### **Notification of Partial Invalidation**

**Statement sent to the International Bureau of the World Intellectual Property Organization (WIPO) in accordance with Rule 19 of the Common Regulations under the Madrid Agreement and Protocol**

**International Reg. No.** 1223814

**WIPO Notification Date of Designation:** November 27, 2014

**Holder:** SAGEMCOM BROADBAND SAS

**Mark:** SWAN

By this notification, the United States Patent and Trademark Office (USPTO) hereby asserts that the effects of the international registration above are invalidated in part with respect to the United States of America.

The partial invalidation was pronounced by the Director of the USPTO pursuant to Section 71 of the U.S. Trademark Act after the holder failed to comply with the statutory requirements regarding the filing of an affidavit of continued use or excusable nonuse for some of the goods and/or services in the time allowed for the corresponding registered extension of protection, U.S. Registration No. 4872350. 15 U.S.C. §1141k.

**Goods/Services Are Limited To:**

(09) Software and software suites comprised of residential multimedia gateways and routers for the digital distribution of audio content, video content and the transmission of sound, images and data; software platforms for Internet and home automation networks enabling interoperability between the different terminals and applications; residential multimedia gateways, namely, gateway routers in the nature of computer control hardware; modems; telecommunications routers, namely, network routers; connected home terminals, namely, DSL (digital subscriber line), wireless communication devices for voice transmission, Print servers, IP Cams, IPTV (internet protocol TV), for saving, storing and accessing electronic data via local and remote computer networks; wireless network extenders; Software applications for smart phones, namely, software for smartphone data exchange with residential multimedia gateways and routers; communications equipment, namely, DSL (digital subscriber line), wireless communication devices for voice transmission, Print servers, IP Cams, IPTV (internet protocol TV), for saving, storing and accessing electronic data via local and remote computer

networks; computer devices, namely, DSL (digital subscriber line), wireless communication devices for voice transmission, Print servers, IPTV (internet protocol TV), for saving, storing and accessing electronic data via local and remote computer networks; universal serial bus (USB) operating software and hardware; network attached storage (NAS); devices for mobile and wireless communications, namely, connected devices used in smart home and home networks, namely, file servers, media players, DSL (digital subscriber line), wireless communication devices for voice transmission, Print servers, IPTV (internet protocol TV), for saving, storing and accessing electronic data via local and remote computer networks

(42) Computer services in the nature of software and software suites comprised of residential multimedia gateways and routers namely, cloud computing featuring software for use of digital distribution of audio content, video content and the transmission of sound, images and data technical support services, namely, providing technical advice related to the installation of multimedia gateways and cloud servers; computer design and development and research in the field of multimedia gateways and cloud servers; technical advice relating to the operation of computers in the field of video and communication networks; providing temporary use of non-downloadable software in the field of residential multimedia gateways and routers for startup sequence and services initialization; design and development of computer hardware and software

The effective date of the partial invalidation of protection for these goods/services is January 20, 2023.

The invalidation is no longer subject to appeal.

Sincerely,

MPU staff member  
Madrid Processing Unit  
Trademark Specialist
