
- following services included in class 40: „processing of oil; generating of electricity; custom assembling of materials for others; metal treating; textile treating; woodworking; wool treating; water treating; leather working; metal tempering; metal casting; fur conditioning; abrasion; freezing of foods; fruit crushing; food and drink preservation; food smoking; gilding; electroplating; air purification; printing; printing works services; film processing and photofinishing; photogravure; lithographic printing; pattern printing; photographic printing; offset printing; key cutting; dyeing services; sandblasting services; production of energy; services of a dental technician; cryopreservation services; metal plating; burnishing by abrasion; destruction of waste and trash; sorting of waste; sawing [saw mill]; refining services; timber felling and processing; pottery firing; bookbinding; welding services; glass-blowing; blacksmithing; custom tailoring; rental of boilers; knitting machine rental; rental of generators; rental of air-conditioning apparatus; rental of space heating apparatus; material treatment information”;
- all goods and services included in classes: 01, 02, 03, 04, 05, 08, 09, 10, 11, 12, 13, 15, 19, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 38, 39, 41, 42, 43, 44 and 45.
