**Madrid Protocol Final Disposition on Status of a Mark
Completion of *Ex Officio* Examination
Interim Status of a Mark
Rule 18*bis* of the Common Regulations**

The international registration has been accepted for protection in Australia for the following goods and/or services:

Class: 1

Chemicals for use in industry, science and photography, as well as in agriculture, horticulture and forestry; unprocessed artificial resins, unprocessed plastics; fire extinguishing and fire prevention compositions; tempering and soldering preparations; substances for tanning animal skins and hides; adhesives used in industry; putties and other paste fillers; compost, manures, fertilizers; biological preparations for use in industry and science; sensitized films, unexposed; synthetic resins; thermoplastic and thermosetting synthetic resins and organic compounds for molding, for general use in the industrial arts; chemical intermediates; organosilicon compounds, namely polysiloxanes and silanes in the form of resins, pastes, fluids, elastomers, vulcanization and acceleration products; anti-foaming agents; catalysts for paints; chemicals for development and setting of x-ray films and other chemicals in connection with the development of said films; phosphorescent substances; chemical substances used as nuclear fission materials; fuel for nuclear reactors; synthetic quartz; adhesive substances for industrial purposes; polycrystalline alumina ceramic for general use in the industrial arts; brazing and soldering fluxes and products; thermoplastic and thermosetting adhesives; chemicals, biochemicals and reagents for use in industry, science and research; chemical preparations for cell separation and culture; chemical products for cell culture and separation, chemical products for purification of nucleic acid, nucleotides, fluorescent nucleotides, oligonucleotides, peptides, proteins, amino acids, organic molecules and markers for DNA/RNA synthesis; reagents for luminescence; reagents for gene expression quantification; reagents for polymerase chain reaction processes; reagents for rolling circle amplification processes; reagents for DNA cloning and vectors, enzymes for modification and restriction; reagents for labeling, sequencing and fragment analysis of nucleic acids and proteins and

customized synthesis; reagents for recombinant protein expression and purification; chromatography media; reagents for electrophoresis, biocomputing, spectrophotometry and fluorometry; radiochemical products for scientific research; reagents for scintillation proximity assay; reagents for high-resolution laser microscopy, fluoroscopic microscopy and confocal microscopy; specialized chemicals for use in industry, science and research; gases and gas mixtures for use in industry, research and science; chemical products and substances for the manufacture of pharmaceutical products, diagnostic products and substances; chemical testing reagents, saline solutions and paper coated with reagents, all for scientific use and for use in laboratories; fissile chemicals for scientific research; radioactive elements and isotopes for use in industry, science and research; radioactive norms and sources for radiographic technology; radioactive sources for non-destructive sterilization, purification and testing technology; radionuclides for scientific research; chemical compounds and chemicals for use in the treatment of water supply systems; chemical compounds and chemicals for use in the treatment of wastewater treatment systems; chemical compounds and chemicals for use in the treatment of cooling water circuits; chemical compounds and chemicals for use in the treatment of boiler water and steam generating systems; chemical compounds and chemicals for use in the treatment of boiler condensate systems; chemical compounds and chemicals for use in the treatment of liquid separation systems; chemical compounds and chemicals for use in the treatment of systems for water purification and dehydration in aqueous systems; chemical compounds and chemicals for use in the treatment of conditioning systems; chemical compounds and chemicals for use in the treatment of gas purification systems; chemical compounds and chemicals for use in the treatment of industrial process systems; chemical compounds and chemicals for use in the treatment of fuel treatment systems; chemical compounds and chemicals for use in the treatment of hydrocarbon and gas treatment systems; chemical compounds and chemicals for use in the treatment of petrochemical systems and oil and gas treatment systems; chemical compounds and chemicals for use in the treatment of paper and pulp making systems; chemical compounds and chemicals for use in the treatment of plastic and metal coating systems; chemical compounds and chemicals for use in the treatment of metal processing systems; chemicals, namely chemical additives for gasoline, additives for heating oil and additives for improving the efficiency of turbine engine fuel; chemically-treated bagged water-absorbing granular materials for placement into fuel tanks; testing kits comprising reagents for determining the presence of algae and active organic organisms in diesel fuel; bacterial cultures and nutrients for sludge and wastewater treatment; polymeric chemicals for dispersing particles in steam generating equipment; chemicals and chemical compounds used as anti-fouling and demulsifying agents in operations for producing coke and by-products of steel industries; chemicals, catalysts, plastic semi-processed goods used as materials, filtering materials for removing acid gases, unprocessed plastics, crystal whiskers and zinc oxide; radiopharmaceuticals for scientific use and for research; polymeric membrane materials for liquid separation.

Class: 2

Paints, varnishes, lacquers; preservatives against rust and against deterioration of wood; colorants, dyes; inks for printing, marking and engraving; raw natural resins; metals in foil and powder form for use in painting, decorating, printing and art; corrosion inhibitors in the form of a coating for use in the metal finishing industry, namely an acid aqueous product for final rinsing; corrosion inhibitors in the form of a coating for cooling water circuits; corrosion inhibitors in the form of a coating, namely resinous coatings for metal and masonry surfaces; coating materials, etching fluids; toner cartridges for printers; ink cartridges for printers; toners; toners for copiers; toners for facsimile machines.

Class: 3

Non-medicated cosmetics and toiletry preparations; non-medicated dentifrices; perfumery, essential oils; bleaching preparations and other substances for

laundry use; cleaning, polishing, scouring and abrasive preparations; cleaning preparations containing chemicals and chemical compounds for cleaning steel, aluminium, galvanized and mixed metal surfaces for general industrial use in the manufacture of metal products; cleaning agents containing chemicals and chemical compounds for industrial use for removing contaminants in industrial process systems; paint stripping preparations containing chemicals and chemical compounds for removing paint from equipment surfaces in spray-painting booth operations.

Class: 4

Industrial oils and greases, wax; lubricants; dust absorbing, wetting and binding compositions; fuels and illuminants; candles and wicks for lighting; ski waxes.

Class: 5

Pharmaceuticals, medical and veterinary preparations; sanitary preparations for medical purposes; dietetic food and substances adapted for medical or veterinary use, food for babies; dietary supplements for humans and animals; plasters, materials for dressings; material for stopping teeth, dental wax; disinfectants; preparations for destroying vermins; fungicides, herbicides; pharmaceutical preparations for diagnosis; veterinary pharmaceutical preparations for diagnosis; pharmaceutical and veterinary substances for medical use; diagnostic reagents and preparations for medical use; diagnostic substances for medical use; contrasting substances for medical imaging; scanning diagnostic reagents for use in vivo; diagnostic imaging agents for magnetic resonance imaging (MRI); radiopharmaceuticals for clinical and medical use; radiopharmaceutical norms and sources for nuclear medicine; radioactive pharmaceutical preparations and non-radioactive reagents for producing radiopharmaceuticals for in-vivo diagnosis or for therapeutic use; gases and mixtures for medical imaging; pre-filled vials containing reagents for medical diagnosis; pre-filled cartridges containing chemical solutions for medical use; pre-filled cylinders containing gases and gas mixtures for medical use; disposable paper or cellulose diaper-pants, diapers and napkins.

Class: 6

Common metals and their alloys, ores; metal materials for building and construction; transportable buildings of metal; non-electric cables and wires of common metal; small items of metal hardware; metal containers for storage or transport; safes; metal locks; metal security casings, namely key cabinets, security key storage tubes and boxes; sealed post boxes of metal for industrial, residential, real estate and vehicle sales; metal key cabinets for locking, tracking and storing keys; metal safes for keys; metals and alloys in unworked, liquid, sintered, pressed, machined, sheet, wire, pellet, rod, band and cast form; chains for keys; trolley wires for wiring, doors of metal, barriers of metal, electric garage doors, acid-resistant high-polymer coatings, sheet steel, steel panels for office floors, welding wires; soundproofed sheets and plates of metal.

Class: 7

Machines, machine tools, power-operated tools; motors and engines, except for land vehicles; machine coupling and transmission components, except for land vehicles; agricultural implements, other than hand-operated hand tools; incubators for eggs; automatic distribution machines; apparatus, equipment and instruments for electricity production, namely electrical and wind energy generators generating electricity; turbines; turbines for energy production; wind turbines for energy production; wind turbines linked to wind farms, turbine-powered production installations, namely installations for electricity production; power-generating engines; parts and components of all the aforesaid goods; solar powered energy electricity generators; machines and machines systems, including parts and accessories for electricity production, transformation and conversion; dynamos, electric motors of all kinds, steam and gas turbines and their parts, electrical generators and their parts, aircraft engines, compressors; laundry washing machines, dishwashers, waste grinders and compacters; pumps, namely centrifugal pumps, diaphragm pumps, bellows pumps, pumps and transfer pumps; liquid control devices, namely valves, regulators, actuators, ejectors, liquid separation cartridges and their parts, including semi-permeable membranes; filtering cartridges for industrial machines for filtering of coating

solutions for the manufacturing of magnetic tapes; filtering cartridges for industrial machines for filtering of petrochemicals; filtering cartridges for industrial machines for filtering of drinking water; filtering cartridges for industrial machines for filtering of beer; filtering cartridges for industrial machines for filtering of chemical products; machines for supplying and applying chemicals for industrial use; axial-flow and centrifugal compressors; reciprocating compressors; screw and sliding-vane compressors; rotary, vacuum, electric, submerged and centrifugal pumps; turbo-expanders, namely, air and electric compressors; compressed natural gas (CNG) refueling machines for land vehicles and industrial equipment and accessories and parts of all the aforesaid goods, namely pumps, valves, fuel filters, filter housings, distributor rotors, blades, bearings and mechanical joints; steam condensers; boat engines; turbo-compressors for engines; fuel injectors; welding machines; industrial robots; machines for insertion of electronic components; dry etching machines; electric micro-discharge machines; optical disc production systems; precision connection equipment; treatment machines for printed wiring panels; welding rods; machines for assembling parts; brazing machines; machines for fixing screws; electrical tools; electric motors, electric generators; elevators (lifts); washing and drying machines, electric washing machines, electric dishwashers; compressors (non-surgical); pumps, electric pumps; mixing, cutting and chopping machines; blender machines; electric centrifuges; electric food processors; electric meat grinders; electric can openers; electric knife sharpeners; electric coffee grinders; electric ice crushers; electric waste-processing machines; garden tools, electric lawnmowers, garden vaporizers for disinfectants and insecticides; electric apparatus for cleaning, electric vacuum cleaners, electric floor polishers; electric window cleaners; hand-held electric tools and implements; welding machines, metal cutting machines by arc, gas or plasma; blenders, centrifuges, hand-held mixers, food processors; electric door-opening devices; carbon electrodes for welding; electric arc-welding apparatus; welding electrodes; electric wrenches (tools); fuel pumps for service stations for aircraft engine refueling; calibrated fuel pumps; belts for conveyors; transmission belts not for land vehicles; belt conveyors, brakes for machines; hydraulic hoses, not of metal, for use in machines; non-metallic hoses for transferring hydraulic power in machines; non-metallic hoses for use in hydraulic systems of machines; hydraulic quick release couplings for high pressure hoses used in machines; plastic pipes (fitted parts of machines); hydraulic connectors (pipes) being parts of machines; tire repairing machinery; pressure chambers as parts of tire repairing machinery; tire buffers as parts of tire repairing machinery; tire tread rollers and stitchers, as parts of tire repairing machinery; tire tread cutters and bonding agent applicators used in recapping tires as parts of tire repairing machinery; pneumatic shock absorbers (air springs, for machine elements not for land vehicles); rubber springs for non-vehicular suspension systems; rubber treads for tracked excavators; rubber treads for tracked cranes; rubber treads for tracked snow removers; rubber treads for tracked pavers; rubber treads for tracked mining machinery.

Class: 9

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; mechanisms for coin-operated apparatus; cash registers, calculating devices; computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire-extinguishing apparatus; protective helmets for sports; glasses, sunglasses, sports goggles; computer game software; fuel distribution equipment, namely electric fuel-level

gauges, control valves for regulating gas flow and fuel lines; operating software for calibrated fuel pumps for refueling of land vehicles, marine vehicles and aircraft; operating software for flow control panels for refueling of land vehicles, marine vehicles and aircraft; operating software for fuel lines and pump nozzles for refueling of land vehicles, marine vehicles and aircraft; gas meters; on-board and roadside signaling and communication systems, train inspection systems, crossing notification systems, apparatus for electric control of switching; GPS tracking and monitoring systems for the transit and railway industries; capacitors; circuit breakers; circuit-breaker patch boards; circuit closers; contact breakers; commutators; contactors; current rectifiers; current limiters; electric contacts; electric collectors; electric conductors; electric connectors; electric controllers; electric inductors; electric power supply systems; distribution boards [electricity]; branch boxes [electricity]; electrical distribution consoles; electrical switchboards and switchboxes; software for troubleshooting and maintenance of programmable controllers; software for cardiac vessel analysis, including heart vessel analysis, also with calculation functions with regard to blood vessels; software for medical patient-monitoring equipment; software for receiving, processing, transmitting and displaying data; software for developing customized programs for asset allocation; software for use on line enabling vendors of office equipment to place orders, to manage portfolios and communicate with the company; software for accessing mortgage and insurance information; software for collecting data concerning vital signs; software for analyzing electrical systems and electronic instruction manuals sold as a unit therewith; software for employees of financial institutions used for assessing customers' financial investments and processing the sale of the identified investments; software for obtaining information on the risk of flooding with regard to real property; software for developing graphic user interfaces and displaying data; software for calculating mortgage payments; software for controlling and managing vehicle fleet maintenance services; software for using and accessing commercial computer services; software used by clients to obtain information regarding lease portfolios; software for a radiology information system for radiologists and radiology departments; software for managing databases containing information on employees and patients for archiving purposes and patient monitoring; software installed on and used with PCs and medical monitoring equipment for graphic user interfaces; software for sending encrypted and compressed data to radio-paging (transport) systems; software for providing access to web sites so that buyers and sellers can carry out business transactions by electronic means; software for subterranean navigation, namely navigation of the assembly of a depth probe for oil drilling and drilling assemblies so as to route subterranean installations; electronic, nuclear, industrial and laboratory, testing, measuring, calculating and monitoring instruments and apparatus; electrical products, electricity production and distribution products and voltage surge protection products, namely lightning conductors, armored rods; switches for lighting; input/output controls and devices; fuses; controls for lighting; switch boxes; LEDs, namely light-emitting diodes; voltage regulators for electric power; voltage surge protectors; voltage surge limiters; voltmeters; electrical circuit boards; relays and timers; solenoids and limit switches; manual full-voltage starters; reduced-voltage starters; electric switches and disconnecting switches; splitters for circuit boards and pumping panels; circuit breakers and disconnecting switches; transformers; electric circuit and electric lighting boards; electric wires; cables, cords and conductors, electric wiring; lightning conductors; electricity meters; wattmeters; grounding resistances; humidity and temperature sensors; industrial calibration sensors, push buttons, engine and motor control centers and their electric controls and voltage regulators included in this class; computer programs and software for medical use, industrial use and for research; electrophoresis apparatus; chromatography columns and pumps; apparatus for particle or laser rays microfabrication; apparatus for bio-informatics systems; scintillation

apparatus; imaging apparatus for radioactive and luminescent emissions; integrated synthesis and purification systems; oligonucleotide-producing apparatus; optical laser systems for digital imaging; glassware for laboratories; vials and micro-vials; microtiter plates; software for managing hospital operating rooms; software for intensive care information management; software for industrial operation control; software and manuals therefor sold as unit for factory management; graphic interface computer programs for controlling machines in industrial automation applications; software for creating graphic presentations and editing dynamic data interfaces for real-time graphic applications for industrial and commercial use; communication software for connecting computer network users; software for plastic injection molding; software for controlling, monitoring, simulating, communicating, recording and collecting data and for factory automation; software for integration of manufacturing machine operations, process control, supply of data for displaying, problem monitoring and production report generation; software packages for operating and programming grinders in the manufacturing industry; computer hardware for monitoring industrial processes, namely computer monitors; portable computers, Ethernet cards and cables; computer networking hardware, memory cards; microchips; microprocessors; computer network hubs, switches and routers, computer accessories, displaying devices and terminals; computer whiteboards; processors and system cards; call controllers, operator interfaces, reference interfaces and data collectors; applications for manufacture and control, namely for statistical process control, data collection, direct digital control; document management systems; digital signal processing products and systems, namely, industrial automation controls and programmable logic controllers; adaptive control product in the form of an external controller for optimizing rough and semi-rough cutting performance of machine tools; wired and remote input/output electric equipment; input/output modules; interface modules; electricity supplies; assembly equipment; anti-theft and burglar alarm systems; logic programming computers for security systems; control panels for security systems; electronic burglar detectors; electronic glass-breakage detectors; electronic vibration detectors; magnetic contacts for security systems; electronic switch plates for security systems; electronic motion detectors for alarm systems; electronic motion-sensitive switches; fixed connection sirens for security systems; audio loudspeakers for security systems; electronic navigation systems for security systems; access control and alarm monitoring systems; fire, heat and smoke alarms and detectors; computer card access control systems; card readers, card encoders and encoded cards for card-operated access control systems; video cameras; video devices for object recognition; video devices for object tracking; video devices for reading license plates; video devices for checking alarms; video devices for facial recognition; video devices for vehicle recognition; video devices for traffic detection; video devices for access door control; video devices for burglar detection; processing hardware or software used for analyzing digital video images for automatically extracting, recording and reporting information automatically, and remote video monitoring systems for security and surveillance applications; central video monitors; video recorders; apparatus for shooting and filming; closed-circuit video systems; closed-circuit video systems consisting of one or several cameras and camera housings; wireless, short-range and radiofrequency transceivers; transceivers for electrical lines; communication monitoring equipment for operating closed-circuit cameras; communication monitoring equipment, namely numeric-pad controls, matrix switching devices, multiplexers, digital video recorders, integrated swinging panoramic zoom dome cameras, remote video controllers, receivers, electronic alarms, video transmission devices; personal digital assistants (PDAs) configured for use by real estate professionals; communication interfacing devices for personal digital assistants (PDAs); fiber-optic transmission systems, namely fiber-optic transmitters, receivers and transceivers for transmission of video signals,

audio signals and data via optical fibers; electric switches; electromechanical locking devices; magnetic cards for locks, access control, presence control, alarms and security systems; portable electronic hardware for reception, control, storage, handling, display and transmission of data and for actuating electronic locks; electronic access cards and readers and encoders thereof; magnetic access cards and readers and encoders thereof; memory access cards and readers and encoders thereof; proximity cards; proximity card readers; proximity card encoders; electronic keys and readers and encoders thereof; barcode access cards and readers, encoders and laminators thereof; access keypads; radio-frequency tracking tags; tracking and control systems consisting of one or several radio-frequency beacons, detectors and transceivers for determining and checking the location and movements of tangible assets, stocks and individuals; infrared sensors; control boards; access card readers; video imaging equipment and systems; video surveillance equipment and systems; digital hard disk recording equipment and systems; network transmission equipment and systems; remote access equipment and systems; networked digital video storage servers; applications for surveillance and access control; applications for alarm and security monitoring; computer software and hardware for monitoring and operating access and security systems comprising locking systems, doors, access and identification devices and security cases in the form of boxes for securing keys; surveillance systems sold separately or as components or in the form of sets comprising one or several surveillance cameras, hidden cameras, closed-circuit television cameras, camera housings, camera stands, lenses, video monitors, video recorders, digital recorders, video recording media, video switches; surveillance systems sold separately or as components or in the form of sets comprising control panels, numerical pad controls, joysticks; surveillance systems sold separately or as components or in the form of sets comprising interface apparatus for alarms and access control equipment, transceivers, receivers, transmitters, signal processors, multiplexers, matrix switches, controls, control panel casings, switch housings, transformers, switches, splitters, coaxial cables, connectors, motion detectors, microphones and loudspeakers; user interface software and control software for management of access, security and fire-extinguishing systems; electric locks; portable electronic communication and computer equipment for data reception, control, storage, handling, display and transmission for operating electronic locking devices; electronic key holders, readers and encoders; data processing computer software and hardware; electric power supplies, namely batteries, rectifiers/regulators of current/voltage and transformers; control panels, namely electronic apparatus designed for electronically monitoring a predefined activity and for activating an anti-theft alarm; loudspeakers for sirens and electronic siren controls, namely ringer tone generators and amplifiers for sirens; software for controlling communication equipment for operating and controlling closed-circuit cameras; switching devices integrating magnetically triggered blade switches for anti-theft alarm systems and fire alarm systems, integrated into industrial tracking apparatus, revolution counters, security lock systems for equipment cabinets, industrial position-monitoring apparatus, electric cables and pump and valve monitoring apparatus and home security alarm systems; electric and electronic checking apparatus for detecting the presence of certain substances on individuals, in luggage and freight; electric and electronic checking apparatus for detecting the presence of explosives and/or narcotics on individuals, in luggage and freight; apparatus for detecting the presence of explosives and other contraband; timers or sensitive apparatus for detecting changes in conditions for launching and monitoring regeneration or washing cycles for water treatment equipment; control valves for water treatment and filtering equipment; bioreactors for cell culture; portable analysis instruments, namely a probe with a recorder for data conversion equipped with microprocessors for measuring organic and inorganic products in water; filters and filter housings for laboratories; membrane filters for

laboratories; silt density measuring devices; deionization devices for laboratories, filters and filter housings for laboratories; liquid separating apparatus for laboratories; membranes for laboratories; liquid flow control devices, namely pumps, valves, flowmeters and regulators for laboratories; ozone monitoring instruments; laboratory equipment, namely porous titration microplates for cellular biology and other applications in life sciences; electronic controls for treatment of industrial and commercial water supply systems; electronic controls for treatment of boiler water systems; electronic controls for treatment of water cooling systems; electronic controls for treatment of cooling water systems; electronic controls for treatment of closed water-supply systems; electronic controls for treatment of systems for paper and pulp treatment; electronic controls for fuel treatment systems; electronic controls for metal treatment systems for analyzing the chemistry of the system, determining the proper treatment program, applying the desired treatment and monitoring the effectiveness of the treatment; data management software in the field of paper, pulp and water treatment; electronic controls for data processing in the field of paper, pulp and water treatment; apparatus for industrial water-supply systems for measuring and checking pH and conductivity; apparatus for supplying an industrial, commercial or municipal water supply system with measured quantities of chemicals; electronic testing apparatus for water treatment; laboratory testing equipment, namely apparatus for testing deposit levels and corrosion speed; equipment and instruments for mobile laboratory equipped for measuring and monitoring pH, conductivity and concentration of chromate in domestic and industrial waters; equipment and instruments for mobile laboratory equipped for carrying out inorganic and microbiological water testing; electronic and electrochemical products, namely fuel cells; apparatus for converting photo-electric radiation to electrical energy, namely, photovoltaic solar modules, hybrid photovoltaic solar modules, electronic sensors for measuring solar radiation, photo-cells; apparatus for converting electronic radiation to electric energy, namely photovoltaic solar modules, systems and components and all related system components; printers, laser printers, ink-jet printers, multi-function and multi-purpose printers, parts of all the aforesaid goods; portable electronic devices for wireless reception and/or transmission of audio and video data with integrated memory; software for synchronization of data between a remote unit or station and a fixed unit or station, and software providing a one-way and/or two-way wireless connection to data; portable digital electronic apparatus and software related thereto; portable electronic devices for wireless data reception and/or transmission; software for re-orientation of messages, electronic mail and/or other data from a personal computer or a server towards one or several portable electronic devices; computer software and programs for wireless device operation and management; telecommunication devices; software for accessing, searching, indexing and retrieving information and data from global computer networks and global communication networks, and for navigation on the aforesaid networks websites; software for sending and receiving short messages and electronic mail and for filtering non-text information from data; portable electronic devices for voice, video, data and image communications; computer game software for mobile telephone receivers; electronic game software for mobile telephone receivers; software package; batteries, dry cells and batteries, rechargeable batteries, battery chargers, storage batteries, solar cells and batteries, fuel cells; carbon electrodes for dry batteries; wiring apparatus; electric cables; electric ducts; floor ducts specially designed for housing electric cables; ballast (for discharge lamps); under carpet wiring systems; code lighting-switches; magnetic contactors and starter switches; circuit protectors; switching devices; electric connecting boxes; device switches; output jacks; plugs (electric); electric timers; other wiring devices; signaling apparatus and instruments, video intercoms, intercom systems, electric door chimes, intercoms, fire alarms, gas-leak alarms, anti-theft alarms, portable

emergency intercoms; acoustic machines and apparatus; radios; tape recorders/players; radio cassette recorders; portable tape players; compact disc recorders/players; minidisc recorders/players; minidisc decks consoles; DVD (digital versatile disc) audio recorders/players; secured digital recorders/players; secured digital cards; loudspeakers; tuners; amplifiers; stereo component systems; disc readers; graphic equalizers; radio alarm clocks; integrated circuit recorders; digital audio processing devices; earphones; headphones; microphones; cassette recorders/players; software for compact discs (prerecorded); electric megaphones; language laboratories; audio systems for cars; public address systems; audio mixers; audio equipment cleaning equipment, namely magnetic head cleaning equipment; audio cables, video cables, other audio machines; audiovisual machines and apparatus; television sets; cathode ray tube display screens; cathode ray tubes; image pick-up tubes; plasma television sets; plasma displays; LCD (liquid crystal display) television sets; liquid crystal display monitors; television sets combined with video tape recorders; television sets combined with disc players; antennas; tuners for satellite broadcasting; television tuners; Internet terminals; video projectors; video cassette recorders; camcorders; video printers; laser disc players; video CD (compact disc) players; software for video CD (compact disc); video recorders/players for DVDs; color video systems for large-scale display; cable television systems; hard disk units; video imaging devices; electric optical display boards; multi-purpose electric display systems; closed-circuit video equipment systems; software for DVDs; television cameras; video switches; non-linear editing systems; editing controllers; DVD creation systems; light emitting diode (LED) displays; optical disc machines and apparatus; optical disc units, optical disc recorders, optical disc players, optical disc changers, optical disc cartridges, optical disc recording systems; communication apparatus and machines; facsimile transceivers; transceivers; telephones; cellular mobile telephones; cases for cellular mobile telephones; telephone answering machines; private auto-switch systems; global positioning system receivers; radiotelephones; marine radars; radio-paging receivers; mobile communication systems; multi-channel access radio systems; electric panels for traffic information; videoconferencing systems; private portable telephone systems; local network systems; AV codecs (coder-decoders); navigation systems for cars (road guidance systems); electronic systems for road toll collection; GPS (global positioning system) antennas; checking (supervision) apparatus and instruments; communication and surveillance systems for apartment buildings; intruder detection systems; automated systems for surveillance and control of functions within buildings; electric multi-layer security apparatus; checking (supervision) apparatus and instruments, communication and surveillance systems for apartment buildings, intruder detection systems, automated systems for surveillance and control of functions within buildings, electric multi-layer security apparatus; automatic control machines and instruments; electric distribution boards; road signal control apparatus; bus location systems; ultrasound vehicle detectors; information and telecommunication networks for road traffic management; light dimmers; light switches; inverters; programmable control systems; electrical enclosures; domestic electricity production systems; power capacitors; data processing equipment; word processors; software (recorded); image scanners for personal computers; PC (personal computer) cards; computer keyboards; mouse (data processing equipment); CD-ROM (compact disc-read only memory) units; diskette units; card reading/writing systems; barcode readers; time recorders; portable data terminals; point-of-sale systems; data collection terminals; personal digital assistants (PDAs); DVD-RAM/ROM (digital versatile disc-random access memory / read only memory) units; CAD/CAM (computer-aided design/computer-aided manufacturing) systems; electronic calculators; uninterrupted power supplies for computers / communication / broadcasting; external storage devices; video cassettes; cleaning heads; D-VHS (video data home systems); other

computer peripherals; video tapes; audio cassettes; diskettes; optical discs; mini-discs; DVDs (digital versatile discs); integrated circuit memory cards; weighing and measuring apparatus and instruments; thermoluminescent dosimetry systems; portable x-ray dosimeters; electronic meters; ammeters; electricity consumption meters; grip measuring devices; electric apparatus for measuring leakage; electric insulation meters; thermometers; measuring system processors; electric multi-circuit sector voltage monitors; micro-precision measuring devices; pacers; audio/video analyzers; oscilloscopes; modulators; distortion meters; sensors, light-sensitive sensors, thermometric sensors, position sensors, angular velocity sensors, rotation sensors, angle sensors, dew point sensors, other sensors; electric components; light emitting diodes; liquid crystals; liquid crystal display modules; magnetrons; transistors; semi-conductor storage devices; one chip micro-computers; cartridges for electric condenser microphones; thermostats; integrated circuits; gray-scale image processors; thermal printing heads; magnetic heads; permanent magnets; relays; display components; semi-conductor lasers; charge coupling devices (CCD device); image detectors; film capacitors; over-oxygenation membrane units; electric tuner units; high-frequency units; coin validation units; note validation units; magnetic card reading/writing devices; voltage-controlled oscillators; phase-locking circuit synthesizing modules; wireless communication module units; optical transmission components; printed wiring boards; loudspeaker components; electricity supplies; AC (alternating current) adaptors; focusing magnets; inductors (coils); capacitors for electric apparatus; electric signal filters; deflection coils; thermistors; varistors; piezoelectric ceramic components; acoustic-optical components; resistances; potentiometers; printing units; hybrid integrated circuits; switching components; heat-welding wiring boards; transparent touch panels; electroluminescent components; remote control units; magnetic resistance elements; thermal disconnects; data processing equipment, in particular for financial applications; operating system programs; computer hardware and software, in particular for local and wide-range computer network development, maintenance and use; systems for reading memory cards and systems for reading stored data including integrated circuit memories and bank card memories; automatic ticket dispensers; accounting machines; encoded cards, including magnetic cards and integrated circuit cards, in particular for financial applications; card readers, printing apparatus, including printing apparatus for data processing systems and financial transaction systems; machines for banking institutions; encoders and decoders; modems; encoded magnetic cards; electronic data carrier cards; encoded magnetic card readers; electronic data card readers; electronic encryption systems; computer hardware; computer terminals; software used in financial services, in the banking and telecommunication industries; electric and electronic products, namely calculating machines, pocket planners, alarms; bank cards, including printed bank cards and bank cards with magnetic memory and with integrated circuit memory; bank cards, credit cards, debit cards, including such cards equipped with integrated circuits and microprocessors; memory cards (smart cards); automated teller machines (ATMs); data processing equipment and computers including cards equipped with microprocessors and integrated circuits; computer hardware in the form of integrated circuit cards and card readers containing transponders and other proximity payment devices; mouse pads; machines and machine systems, including parts and accessories for transmission, distribution and control of electricity; induction devices; electrical displacement devices; electricity control and regulation devices; electricity measuring instruments; electrical protection devices; switchboards; switchboard apparatus; wiring devices; liquid control devices, namely, flowmeters, manostats, sequential timers, electric switches and controls; audio amplifiers for keyboards; external memories for musical instruments; systems for managing data and preserving archives in the field of anesthesia; gradient coils, namely magnetic gradient coils for magnetic resonance imaging; alarm devices for tire pressure;

Class: 10

pressure gauges for vehicle tires; rubber testing machines; smart watches; electronic apparatus for practicing golf.

Surgical, medical, dental and veterinary apparatus and instruments, artificial limbs, eyes and teeth; orthopaedic articles; suture materials; therapeutic and assistive devices adapted for the disabled; massage apparatus; apparatus, devices and articles for nursing infants; sexual activity apparatus, devices and articles; test kits for clinical medical use comprising test tubes, test plates and indicator diagrams for evaluating test results; systems comprising medical apparatus and accessories for administering measured doses of pharmaceutical preparations; vials for medical use; cannulas for medical use; syringes for medical use; injectors for medical use; cartridges for medical use; infusion pumps used for intravenous administration of liquids; needles for medical use; cardiac output monitors; heat and humidity exchangers for medical use; bacterial filters for medical use; gas analyzers for medical use; patient monitoring systems, namely gas monitors; pulse oximeters; multi-parameter monitors; ECG monitors; invasive and non-invasive blood pressure monitors; neuromuscular transmission monitors; metabolic monitors and spirometers for anesthesia, intensive care and diagnostic applications; anesthetic machines and ventilators; gas sampling lines for intensive care and anesthesia; airway adapters, respiratory circuits, spirometry sensors and tubes for intensive care and anesthesia; tubes for intensive care and anesthesia; water separators for intensive care and anesthesia; pulse oximetry sensors for intensive care and anesthesia; non-invasive sphygmomanometers for intensive care and anesthesia; rinsing sets for intensive care and anesthesia; anesthesia masks for intensive care and anesthesia; carbon dioxide absorbers for intensive care and anesthesia; temperature-sensing probes for intensive care and anesthesia; nebulizers for intensive care and anesthesia; central nervous system monitors; gastric tonometers; medical diagnosis devices, namely bone densitometers; fetal monitoring apparatus, namely fetal pulse and vital sign monitors; ultrasound imaging machines for medical diagnosis; imaging devices for screening and diagnostic applications for planning operations and surgery, and their parts and accessories; spot film apparatus, image intensifiers, fluoroscopes for medical diagnosis; mobile x-ray devices, x-ray film viewers, CAT scans for medical diagnosis; nuclear resonance apparatus, ultrasound scanners, magnetic resonance apparatus, positron emission tomography apparatus [PET scans] for medical diagnosis; electronic apparatus for measuring blood pressure; laser apparatus for medical treatment; ultrasound diagnosis equipment; acoustic coupling apparatus for use with the ear; laser scalpels; electric massaging apparatus; portable vibrators for medical use; low-frequency muscle stimulators for medical use; high-frequency apparatus for medical use; electric air mattresses for preventing bedsores; electric inhalers for therapeutic use; electrically heated pads; CCD (charge-coupled device) sensor systems; medical apparatus for measuring bone density; body fat monitors.

Class: 11

Apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes; solar panels, panels for capturing solar energy; solar lighting accessories, namely lighting units and solar light fixtures for indoor and outdoor use; solar-thermal installations, namely solar-thermal modules; solar water-heaters; gas and electric cooking apparatus for household use, namely cooking rings, electric and gas cookers; gas and electric ovens and cooktops; heat exchangers; heavy-wall chemical reactors and nuclear reactors and accessories and components thereof, namely, heat pumps, valves for steam systems and valves for regulating gas and liquid flow; electric lamps of all kinds and their parts; electric lighting accessories and their parts; freezers, air-conditioning apparatus, electric ovens, electric refrigerators; microwave ovens for cooking; wall-mounted cooking ovens for household use; food warming drawers; convection ovens, electric and gas cooktops; electric and gas cooking ovens; ventilation hoods for stoves and exhaust fans; water filters;

water softeners; laundry driers; electric fans, ceiling fans, flashlights; lamps and lights for vehicles; electric lights for Christmas trees; liquid separation devices; liquid concentration devices; liquid recycling devices; filters for filtering of solids from gas and liquids or for filtering of liquids from gas and for filtering of an immiscible liquid from another; spiral elements or cartridges contained in a tubular plastic sleeve for concentrating goods and removing impurities in liquid treatment systems; water conditioning devices for residential use; reverse osmosis modules and their membranes; devices and systems for water purification consisting of clarification units; electric deionization systems; condensate polishing filters; vacuum degassing devices; ultra-filtration devices; ultraviolet sterilization devices; ion exchangers for the purification of water; systems for regeneration of acids and caustic products; reverse osmosis systems; forced-air carbonate removal devices; filters; systems for supplying chemicals and devices for storage of bulk goods, sold with automatic controls and instruments for monitoring device and system operation parameters; electrochemical purification devices for liquids for industrial, commercial and municipal use; water filtering devices for household, industrial and commercial use; wastewater purification units; drinking water purification devices for household, industrial and commercial use; liquid separating devices, namely industrial liquid filters; recycling devices, namely liquid purification devices; water treatment equipment, namely cartridges; water treatment equipment for household use, namely water softeners and water conditioners; support filters and depth filters for removing deposits, iron, sulfur, tastes and smells from water; reverse-osmosis water purification devices; depth filter units and cartridges for filtering liquids and air for household, industrial and commercial use; disposable cartridge filters for filtering industrial water; apparatus and installations for lighting; incandescent lamps; gas discharge starters; grooved fluorescent lamps; fluorescent lamps; tungsten halogen lamps; pocket searchlights; fluorescent lanterns; fluorescent lighting apparatus; dynamo lighting kits for bicycles; germicidal lamps; other lighting apparatus; cooking apparatus and installations; automatic bread-making machines for household use; electric kettles; electric rice cookers; gas rice cookers; slow cookers; electric grills; toasters; coffee machines; electric thermal-insulating coffee makers; induction cooktops; electric barbecue grills; microwave ovens; gas cookers with ovens; electric saucepans; skin basin; other kitchen ranges; refrigerating and freezing apparatus and installations, refrigerators, freezers, cold/hot water dispensers, freezing and refrigerating display cases, electric water coolers, ice-making apparatus; ventilation apparatus and instruments; electric air purifiers; extractor hoods for cookers; electric dehumidifiers; electric humidifiers; blowers; blinds propelling cold air; air exhaust units; ceiling fans; electrostatic precipitators; heating apparatus and installations, apparatus for steam generating, drying, cooling and air conditioning; air conditioners; blade fans for air conditioning; apparatus for cooling air by evaporation; stoves; electric radiators; electric blankets; electric floor carpets; kerosene-powered fan heaters; electric foot warmers (kotatsu); wireless gas radiators; water distribution apparatus; electric bidets; toilets; self-cleaning toilet seats; portable toilets; systems for wastewater treatment by aeration; water purifiers; incinerators (waste incinerators); household waste processors; saunas; bathtubs; electric showers; water heaters, gas-powered instantaneous water heaters, other water heaters; driers, dish driers, electric hair driers, laundry driers, other driers; electric lamps, electric driers, electric-resistance heating cables; metallic sinks.

Class: 12

Vehicles; apparatus for locomotion by land, air or water; electric motors and diesel engines for land vehicles; bicycles, tires and tubes for bicycles, automatic vehicles, electric bicycles; tires; tires for passenger cars; tires for trucks; tires for buses; tires for racing cars; tires for automobiles; retreaded tires for passenger cars; retreaded tires for trucks; retreaded tires for buses; retreaded tires for racing cars; retreaded tires; retreaded tires for automobiles; inner tubes for

passenger car tires; inner tubes for truck tires; inner tubes for bus tires; inner tubes for racing car tires; inner tubes for automobile tires; wheels and rims for passenger cars; wheels and rims for trucks; wheels and rims for buses; wheels and rims for racing cars; wheels and rims for automobiles; tread rubber for retreading tires for the above-mentioned vehicles; tires for two-wheeled motor vehicles; inner tubes for two-wheeled motor vehicles; wheels and rims for two-wheeled motor vehicles; bicycles and their parts and fittings; tires for bicycles; inner tubes for bicycles; wheels and rims for bicycles; adhesive rubber patches for repairing tubes or tires; tread rubber for retreading tires for two-wheeled motor vehicles or bicycles; tread rubber for retreading tires for aircraft; tread used to retread tires; preformed tire tread; rubber patches for repairing vehicle tread; shock absorbers (for land vehicles); air springs for land vehicles; air springs for railway cars; suspension shock absorbers for vehicles; tires for off-the-road vehicles; tires for scrapers on wheels; tires for motor graders on wheels; tires for shovel loaders on wheels; tires for tire rollers on wheels; tires for wheeled cranes on wheels; tires for cranes on wheels; tires for snow plows on wheels; tires for pavers on wheels; tires for mining machinery on wheels; continuous tracks for vehicles, namely continuous tracks for agricultural machinery; continuous tracks for vehicles, namely continuous tracks for mining machinery; continuous tracks for vehicles, namely continuous tracks for construction and cargo handling machinery; rubber pads to be attached to shoe plates of metal crawlers; continuous tracks for vehicles, namely continuous tracks for snow removers.

Class: 14

Coins, ingots and medals in precious metals or in their alloys, commemorative or not; jewelry, precious and semi-precious stones; pins; horological and chronometric instruments; key rings.

Class: 16

Paper, cardboard; printed matter, in particular stamps; newspapers, periodicals, books, photographs and posters; bookbinding material; stationery and office requisites, except furniture; adhesives for stationery or household purposes; artists' and drawing materials; paint brushes; instructional or teaching materials; plastic sheets, films and bags for wrapping and packaging; printers' type, printing blocks; computer printouts; chequebooks, punched cards; newspapers and periodicals in the field of information technology; paper shredders; electric staplers; battery-powered letter openers; electric pencil sharpeners; electric perforators; electronic typewriters; ribbon cartridges for electronic typewriters; apparatus for printing cheques; thermal paper.

Class: 17

Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; plastics and resins in extruded form for use in manufacture; packing, stopping and insulating materials; flexible pipes, tubes and hoses, not of metal; silicone mastic for various uses, particularly for caulking of bathtubs, boats and automobiles; impervious and road covering material made of silicone, roofing coating made of silicone rubber; plastic compounds for glazing; plastic materials in the form of sheets, plates, blocks, all for manufacture; electric insulation materials, electric insulation devices, including insulating varnish, silicone rubber compounds; plastic materials in the form of sheets, rods or plates, modeling materials; soundproofing materials; thermal insulation materials; insulating materials; valves of rubber or vulcanized fiber; synthetic rubber; natural rubber; rubber compounds; rubber for retreading and repairing tires and repairing tubes; rubber material for recapping tires.

Class: 18

Leather and imitations of leather; leather vanity cases (not fitted); leather bags for mountain-climbing; leather rucksacks (backpacks); leather wallets and purses; briefcases [leather goods]; leather attaché-cases; leather suitcases; leather school bags; leather handbags; key cases (leatherware); leather straps; animal skins and hides; luggage and carrying bags; umbrellas and parasols and walking sticks; whips, harness and saddlery; collars, leashes and clothing for animals.

Class: 19

Building materials (non-metallic); non-metallic rigid pipes for building; asphalt, pitch, tar and bitumen; non-metallic transportable buildings; monuments not of metal; thermoplastic building and construction materials, namely thermoplastic

molded and extruded materials used as substitutes for wood, metal or glass, for supporting or covering; doors (not of metal); rain gutters; ceiling panels; folding doors; wooden floors; roofing tiles; prefabricated houses; laminates; connecting tracks; building materials with soundproofing properties; non-metallic roofs, with solar cells; plastic panels for building and construction; building materials with thermal insulation properties; thermoplastic materials used as building materials for insulation, covering (roofing) and glazing; water pipes made of PVC (polyvinyl chloride); anti-seismic construction materials, not of metal; anti-seismic rubber building materials; roofing membranes; bituminous roofing waterproof membranes; non-metal bridge construction materials, covered with rubber; seismic insulation materials of rubber.

Class: 21

Household or kitchen utensils and containers; cookware and tableware, except forks, knives and spoons; combs and sponges; brushes, except paintbrushes; brush-making materials; articles for cleaning purposes; unworked or semi-worked glass, except building glass; glassware, porcelain and earthenware; implements for cleaning clothing, toothbrushes; electric toothbrushes; ultrasound cleaning apparatus for dentures; dental floss, holders for dental floss, toothpicks, holders for toothpicks; non-electric implements and materials included in this class, all for cleaning; parts and components of all the aforesaid goods included in this class; holders and dispensers for all the aforesaid goods, all included in this class; electric trouser presses; corkscrews, electric and non-electric; bottle openers, electric and non-electric; electrical devices for attracting and destroying insects; electric combs.

Class: 25

Clothing, footwear, headwear.

Class: 28

Games, toys; video game apparatus; gymnastic and sporting articles; decorations for Christmas trees; playing cards; electric floats for fishing; apparatus for tying fishing lines to hooks; rubber balls; golf equipment, namely, trolleys for golf bags, golf clubs, golf bags, with or without wheels, golf gloves; sports bags shaped to contain specific sports apparatus; tennis rackets; tennis balls; tricycles for infants; stationary exercise bicycles and rollers.

Class: 29

Meat, fish, poultry and game; meat extracts; preserved, frozen, dried and cooked fruits and vegetables; jellies, jams, compotes; eggs; milk, cheese, butter, yoghurt and other milk products; edible oils and fats.

Class: 30

Coffee, tea, cocoa and coffee substitutes; rice, pasta and noodles; tapioca and sago; flour and preparations made from cereals; bread, pastries and confectionery; chocolate; ice cream, sorbets and other edible ices; sugar, honey, treacle; yeast, baking-powder; salt, seasonings, spices, preserved herbs; vinegar, sauces and other condiments; ice (frozen water).

Class: 32

Beer; non-alcoholic beverages; mineral and aerated waters; fruit beverages and fruit juices; syrups and other non-alcoholic preparations for making beverages.

Class: 35

Advertising; dissemination of advertising matter via all media, in particular in the form of thematic messages centered on human values; advertising by sponsoring; online advertising and marketing services; business management; business administration; office functions; advertising promotion of the goods and services of others, by means of contractual agreements, in particular sponsoring and licensing agreements, enabling them to gain notoriety, enhanced image and sympathy derived from cultural and sporting events, in particular international events; advertising promotion of the goods and services of others by means of what is referred to as the initial interest factor leading the public to consider goods or services presented to the public bearing signs, emblems or messages able to capture its attention; promoting the goods and services of others by means of the so-called image transfer; rental of advertising space of all type and on all media, whether digital or not; business administration of the participation of national teams to an international athletic competition, and promoting the support to said teams with the public and the concerned circles; inventory management services; consultation relating to stock monitoring services; advertising by means of direct marketing for others consisting in marketing of

databases; consultation for advertising by means of direct marketing for others consisting in marketing of databases; consultation services in connection with business reorganization; truck and automobile fleet management services, namely billing and consulting in connection with the administrative management of truck and automobile fleets; business administration consultancy; administrative management of power plants of others; business consultation in connection with the management of power plants; commercial administration of contracts for repair and servicing; supply chain commercial management services; business consulting services relating to the purchase and supply of chemical services and products; commercial supply management of products; establishing product inventory; consulting, marketing, analysis of prices and costs concerning devices for electrochemical purification of liquids for industrial use; administrative, commercial and technical management of computer files; data input and processing services; department store retail services connected with the sale of beauty products, toiletries, machines for household use, hand tools, optical goods, domestic electrical and electronic equipment; information services concerning the sale of raw materials; commercial information services; commercial information agency services; photocopier rental services; promoting the sale of goods and services of others by means of advertisements, promotional competitions, awarding of prizes and bonuses in the form of promotional lotteries, discounts, reduction tokens and value-added offers in connection with the use of payment cards; promoting sporting competitions and events for use by others; promoting concerts and cultural events for others, organization of exhibitions for commercial or advertising purposes; provision of documentation, namely direct mail advertising, distribution of advertising material, distribution of samples, reproduction of documents; advertising concerning the promotion of commercial sales of goods and services for retail sale purposes; provision of information in connection with e-commerce and electronic retail sale; provision of information concerning the purchase of goods and services on line via the Internet and other computer networks; advertising concerning transport, travel, hotels, accommodation, food and meals, sports, entertainment and sightseeing tours provided through tourist agencies; maintenance of computerized databases; digital file management comprising a portfolio of images and video sequences intended for one use under license in traditional advertising and in the promotion of behavior [moral advertising]; providing online markets for the buyer and seller of goods and services; retail services or wholesale services for tires; retail services or wholesale services for clothing, footwear, headgear; retail services or wholesale services for sports goods; retail services or wholesale services for bicycles and parts and fittings for bicycles; retail or wholesale services for pharmaceutical, veterinary and sanitary preparations and medical supplies; presentation of goods on communication media, for retail purposes; procurement services for others [purchasing goods and services for other businesses]; retail services or wholesale services of jewellery, horological instruments, fashion accessories, bags, memorabilia. Insurance; financial affairs; banking; monetary affairs; real estate affairs; credit card services; financing of sporting and cultural activities; rental of buildings and outbuildings designed for hosting corporate entertainment events; equity and private mark financing services; financial analyses and consultation; financial services in connection with credit cards; credit card services, namely granting credit to others; financial asset management for others; insurance and reinsurance services, namely underwriting of all types of insurance; equity capital investment services; insurance underwriting services in the field of bonds; financial security underwriting services; personal loan financing; lending against collateral; acquisition financing services; commercial financing services; commercial real-estate agency services; mutual funds; loan and private capital investments; services for providing information in the field of the aforesaid services; services of assistance and consultancy in the field of the aforesaid

Class: 36

services; lease-purchasing of mobile and modular structures; insurance brokerage services; credit agency services in the field of commercial and consumer credit; financing of real estate loans and financial and banking services; monetary operations in particular by means of bank cards or customer loyalty cards; financial clearing services; issuance of checks and letters of credit; financial services; insurance services; financial operations; bill payment services; debit card services; payment card services; pre-paid card services; electronic transactions by credit and debit card; electronic transfer of funds; smart card and electronic money services; provision of liquidities; credit card and payment services replacing cash payments; electronic transfer of capital; check verification; check cashing services; automated teller and safe deposit system services; payment processing services; transaction authentication and verification services; provision of financial information via a global computer network; financial sponsoring of festivals and concerts; financial services for purchasing goods and services sold in retail at points-of-sale for promotion purposes; provision of information services in the field of tourism, namely providing financial information; financial services for tourist assistance purposes; lease-purchasing of telephones, facsimile machines and other telecommunication equipment; lease-purchasing of transport containers; financial sponsorship of sporting activities.

Class: 37

Building construction; replacement, overhaul and maintenance of power plants, motors and engines, turbines, wind turbines and apparatus, equipment and instruments for energy and electricity production and their parts, components and accessories; installation, maintenance and repair services for turbo-expander compressors and pumps; installation, maintenance and repair services for fuel pumps; installation, maintenance and repair services for fuel distribution equipment compressors and pumps; installation, maintenance and repair services for compressed natural gas (CNG) refueling equipment compressors and pumps; installation, maintenance and repair services for gas turbine compressors and pumps; installation, maintenance and repair services for steam turbine compressors and pumps; installation, maintenance and repair services for air-cooled heat exchanger compressors and pumps; installation, maintenance and repair services for steam condenser compressors and pumps; installation, maintenance and repair services for heavy-wall reactor compressors and pumps; installation, maintenance and repair services for tubular reactor compressors and pumps; maintenance and repair services for oil and gas pipelines; drilling and pumping of oil and gas; drilling for crude oil; installation of tubes and pipelines for drilling of oil wells; rental of tools for drilling oil and gas wells; diagnosis services for airplane engines, turbines, electrical equipment, medical equipment and locomotives; repair services for airplane engines, turbines, electrical equipment, medical equipment and locomotives; maintenance services for airplane engines, turbines, electrical equipment, medical equipment and locomotives; rental of construction equipment; chemical cleaning services for glass-coated reactor vats used in the chemical and pharmaceutical treatment industries; maintenance services for heat transfer systems and condensers; maintenance and repair services for equipment with computerized cooling systems; repair and maintenance services for machines, instruments, apparatus and electrical equipment; maintenance and repair services in the oil and gas field; services relating to installation of point-of-sales terminals in stores; computer maintenance services; installation and repair of electric apparatus; repair of radio receivers and television receivers; repair and maintenance of electric apparatus and instruments for communication; repair and maintenance of electric household appliances; repair and maintenance of electric lighting apparatus; repair and maintenance of electric apparatus for distribution and control; repair and maintenance of electric motors; repair and maintenance of machines and instruments for measuring and/or testing; repair and maintenance of medical apparatus and instruments; repair and maintenance of metalworking machines

and tools; repair and maintenance of cooking apparatus; repair and maintenance of automatic vending machines; repair and maintenance of water purification apparatus; repair and maintenance of musical instruments; repair and maintenance of watches and clocks; repair and maintenance of gas-fired water heaters for household use; repair and maintenance of bathtubs; repair of toilets with water points; installation or repair and maintenance of computer hardware; repair and maintenance of air-conditioning apparatus; installation, maintenance and repair of office equipment and machines; installation, repair and maintenance of machinery equipment; repair of vehicles; repair and maintenance of computers; repair and maintenance of electronic printers; repair of telephones; electricity works and installation of telecommunication equipment; installation, maintenance and repair of compressors, pumps, namely, machines, turbo-expanders, fuel pumps and fuel distribution equipment, CNG refueling equipment, gas turbines, steam turbines, air-cooled heat exchangers, steam condensers, heavy-wall reactors and tubular reactors; repair and maintenance of oil and gas wells; repair and maintenance of tires for automobiles; retreading of tires; repair and maintenance of tires for two-wheeled motor vehicles; repair and maintenance of bicycles and their parts; repair and maintenance of tires for bicycles; tire repair and recapping services.

Class: 38

Telecommunications; television program broadcasting, broadcasting of televised programs (live or recorded); cellular telephone communication; communications by electronic computer terminals, by databases and by telecommunication networks connected to the Internet; communications by telegraphs; communications by telephone; communications by facsimile machines; radio paging services; teleconferencing communications; television broadcasting; cable television broadcasting; radio broadcasting; new agencies; other message transmission services; providing access to a commercial site on the internet; radio and television broadcasting provided via the Internet; electronic mail; providing access to computer information newsletters and to discussion forums on line; transmission of messages and images via computers; providing access to home and office shopping services via computer and/or interactive communication technologies; telecommunication of information (including web pages), of computer programs and of all other data; electronic mail services; providing user access to the Internet; services of telecommunication connections to the Internet or to databases; providing access to digital music web sites on the Internet; rental of access time to a central database (telecommunications); provision of access to search engines; providing discussion forums on the Internet; rental of access time to a central server database; rental of access time to a computer database (telecommunication services); simultaneous broadcasting, in particular by means of electronic interconnections, of films and of video and sound recordings; wireless data messaging services, in particular services enabling a user to send and/or receive messages via a wireless data network; one-way and two-way messaging services; electronic transmission of data, images, documents, mails, messages and audio and video data, via local or global computer and communication networks; electronic transmission of data, images, documents, mails, messages and audio and video data via the Internet, intranets, extranets, television; electronic transmission of data, images, documents, mails, messages and audio and video data via mobile communication networks, cellular networks and satellite networks; electronic transmission of software via local or global communication networks, including the Internet, intranets, extranets, television, mobile communication networks, cellular networks and satellite networks; providing access to databases and to local or global communication networks, including the Internet, intranets, extranets, television, mobile communication, cellular and satellite networks; transmission and relay of messages, namely electronic transmission of messages; telecommunication services for the dissemination of information by mobile telephone, namely, transmission of data to mobile telephones; communication by mobile telephone; voice communication

transmission and reception; transmission and reception on a value-added network; telecommunication services by telematic means and by multimedia networks; rental of access time to a database server center; operating networks for transmission of value-added data (multimedia systems, interactive videography, global computer telecommunication networks).

Class: 39

Transport; packaging and storage of goods; travel arrangement; storage of media containing still and moving images; distribution of oil or gas by pipelines; rental of automobiles, airplanes, self-propelled and marine vehicles; delivery and storage of chemicals in the field of water treatment and of pulp and paper making systems; boat transport; vehicle reservation services; services of provision of information concerning travel; travel reservation services; pre-trip transportation planning assistance services; printing material distribution; transport ticket reservation; services of provision of information in the field of tourism, namely providing transport information; services of provision of information in the field of tourism, namely providing information on the reservation of tickets for transport, travel and sightseeing tours; services of provision of information in the field of tourism, namely providing information on planned activities for sightseeing tours and transport; services in connection with transport for tourist assistance; tourist reservation services, namely ticket reservation services and transport reservation services; services of provision of information relating to prices, timetables and means of transport; assistance provided to tourists in connection with the reservation of tickets for transport, travel and sightseeing tours; assistance provided to tourists in connection with planned activities for sightseeing tours; tourist reservation services, namely reservation of tickets for transport, travel and sightseeing tours; preparation of travel reports via a global computer network.

Class: 40

Cinematographic film development; photograph enlargement, photograph printing, photographic film development; rental of photographic machines and instruments for developing, printing, enlarging or finishing; processing of oil; processing of gas; refining of oil and gas; wastewater treatment services, water treatment services, namely desalination, purification, cleaning of ion-exchange resins; membrane regeneration services; operating electric power plants of others; consultancy regarding operation of electric power plants; provision of information to others, on a global computer network, concerning industrial systems for water purification.

Class: 41

Education; training; entertainment; sporting and cultural activities, televised sporting and cultural entertainment; organization of exhibitions for cultural and educational purposes; organization of lotteries and competitions; betting and gambling services in connection with or relating to sports; entertainment services provided during sporting events or concerning sporting events; organization of sporting and cultural events and activities; organization of real or virtual sporting competitions; providing sports facilities; entertainment in the nature of television news; entertainment services in the nature of creation, development and production of television programming; entertainment services in the nature of an ongoing reality based television program; entertainment in the nature of ongoing television programs in the field of sport; rental of audio and video equipment; production of films, other than advertising films; production of sound and video recordings; presentation and distribution of films and of sound and video recordings; rental of films and of sound and video recordings; rental and/or provision via a computer network of interactive education and entertainment products, namely interactive compact discs, CD-ROMs, computer games; entertainment, namely presentation of interactive education and entertainment products, namely interactive compact discs, CD-ROMs, computer games; radio and television coverage of sporting events; production of television and radio programs and of videotapes; production of cartoons; production of animated programs for television; reservation of tickets for sporting events and shows; timing of sports events; organization of beauty contests; interactive

entertainment; on-line betting services; provision of games on the Internet; provision of raffle services; services of provision of information concerning entertainment or education, provided on line from a data bank or the Internet; electronic game services provided by means of the Internet; providing on line electronic publications; publication of books, magazines, texts (other than publicity texts) and periodicals; on line publication of electronic books, magazines, texts (other than publicity texts) and periodicals; provision of digital music from the Internet; provision of sporting results; services of provision of information concerning sports and sporting events; rental of recorded sounds and images; audio production services; services of provision of information concerning sporting events provided on line from a computer database or the Internet; editing and publishing services; provision of digital music (non-downloadable); providing digital music by means of telecommunications; publication of statistics regarding sporting results and audience ratings for sporting competitions; training in the use and operation of systems for signaling and notification of crossings for the railway and transit industries; conducting of seminars, conferences, symposiums or workshops in the field of medical imaging and diagnosis intended for medical practitioners and employees of pharmaceutical companies; education services, namely conducting of seminars, conferences, symposiums or workshops in the field of life sciences and biotechnology for scientists and researchers; conducting of seminars on problems in connection with industrial water treatment; training services in all the aforesaid fields; training services in the field of management and medicine by means of the use of instructions and demonstrations provided on line, via the Internet, intranets and extranets; education services, namely conducting of practical training workshops, courses and seminars including demonstrations in the field of medicine and management; design, conducting and hosting of courses, seminars and all training activities in the field of information technology; organization and performance of concerts; booking of seats for shows; movie presentations; services of provision of information in terms of entertainment; film production; show production; theater production services; operation of golf facilities; health club services (fitness training); sports camp services; presentation of live performances; cinematographic film editing; organization of shows (impresario services); holiday camp services [entertainment]; movie studios; news reporter services; provision of on-line electronic publications, not downloadable; music hall services; education services, namely conducting of courses, seminars, presentations, video presentations; provision of educational material, namely dissemination of material in the field of financial knowledge; education services in the field of tourism; services of provision of information in the field of tourism, namely services of provision of information regarding reservation of tickets for recreational events; services of provision of information in the field of tourism, namely services of provision of information regarding entertainment; services of provision of information in the field of tourism, namely services of provision of information regarding planned sporting, cultural and recreational activities; services in connection with entertainment for tourist assistance; tourist reservation services, namely activity and entertainment reservation services; assistance services for tourists concerning reservation of tickets for recreational events; assistance services for tourists concerning planned sporting, cultural and recreational activities; presenting of prizes rewarding the authors of exceptional acts or performances; arranging and conducting ceremonies relating to the presentation of prizes and awards.

Class: 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; carrying out laboratory analyses; design and development of computers and software; services relating to wind and wind energy, namely professional consultancy and engineering services; design for others in connection with wind energy; industrial design services; design of equipment and installations for generating energy, wind energy and electricity;

engineering services, technical consultancy and research for the gas and oil industries; exploration services relating to oil and gas; geophysical probing for the oil and gas industries; oil and gas field analysis; oil and gas prospecting, namely locating and testing of wells; gas and oil well testing; oil and gas pipeline inspection; remote diagnosis and monitoring services in connection with compressors; remote diagnosis and monitoring services in connection with pumps; remote diagnosis and monitoring services in connection with turbo-expanders; remote diagnosis and monitoring services in connection with fuel pumps and fuel distribution equipment; remote diagnosis and monitoring services in connection with compressed natural gas (CNG) refueling equipment; remote diagnosis and monitoring services in connection with gas turbines; remote diagnosis and monitoring services in connection with steam turbines; remote diagnosis and monitoring services in connection with air-cooled heat exchangers; remote diagnosis and monitoring services in connection with steam condensers; remote diagnosis and monitoring services in connection with heavy-wall reactors; remote diagnosis and monitoring services in connection with tubular reactors; information technology solution services in the field of railway and transit industries on a global scale; research, consultancy and assistance services in connection with engineering, design and development problems encountered by governments, individuals and industrial, commercial and utility companies; computer programming services for others; software design and analysis services for others; information technology consultancy services; maintenance and updating of computer software for others; software installation; design and analysis of computer systems for others; consultancy services relating to chemical research; consultancy services in connection with the discovery and evaluation of medicines and components with diagnostic, prophylactic and/or therapeutical properties; consultancy services concerning diagnostic methods by means of optical laser systems; tests for high data rate analysis for producing medicines; customer synthesis and analysis services; biotechnology services; technical assistance in connection with factory automation software, namely maintenance of software and periodical updating of software; customized design of security access systems; design and consultancy services relating to configuration of systems used in fiber-optic technology applications; technical assistance services, namely resolution of problems in connection with computer hardware, video and electronic communication and computer software; technical consultancy services relating to information technology and software in the field of access and security systems; technical consultancy services relating to surveillance cameras; customized design of security systems, access systems and systems for checking inventories and tangible assets for others; laboratory and testing services for liquid separation and membrane testing; engineering and technological consultancy services regarding water treatment; engineering and technological consultancy services regarding water supply systems; engineering and technological consultancy services regarding cooling water circuits; engineering and technological consultancy services regarding industrial boiler water systems; engineering and technological consultancy services regarding systems for water supply and industrial processes; engineering and technological consultancy services regarding industrial fuel treatment systems; engineering and technological consultancy services regarding pulp and paper making systems; engineering and technological consultancy services regarding systems for treating plastics and metals; engineering and technical assistance services concerning the design and configuration of systems comprising computer hardware and software for use in treatment of water supply systems; engineering and technical assistance services concerning the design and configuration of systems comprising computer hardware and software for use in treatment of pulp and paper making systems; engineering and technical assistance services concerning the design and configuration of systems comprising computer

hardware and software for use in treatment of oil and petrochemical product treatment systems; engineering and technical assistance services concerning the design and configuration of systems comprising computer hardware and software for use metal and plastic finishing operations; consultancy services in all the aforesaid fields; chemical testing concerning supply of chemical treatment products via industrial water systems; programming for information processing machines, in particular programming services in the field of electronic money; development of computer programs for securing data transfers; industrial research and development services in the field of information technology; all technical consultancy in the field of information technology; development of computerized databases and computer programs; development of software concerning machines, apparatus and instruments; rental of data processing apparatus; computer engineering services; consultancy regarding computer programming and data processing, particularly in connection with financial transactions; hosting of computer sites [Web sites]; maintenance of software; provision of Internet search engines; quality control; computer data recovery; research and development of new products (for others); technical project studies; surveying; updating of software; maintenance of software, engineering, testing and research concerning electric machines, apparatus and instruments, computer rental; recovery of data, images, documents, mails, messages and audio and video data via local or global communication networks; recovery of data, images, documents, mails, messages and audio and video data via the Internet, intranets, extranets, television; recovery of data, images, documents, mails, messages and audio and video data via mobile communication networks, cellular networks and satellite networks; identification and testing of microbiological organisms; management of value-added data computer servers comprising multimedia systems, interactive videography, global computer networks for telecommunications; consultancy regarding information technology management; industrial research, development and testing in the field of sports; scientific research in the field of sports; hosting weblogs [blogs]; hosting electronic platforms for sharing and transmitting data; providing, via an Internet platform, interactive computer applications enabling users to note (personal evaluation) the performance of an athlete, to vote for an athlete, as well as record their comments, and also enabling them to consult ratings, votes and comments from other users; hosting an Internet platform enabling users to identify and vote for athletes participating in an international athletic competition, as well as to monitor the performance of these athletes.

Class: 43

Services for providing food and beverages; temporary accommodation; cafeteria and restaurant services; welcoming and hospitality services, namely providing food and drinks; food and drink catering; reservation of hotels and temporary accommodation; bar services; cafés; rental of meeting rooms; tourist homes; services of provision of information in the field of tourism, namely providing accommodation information; services of provision of information in the field of tourism, namely providing information on provision of food and meals; accommodation services for tourist assistance; services in connection with providing food and meals for tourist assistance; reservation services for tourism, namely reservation of hotel rooms and of food and meals; services of provision of information in the field of tourism, namely services of provision of information concerning the reservation of hotel rooms, accommodation, food and meals; assistance provided to tourists concerning the reservation of hotel rooms, accommodation, food and meals; tourist reservation services, namely reservation of hotel rooms, accommodation, food and meals; rental of mobile and modular structures.

Class: 44

Medical services; medical services, being medical and pharmaco-toxicological controls; veterinary services; health, hygienic and beauty care for human beings and animals; agriculture, horticulture and forestry services; consultancy services in connection with medical imaging and diagnosis; consultancy services in

connection with prophylactic properties, therapeutic properties and pharmaceutical product diagnosis; services of provision of medical information; medical imaging services; medical diagnosis services; consultancy services in all the aforesaid fields; rental of medical systems.

Acceptance of the trade mark was advertised on 09 February 2021 and protection may be opposed within 2 months after the advertisement date.

You will be notified if there is an opposition and will require an address in Australia or New Zealand for service of documents. If the trade mark is not opposed, it will be protected in Australia.
