World Intellectual Property Organization(WIPO)  
International Bureau

**WITHDRAWAL OF PROVISIONAL REFUSAL**  
TO THE INTERNATIONAL BUREAU OF WORLD INTELLECTUAL PROPERTY OFFICE (WIPO)  
UNDER RULE 17(5) OF THE COMMON REGULATIONS

**1. Office of the Designated Contracting Party:**

Korean Intellectual Property Office (KIPO)  
920 Dunsan-dong, Seo-gu, Daejeon, 302-701, Republic of Korea

**2. International Registration Concerned:**

- (a) International Registration Number: 829911
- (b) Name of the Holder: CARREFOUR

**3. Goods/Services Protected in the Republic of Korea:**

Class [01]

Superphosphate of lime, superphosphate fertilizers, copper fertilizers, silicate fertilizers, wollastonite fertilizers, manganese fertilizers, methane phosphate, molybdenum fertilizers, by-product slaked lime (powder), by-product basic potassium, boric acid fertilizers, boron fertilizers, quicklime fertilizers, lime magnesia powder, limestone powder, nitrolime fertilizers, calcium hydroxide fertilizers, calcined potassium chloride fertilizers, calcined calcium silicate fertilizers, calcined phosphoric fertilizers, slag fertilizers, zinc fertilizers, ammonia water fertilizers, ammonium chloride fertilizers, potassium chloride fertilizers, lime chloride fertilizers, slow effect nitrogen fertilizers, urea fertilizers, fused superphosphate fertilizers, fused phosphate, potassium sulphate fertilizers, ammonium sulphate fertilizers, calcium bisuperphosphate, double superphosphate of lime fertilizers, potassium bicarbonate fertilizers, sodium nitrate (Chile saltpetre) fertilizers, nitrogenous fertilizers, ferrous fertilizers, sodium nitrate fertilizers, ammonium nitrate fertilizers, calcium cyanamide fertilizers, Thomas phosphoric fertilizers, specialty fertilizers, waste lime powder, sulfuric acid magnesia fertilizers, and zinc sulphate fertilizers; bone dust, livestock excrements, guano, sesame dregs fertilizers, peanut oil cake, barley sludge, cotton seed oil cake, rice bran oil cake, humus, leaf mold, bran, human excretion residues, rapid effect fertilizers, amino acid fermentation by-product fertilizers, castor oil cake, chaff, silkworm egg oil cake, mineral leather powder fertilizers, old tobacco (manures), vegetable dish (trees and plants ashes), seed-gathering oil cake, moss used as natural fertilizers, grass-livestock industry wastes, sawdust, peat fertilizers, composts, marine products fertilizers, mixed organic fertilizers, and mixed oil cake; mixed fertilizers, #1 composite fertilizers, #2 composite fertilizers, #3 composite fertilizers, and #4 composite fertilizers; arrow root starch for industrial purposes, potato flour for industrial purposes, sweet potato flour for industrial purposes, green perilla flour for industrial purposes, buckwheat flour for industrial purposes, wheat flour for industrial purposes, barley flour for industrial purposes, rice flour for industrial purposes, indian corn flour for industrial purposes, adlay flour for industrial purposes, soybean flour for industrial purposes, tapioca flour for industrial purposes, and unmilled rice flour for industrial purposes; caustic alkali, gallotannic acids, salts for galvanic cells, caustic soda

for industrial purposes, peroxide of hydrogen for industrial purposes, citric acid for industrial purposes, salts of precious metals for industrial purposes, glycerine for industrial purposes, boric acid for industrial purposes, cobalt oxide for industrial purposes, ammonia for industrial purposes, salts for industrial purposes, Iodine for industrial purposes, alkaline iodides for industrial purposes, titanium dioxide for industrial purposes, titan dioxide for industrial purposes, magnetic fluid for industrial purposes, acetates for industrial purposes, seawater for industrial purposes, perborate of soda, perchlorates, percarbonates, persulphuric acid, persulphates, aluminium silicate, silicates, silicon, gold salts, sodium, sodium salts, neon, manganate, inorganic acids, ammonia anhydride, barium compounds, double salts, fluorine, fluorspar compounds, hydrofluoric acid, borax, borates, lead arsenate, arsenic, sorrel salt, oxygen, lithium oxide, mercuric oxide, antimony oxide, lead oxide, uranium oxide, zirconia oxide, chromium oxide, caesium, soda ash, aluminium hydrate, calcium hydroxide, carbonic hydrates, hydrogen, mercury salts, sulphonic acids, cyanates, cyanides, argon, arsenious acid, astatine, sulphurous acid, alumina, aluminium alum, alkaline metals, salts of alkaline metals, alkalies, alkaline-earth metals, ammonium salts, ammonia alum, ammoniacal salts, compressed air, liquid air, soft water, hydrochloric acid, hydrochlorates, chlorine, chlorates, magnesium chloride, lime chloride, aluminium chloride, sal ammoniac, sal ammoniac spirits, palladious chlorides, iodic acid, aluminium iodide, iodised salts, sulphides, sulphates, sulphur, silver salt solutions for silvering, manganese dioxide, carbon dioxide, tin bichloride phosphorus, phosphorus, phosphoric acid, nitric monoxide, heavy water, bichromate of soda, chromic salts, bichromate of potassium, bicarbonate of potash, baryta, distilled water, sodium nitrate, nitric acid, nitrates, silver nitrate, nitrogen, hypochlorite of soda, hyposulphites, iron salts, lead acetate, lime acetate, sodium nitrate, amyl acetate, aluminium acetate, ammonium nitrate, kainite, potassium, calcium salts, chrome alum, chromic acid, chromates, chrome salts, krypton, xenon, carbonic acid, magnesium carbonate, lime carbonate, carbonates, potash, carbon, carbides, calcium carbide, tungstic acid, ferrocyanides, halogenosalt, halogenides, helium, bismuth nitrite for chemical purposes, iodine for chemical purposes, flours of sulphur for chemical purposes, bicarbonate of soda for chemical purposes, sulphuric acid, copper sulphate, barium sulphate, sulphuric ammonium, sulphates, sulphides, antimony sulphide, carbon sulphide, dilute acetic acid, and salts from rare earth metals; diastase for industrial purposes, gallic acid for industrial purposes, cellulose ethers for industrial purposes, cellulose esters for industrial purposes, esters for industrial purposes, camphor for industrial purposes, casein for industrial purposes, quebracho for industrial purposes, phenol for industrial purposes, glucose for industrial purposes, enzymes for industrial purposes, glucosides, glycerides, glycol, glycol ether, naphthalene, potassium dioxalate, malt albumen, methane, methyl benzene, methyl ether, wood alcohol, wood vinegar, unprocessed lecithin, unprocessed albumen, benzene-based acids, benzene derivatives, benzoic acid, benzoic sulphinide, viscose, tartar other than for pharmaceutical purposes, cream of tartar other than for pharmaceutical purposes, tetrachlorides, acetylene tetrachloride, carbon tetrachloride, salicylic acid, sebacic acid, stearic acid, cymene, amyl alcohol, acetone, acetylene, antranilic acid, aldehydes, alcohol, ammonium aldehyde, ethane, ethers, ethyl alcohol, ethyl ether, oxalic acid, oxalates, oleic acid, iodised albumen, organometallic compounds, organic arsenides, organic acids,

organic acid salts, organic phosphorous, organic halogenides, heterocyclic compounds, phosphatides, lactic acid, vinic alcohol, fatty acids, nitrogen compounds, ketones, cholic acid, crotonic aldehyde, tartaric acid, tannin, tannic acid, carbohydrates, hydrocarbons, toluene, toluol, thiocarbamilide, phenols, chemicals used in fermenting wine, formic acid, pyrogallic acid, picric acid, bromine for chemical purposes, creosote for chemical purposes, form aldehyde for chemical purposes, and hydrazine; emollients for industrial purposes, decolorants for industrial purposes, dehydrating preparations for industrial purposes, preparations for the separation of greases, foaming agents, water repellent agents, spinning aids, separating agents, antistatic preparations other than for household purposes, degreasing preparations other than for household purposes, petroleum dispersants, defoaming agents, moisturizing agents, opacifiers for enamel or glass, enamel and glass-staining chemicals, chemical preparations for the manufacture of enamel (except pigments), dyeing aids, oil separating agents, oil dispersants, oil-purifying chemicals, synthetic materials for absorbing oil, emulsifiers, scouring aids, mold-release preparations, weaving aids, fulling preparations, penetrating agents, plastisols, dispersions of plastics, and absorbents; plasticizers, gas purifying preparations, degassing agents, sumac for use in tanning, algarovilla for use in tanning material, tanning substances, recarburizers, vulcanisation accelerators, vulcanising preparations, water-softening preparations, chemical intensifiers for rubber, rubber preservatives, degumming preparations, defoliant, chemical preparations to prevent mildew, air-entraining agents, preparations for stimulating cooking for industrial purposes, soot for industrial or agricultural purposes, lamp black for industrial purposes, mangrove bark for industrial purposes, caustics for industrial purposes, meat tenderizers for industrial purposes, carbon black for industrial purposes, collodion for industrial purposes, polish removing substances, metal hardening preparations, metal annealing preparations, sequestering agents, flower preservatives, compositions for threadings, water-resisting agents, anti-knock substances for internal combustion engines, fireproofing preparations, refrigerating preparations, anti-aging agents, balm of gurjun for marking varnish, steel forging agents, animal carbon, animal carbon preparations, radiator flushing chemicals, renovating preparations for phonograph records, compositions for the manufacture of phonograph records, preparations for preventing the tarnishing of lenses, beer preserving agents, beer-clarifying and preserving agents, water-treatment chemical preparations, ungluing preparations (except for wallpapers and paints), heat generating agents, antifungus agents, moisture proofing agents, anti-pleating agents, soil stabilizers, brickwork preservatives (except paints and oils), heat insulating agents, anti-freezing agents, scale removing preparations other than for household purposes, chemical reagents for non-medical purposes, oxidizing agents, chemical additives to fungicides, chemical additives to insecticides, damp proofing preparations for masonry (except paints), masonry preservatives (except paints and oils), coal saving preparations, flashlight preparations, textile finishing preparations, detergent additives to gasoline, fire extinguishing compositions, ceramic compositions for sintering [granules and powders], anti-slime agents, cement quick hardening agents, cement-waterproofing preparations (except paints), cement preservatives (except paints and oils), cement mixing agents, carbolineum for the protection of plants, oils for the preservation of food, chemical substances for preserving foodstuffs, galvanizing baths, galvanizing preparations,

preservatives for pharmaceutical preparations, gas propellents for aerosols, anti-boil preparations for engine coolants, engine-decarbonising chemicals, filtering chemical preparations, fuel-saving preparations, auxiliary fluids for use with abrasives, combusting preparations (chemical additives to motor fuel), anti-incrustants, brazing fluxes, brazing preparations, solvents, chemical additives to motor fuel, moderating materials for nuclear reactors, toxic gas neutralizers, opacifiers for glass, glass-staining chemicals, drilling muds, chemical additives to drilling muds, filtering preparations for the beverages industry, flocculants, condensation-preventing chemicals, softener for ion-exchange membrane, ion exchangers, chemical preparations for self defence, desulfurizing agents for cells, extenders, water purifying chemicals, anti-static coating preparations, paper reinforcing agents, seed preserving agents, casting joining agent, foundry molding preparations, textile-waterproofing chemicals, stain-preventing chemicals for use on fabrics, finishing preparations for use in the manufacture of steel, can purifiers, purification preparations, catalysts, anti-frothing solutions for batteries, liquids for removing sulphates from batteries, acidulated water for recharging batteries, anti-sedimentating agents, catechu, concrete preservatives (except paints and oils), concrete-aeration chemicals, agglutinants for concrete, compositions for repairing inner tubes of tires, compositions for repairing tires, mastic for tires, tire puncture-proof agents, preservatives for tiles (except paints and oils), odor counteractants, tan, tan-wood, soil stabilizers, chemical preparations for the manufacture of paints, wine purifiers, leather-dressing chemicals, oils for currying leather, leather-waterproofing chemicals, leather-mending chemicals, mastic for leather, leather-renovating chemicals, chemical preparations for facilitating the alloying of metals, chemical condensation preparations, reducing agents, and chemical preparations for smoking meat; adhesives for air tires, rubber cement for industrial purposes, isinglass for industrial purposes, glue for industrial purposes, glue sizing for industrial purposes, starch size for industrial purposes, gelatine for industrial purposes, dextrine size, glue size for finishing and priming, adhesives for billposting, adhesives for wallpaper, adhesives for wall tiles, cement for shoes, glutinous tree-grafting preparations, and cement for mending broken articles; artificial sweeteners; hormones for hastening the ripening of fruit, chemical preparations to prevent wheat smut, chemical preparations for protection against wheat blight, germinating inhibitors, plant growth regulating preparations, preparations of trace elements for plants, plant growth regulators, plant growth hormones, soil-conditioning chemicals, and vine disease preventing chemicals; ceramic glazings; china clay, diatomite, dolomite, magnesite, elvan, alum stone (except disinfectants), monazite, bentonite, bauxite, arsenic, cryolite, acid white clay, rock salt, witherite, sulphur, mineral phosphate, tourmaline, foundry sand, barytes, natural graphite, spinel, saltpeter, kaolin, fluorite, and talc; birdlime; litmus paper, nitrate paper, and chemical test paper; silicon resins, diallyisophthalate resins, diallylphthalate resins, melamine resins, unprocessed acrylic resins, unprocessed epoxy resins, denaturated polyphenyleneoxide resins, unsaturated polyester resins, acrylonitrile-butadiene-styrene resins, urea resins, phenol resins, polyamide resins, polyester resins, and furan resins; guanamine resins, noryl resins, butylate resins, fluorine resins, styrene acrylonitrile resins, polymethyl methacrylate resins, polybenzimidazole resins, polybutylen resins, polybutyleneterephthalate resins, polyvinylacetal resins, polyvinylalcohol resins,

polysulfone resins, polystyrene resins, polyarylate resins, polyethylene resins, polyethyleneterephthalate resins, polyvinylidene chloride resins, polyvinyl chloride resins, polyurethane resins, polyacetate resins, polycarbonate resins, polyphenylene sulfide resins, polyphenyleneoxide resins, polypropylene resins, polypropylene resins, and propionate resins; celluloids, cellulose plastic resins, cellulose nitrate resins, and cellulose acetate plastics; casein resins; unprocessed plastics; rag pulp, refiner ground pulp, wood pulp, bagasse pulp, rice-straw pulp, semichemical pulp, cellulose pulp, soda pulp, ground pulp, sulfite pulp, esparto pulp, thermo-mechanical pulp, soluble pulp, bast pulp, chemi-mechanical pulp, kraft pulp, de-inked pulp, synthetic pulp, and chemical pulp; gadolinium, gallium, neodymium, neptunium, radium, lanthanum, rhenium, rubidium, lithium, barium, berkelium, bismuth, samarium, cerium, selenium, mercury, scandium, strontium, silicones, americium, actinium, antimony, erbium, uranium, europium, ytterbium, yttrium, californium, curium, thallium, terbium, technetium, tellurium, thorium, thulium, fermium, polonium, praseodymium, francium, promethium, protactinium, plutonium, and holmium; photometric paper, albuminized paper, diazo paper, unexposed sensitized cinematographic films, unexposed sensitized films, unexposed sensitized X-ray films, photographic sensitive emulsions, photographic sensitive agents, photographic sensitive paper, photographic sensitive plates, sensitive cloth for photography, photographic sensitive dry plates, photographic sensitive flash powder, self-toning paper for photography, fixing solution for photography, gelatine for photography, toning solution for photography, toning salts for photography, photographic ferrotype plate, pectin for photography, photographic paper, photographic developers, solutions for cyanotyping, blueprint cloth, and blueprint paper; antifreeze, brake fluid, coolants for vehicle engines, fluids for hydraulic circuits, transmission fluid, and power steering fluid; microorganisms for non-medical purposes (except for yeast), and compositions for the manufacture of technical ceramics

#### Class [02]

Gum resins, natural raw resins, Canada balsam, and copal; anti-tarnishing preparations for metals, protective preparations for metals, wood preservatives, mordants for wood, wallpaper removing preparations, anti-corrosive bands, anti-corrosive preparations, and mordants for leather; vat dyes, naphthol dyes, beryl, dark blue, green vitriol, gamboge, mordant dyes, dyestuffs extracted from wood, reactive dyes, disperse dyes, acid mordant dyes, acid dyes, oxidation dyes, aniline dyes, annatto (dyestuffs), alizarine dyes, indigo blue, basic dyes, dyewood, auramine, oil-soluble dyes, emulsified dyes, root of gromwell, direct dyes, soot for colorant, cochineal carmine, fluorescent dyes, and sulfur dyes; red cuprous acetate, lead trioxide, ultramarine, gold powder, prussian blue, aluminum powder for painters, artists and decorators, whites (colorants or paints), sienna earth, lamp black for pigments, zinc oxide for pigments, titanium dioxide for pigments, carbon black for pigments, red lead, white lead, silvering powders, bronze powder, blues (colorants or paints), white wash, red vermilion, and blacks; chemical resistant paints, fireproof paints, varnishes, putty for coating, lacquers, waterproof paints, bactericidal paints, asbestos paints, lime paints, paints for ship bottoms, water paints, undercoating for chassis of vehicles, thinners, aluminum paints, enamels, bitumen varnish, anti-fouling paints, oil cement (putty), bright gold paints for ceramics, silver paints for ceramics,

glazier's putty, coatings for roofing felt (paints), bronzing lacquers, primers, copal varnish, coatings for tarred felt (paints), turpentine (thinner for paints), synthetic resin paints, luminous paints, and japan black; stencil ink, printing ink, and toner cartridges (filled) for printers and photocopiers; watercolors; anti-rust greases and anti-rust oils

Class [03]

Flavorings for confectionery (essential oils) and flavorings for beverages (essential oils); antistatic preparations for household purposes, degreasers for household use, rust removing preparations, paint stripping preparations, lacquer-removing preparations, softeners for laundry use, floor wax removers(scouring preparations), bleaching soda, and bleaching salts; nourishing creams, nail enamel removers, eyebrow pencils, hair powders, lavender water, liquid rouges, sachets for perfuming linen, lipsticks, mascaras, mask packs, massage gels, massage oils, manicure, manicure-use enamel, manicure remover, hair oil, hair desiccating preparations, hair preservation treatments, hair dyes, hair waving preparations, hair decolorants, liquid face powder, beauty bath additives, badian essence, antiperspirants, vanishing creams, bath oils, bath powder, white face powder, bay rum, baby oils, baby powder, rouge for cheeks, blushers, perfumed powder, scurf lotions, scurf cream, bath salts for non-medical purposes, fragrances for non-medical purposes, safrol, sun milk, sunscreen lotions, sunscreen creams, sun oil, sun-tanning preparations, shaving creams, nail polish powder, nail dyes, nail decolorants, skin milk, skin fresheners, essential oils of citron, eye liners, eye make-up removers, eye shadows, aftershave lotions, medicated creams, medicated toilet water, ethereal essence, eau de cologne, body deodorants, common toilet water, lip glosses, lip neutralizers, lip conditioners, lip balm, Japanese pomades, cosmetic preparations for slimming purposes, cold cream, cold permanent waving solutions, compact powder, moustache wax, cleansing cream, depilatory wax, depilatory preparations, beard dyes, preparations for permanent waving, neutralizers for permanent waving, foundation cream, permanent waving lotion, face powder, potpourris (fragrances), skin whitening creams, hand creams, perfumes, perfumed oils, hair gels, hair glazes, hair dressings, hair lacquers, hair lotions, hair moisturizers, hair mousse, hairsprays, hair conditioners, hair creams, hair tonics, heliotropin, make-up powder, hydrogen peroxide for cosmetic purposes, greases for cosmetic purposes, petroleum jelly for cosmetic purposes, astringents for cosmetic purposes, cosmetic pencils, cosmetic dyes, toilet bath salts, colorants for toilet purposes, cleansing milk for toilet purposes, talcum powder for toilet use, and pomades for cosmetic purposes; gaultheria oil, lavender oil, vanilla, bergamot oil, ambergris, ionone (perfumery), jasmine oil, rose oil, clove oil, geraniol, compound perfumery, mint for perfumery, and musk for perfumery; scented wood, joss sticks, and fumigation preparations (perfumes); adhesives for affixing false hair, false eyelashes, adhesives for affixing false eyelashes, false nails, tissues impregnated with cosmetic lotions, cotton sticks for cosmetic purposes, beauty masks, decorative transfers for cosmetic purposes, adhesives for cosmetic purposes, and cotton wool for cosmetic purposes; laundry powder detergents, petroleum-based synthetic household detergents, industrial soaps, dry-cleaning preparations, polishing powder, shaving soaps, liquid soaps, soaps for foot perspiration, deodorant soaps, drains preparations (cleaning blocked), soaps for brightening textile, chaff soaps, liquid detergents, oils for cleaning purposes,

cleaning cleansers, soaps for handwashing laundry, disinfectant soaps, almond soaps, medicated soaps, glass detergents, rinse for clothing, windscreen cleaning liquids, toilet bowl cleaning detergents, bath soaps, cosmetic soaps, shampoos, paper soaps, cream soaps, hair rinses, and toilet soaps; breath freshening sprays, mouthwashes for non-medical purposes, antiseptic mouthwashes, denture polishes, preparations for cleaning dentures, tooth powder, and tooth paste; shoe polishes, shoe wax, and cobblers wax; polishes for furniture and flooring, polishing wax, polishing creams, car polishing agents, powder for laminated floor paper, polishing oil for laminated floor paper, polishing agents for leather preservation, waxes for leather, and creams for leather; emery and corundum; emery paper, emery cloth, sandpaper, abrasive sand, abrasive paper, and abrasive cloth

#### Class [04]

Perilla oil for industrial purposes, peanut oil for industrial purposes, cottonseed oil for industrial use, wheat oil for industrial purposes, linseed oil for industrial purposes, Indian corn oil for industrial purposes, olive oil for industrial purposes, sesame oil for industrial purposes, soybean oil for industrial purposes, rapeseed oil for industrial purposes, castor oil for industrial purposes, and sunflower oil for industrial purposes; whale oil for industrial purposes, bone oil for industrial purposes, lanolin for industrial purposes, lard for industrial purposes, fish oil for industrial purposes, and beef tallow for industrial purposes; hardened oil for industrial purposes, and powdered oils and fats for industrial purposes; dust laying compositions, dust removing preparations, benzene, lubricants, and dust binding compositions for sweeping; greases for shoe; oils for preservation of leather; lamp wicks; lignite, charcoal, anthracite, dust coal, firelighters, coal, briquette, firewood, kindling coal, coke, and peats; gas oil, light oil, naphtha, kerosene, grease for lights, diesel oil, ligroin, benzine, methylated spirit, oil ether, coal naphtha, fuels for small furnace, gasoline for fuel, denatured alcohols for fuel, additives to motor-fuel (except for chemical ones), crude oil, synthetic oil, heavy oil, coal tar oil, and xylene (xylol); coal gas, liquefied petroleum gas, solidified gas for fuel, oil gas, natural gas, propane gas, and vaporized fuel mixtures; oils for releasing form work for building, gasoline for industrial purposes, industrial grease, lubricating oil, and cutting fluids; industrial wax, vegetable wax, wax (raw material), beeswax, belting wax, candles, land wax (ozocerite), carnauba wax, christmas tree candles, paraffin wax, and yellow wax; boiled oils; lighter fluids

#### Class [05]

Agricultural products baby foods; milk sugar; animal husbandry products baby foods; lacteal flour for babies; marine products baby foods; remedies for livestock diseases, medicines for sensory organs, calomel, tonics (medicine), repellents for dogs, preparations for destroying dry rot fungus, oral contraceptive pills, gummed taffeta plasters, slug exterminating preparations, mouth disinfecting agents, mouth refreshing agents, vermifuges, goulard water, bronchodilating preparations, parasiticide, carbolinium for parasiticide, eye-wash, tobacco-free cigarettes for medical purposes, cod liver oil, metabolic preparations, liniments, poisons, veterinary preparations, chilblain preparations, digitalin, narcotics, anesthetics, medicines for peripheral nervous system, anti-horse-fly

oils, menthol, immunoregulation preparations, mosquito repellent sticks, therapeutic agents for physical hazards, chemical preparations for treating wheat smut (blight), solvents for removing adhesive plasters, remedies for perspiration, antiseptics, insect repellents, insect repellent incense, purgatives, chemical preparations for treating mildew, vaccines, medicines for alleviating constipation, Chinese medicines for gynecology, medicines for urinogenital organs, pharmaceutical preparations for treating dandruff, deodorants for non-personal use, vitamin preparations, preparations of trace elements for human and animal use, oxygen for oxygen baths, fungicides (germicides), acaricides, algicides, insecticides, biological preparations, crude drugs, sunburn ointments, pharmaceutical preparations for treating sunburn, bacterial poisons, bouillons for bacteriological cultures, cellular rejuvenating preparations, anti-inflammatory agents, medicines for digestive organs, styptic preparations, mercurial ointments, greases for veterinary purposes, amino acid for veterinary purposes, enzymes for veterinary purposes, enzyme preparations for veterinary purposes, medicines for circulatory organs, smelling salts, steroids, strychnine, compresses, nervines, aconitine, opiates, ophthalmic medicines, allergy medicines, pharmaceutical wormwood, sulphonamides (medicines), medicated candy, capsules for medicines, composite for the manufacture of medicine, jalap, hair growth, pills for treating dizziness, elixirs (pharmaceutical preparations), anti-inflammatory pills, opodeldoc, laxatives, epidermal medicines, tablets for regulating menstruation, disinfectants for hygiene purposes, antifebrile, larvae exterminating preparations, medicated bath preparations, gases for medical purposes, leeches for medical purposes, gurjun balsam for medical purposes, drying agents for medical purposes, plasters for medical purposes, Hydrogen peroxide for medical purposes, mineral water for medical purposes, mouthwashes for medical purposes, greases for medical purposes, glycerine for medical purposes, cinchona for medical purposes, sodium salts for medical purposes, medicated jujube, rhubarb roots for pharmaceutical purposes, isotopes for medical purpose, diastase for medical purposes, Dill oil for medical purposes, lecithin for medical purposes, bath salts for medical purposes, microorganism preparations for medical and veterinary use, chemical reagents for medical or veterinary purposes, petroleum jelly for medical purposes, balsamic preparations for medical purposes, radiological contrast substances for medical purposes, radioactive substances for medical purposes, aromatics for medical purposes, fodder additives for medical purposes, Sarsaparilla for medical purposes, detergents for medical purposes, appetite suppressants for medical purposes, dietetic substances adapted for medical use, amino acids for medical purposes, irish moss for medical purposes, albuminous preparations for medical purposes, alkaloids for medical purposes, angostura bark for medical purposes, smoking herbs for medical purposes, salts for medical purposes, nutritional additives for medical purposes, gamboge for medical purposes, camphor for medical purposes, camphor oil for medical purposes, gelatine for medical purposes, diagnostic preparations for medical purposes, medicinal tea, reducing tea for medical purposes, chewing gum for medical purposes, potassium salts for medical purposes, condurango bark for medical purposes, quassia for medical purposes, quebracho for medical purposes, quinoline for medical purposes, quinine for medical purposes, tinctures for medical purposes, glucose for medical purposes, pomades for medical purposes, castor oil for medical purposes, herbal decoction for medical purposes, blood for medical purposes, hormones for medical

purposes, fennel for medical purposes, enzymes for medical purposes, enzyme preparations for medical purposes, fumigation preparations for medical purposes, liquorice for pharmaceutical purposes, gentian for pharmaceutical purposes, guaiacol for pharmaceutical purposes, frostbite salve for pharmaceutical purposes, lotions for pharmaceutical purposes, lupulin for pharmaceutical purposes, magnesia for pharmaceutical purposes, ergot for pharmaceutical purposes, malt for pharmaceutical purposes, mangrove bark for pharmaceutical purposes, melissa water for pharmaceutical purposes, medicinal hair growth preparations, charcoal for pharmaceutical purposes, gallic acid for pharmaceutical purposes, myrobalan bark for pharmaceutical purposes, mint for pharmaceutical purposes, caustics for pharmaceutical purposes, bromine for pharmaceutical purposes, bismuth subnitrate for pharmaceutical purposes, bismuth preparations for pharmaceutical purposes, preparations of lime for pharmaceutical purposes, cellulose esters for pharmaceutical purposes, cellulose ethers for pharmaceutical purposes, digestives for pharmaceutical purposes, hydrated chloral for pharmaceutical purposes, syrups for pharmaceutical purposes, linseed for pharmaceutical purposes, linseed meal for pharmaceutical purposes, milk of almonds for pharmaceutical purposes, aldehydes for pharmaceutical purposes, alcohol for pharmaceutical purposes, medicinal herbs, fishmeal for pharmaceutical purposes, esters for pharmaceutical purposes, ethers for pharmaceutical purposes, ointments for pharmaceutical purposes, medicinal oils, iodine for pharmaceutical purposes, iodides for pharmaceutical purposes, alkaline iodides for pharmaceutical purposes, milk ferments for pharmaceutical purposes, eucalyptol for pharmaceutical purposes, eucalyptus for pharmaceutical purposes, flowers of sulphur for pharmaceutical purposes, decoctions for pharmaceutical purposes, bicarbonate of soda for pharmaceutical purposes, medicinal mud, aluminium acetate for pharmaceutical purposes, acetates for pharmaceutical purposes, medicinal infusions, cachou for pharmaceutical purposes, collodion for pharmaceutical purposes, creosote for pharmaceutical purposes, tartar for pharmaceutical purposes, turpentine for pharmaceutical purposes, turpentine oil for pharmaceutical purposes, thymol for pharmaceutical purposes, phenol for pharmaceutical purposes, pectin for pharmaceutical purposes, pepsins for pharmaceutical purposes, peptones for pharmaceutical purposes, formaldehyde for pharmaceutical purposes, extracts of hops for pharmaceutical purposes, ferments for pharmaceutical purposes, pills for treating tinnitus, semen for artificial insemination, ginseng capsules, reagents for the diagnosis of pregnancy, nutritious tonics, organotherapy preparations, sticking plasters, additives for formulation of tablets, herbicides, pyrethrum powder, preparations for prescriptions, hematogenic, tumor therapeutic agents, suppositories, medicines for central nervous system, medicines for treating backbone, rat poison, diagnostic isotope indicators, diagnostic agents, sedatives, analgesics, vaginal washes, asthmatic tea, medical preparations for slimming purposes, soporifics, clinical isotope indicators, preparations for facilitating teething, sea water for medicinal bathing, hemorrhoid preparations, preparations for hemorrhoids treatment, powder of cantharides, cocaine, contact lenses cleaning preparations, solutions for use with contact lenses, curare, medicinal decoction, soil-sterilizing preparations, corn plasters, corn remedies, fly destroying preparations, vine disease treating chemicals, chemical preparations for treating phylloxera, preparations for callouses, pharmaceutical preparations for skin care, anti-uric preparations, medicines for anus, antibiotics,

anticryptogamic preparations, febrifuges, vermin destroying preparations, hemoglobin, blood sugar depressing agents, pharmaceutical preparations for blood, blood plasma, serums, serotherapeutic medicines, medicines for respiratory organs, preparations for treating of burns, disinfectants for chemical toilets, chemotherapeutic agents, chemical contraceptive, therapeutic agents for chemical hazards, hydrastinine, hydrastine, and HBS antibody determining reagents; musk for medicine; headache pencils, anti-rheumatism rings, anti-rheumatism bracelets, chemical conductors for electrocardiograph electrodes, filled first-aid boxes, medical bracelets, and hemostatic pencils; gauzes, court plaster, bunion pads, menstruation bandages, belts for sanitary napkins, sanitary napkins, sanitary knickers, sanitary towels, menstruation tampons, antiseptic cotton, breast-nursing pads, diapers for incontinences, pants or absorbents for incontinents, eye bands, wafer paper, bone cement for surgical and orthopaedic purposes, surgical dressing, surgical implants (living tissues), vulnerary sponges, sanitary pants, gum for medical purposes, moleskin for medical purposes, medical oil paper, adhesive bands for medical purposes, elastic bands for medical purposes, tissue impregnated with pharmaceutical lotions, porcelain for dental prostheses, ear bands, rubber for dental purposes, dental lacquer, dental cements, dental amalgams, dental mastics, molding wax for dentists, and absorbent cotton (except for cosmetic ones); fly catching adhesives, and fly catching paper; mothproof paper; microorganisms for medical purposes (except for yeast)

#### Class [06]

Limonite, gold ores, nickel ores, copper ores, manganese ores, molybdenum ores, galena ore, mercury ores, zinc ores, antimony ores, lead ores, uranium ores, pyrite ores, silver ores, tin ores, zircon ores, bismuth ores, iron ores, cobalt ores, chrome ores, tungsten ores, and thorium ores; safes; non-electric metal locks, keys of metal, door locks, door bolts, and handcuffs; steel pipes, balls of steel, steel wire, steel, steel sheets, steel strip, iron strip, tie plates, molybdenum iron, pig iron, stainless steel pipes, silicon iron, tin plate, wrought iron, cast steel, cast iron pipes, iron pipes, iron wire, chrome iron, tungsten iron, titanium iron, steel alloys, and spongy iron; germanium, glucinium, niobium, nickel, unwrought nickel articles, ingot nickel, ingot nickel alloys, copper pipes, casting copper or casting copper alloys, unwrought copper articles, ingot copper, copper plates, ingot copper alloys, casting magnesium or casting magnesium alloys, unwrought magnesium articles, ingot magnesium, ingot magnesium alloys, manganese, molybdenum, raw cobalt, vanadium, beryllium, non-insulated copper wire, cermets, cerium, casting zinc or casting zinc alloys, unwrought zinc products, ingot zinc, zinc plates, ingot zinc alloys, casting aluminum or casting aluminum alloys, aluminum foil, aluminum wire, unwrought aluminum articles, ingot aluminum, ingot aluminum alloys, nickel-silver, casting lead or casting lead alloys, unrefined lead products, ingot lead, lead plates, ingot lead alloys, uranium alloys, silver plated tin alloy, indium, casting tin and casting tin alloys, tin foil, unwrought tin articles, ingot tin, ingot tin alloys, zirconium, bronze, cadmium, chromium, tantalum, tungsten, tombac, casting titanium or casting titanium alloys, unwrought titanium articles, ingot titanium, ingot titanium alloys, ferrotitanium, hafnium, and white metal; barbed wire, porches of metal for building, framework of metal for building, pillars of metal for building, flashing of metal for building, plastered

wall panels of metal for building, wall linings of metal for building, reinforcing materials of metal for building, brackets of metal for building, building panels of metal, cladding of metal for building, steel frames for building, stringers (parts of staircases) of metal, stair treads (steps) of metal, chimney pots of metal, door for safe boxes, materials of metal for tunnels, duckboards of metal, latticework of metal, hinges of metal, staircases of metal, joint anchor bolts for bridges, joint connectors for metal structure, chimneys of metal, chimney cowls of metal, metal railings, bars for metal railings, outer door of metal, door panels of metal, draw handle of metal, girders of metal, laths of metal, manholes of metal, manhole covers of metal, doors of metal, gate stops of metal, door knockers of metal, door stops of metal, door handles of metal, door frames of metal, flume of metal, gutter pipes of metal, flume of metal, materials of metal for floor construction, floors of metal, barricades of metal, scaffolding of metal, drain pipes of metal, wainscots of metal, branching pipes of metal, non-electric door closes of metal, non-electric door openers of metal, latch bars of metal, ice molds of metal, lintels of metal, shutters of metal, water-pipes of metal, penstock pipes of metal, strap-hinges of metal, sheets and plates of metal, sheet piles of metal, earth iron door rings of metal, duct drainage pipes of metal, casement windows of metal, fences of metal, paper sliding doors of metal, poles of metal for electric lines, joists of metal, foundry molds of metal, roof coverings of metal, props of metal, wainscotting of metal, windows of metal, window fasteners of metal, window sash pulleys of metal, gratings of metal, window and door system units of metal, ceiling decorations of metal, ceilings of metal, partitions unit of metal, cornices of metal, sills of metal, ferrules of metal, floor hinge of metal, opening and closing devices of metal for rotary windows, crash barriers of metal for roads, fish plates for rails of metal, runners of metal for sliding doors, non-automatic turnstiles of metal, aluminum sash, greenhouse frames of metal, roof flashing of metal, window rails, window knobs of metal, window frames, pulleys for window frames, moldings of metal for cornices, shuttering of metal for concrete, reinforcing materials of metal for concrete, reinforcing materials of metal for pipes, elbows of metal for pipes, and ferrules of metal for handles; floor tiles of metal, tile floorings of metal, wall tiles of metal, and bonding wires; prefabricated garages of metal, prefabricated building sets of metal, silos of metal, mobile shelters of metal, transportable greenhouses of metal, bicycle parking installations of metal, telephone booths of metal, and prefabricated platforms of metal; wire netting

#### Class [07]

Aerating pumps for aquaria; bellows; stamping machines and adhesive tape dispensers (machines); lawnmower machines; pneumatic door openers and closers (parts of machines), hydraulic door openers and closers (parts of machines), and curtain drawing devices; derricks, power jacks, rack and pinion jacks, lifts (other than ski-lifts and chair-lifts), escalators, elevators, windlasses, winches, moving pavement(sidewalks), chain blocks, capstans, conveyors (other than aerial conveyors), cranes, truck lifts, and hoists; excavators, graders, unmanned carriage cars, bulk trucks, bulldozers, and payloaders; engines for air cushion type transport ship, gasoline engines for marine or aeronautical purposes, gas turbines for marine or aeronautical purposes, air turbines for marine or aeronautical purposes, diesel engines for marine or aeronautical purposes,

ram-jet engines for marine or aeronautical purposes, hydraulic turbines for marine or aeronautical purposes, compressed air engines for marine or aeronautical purposes, jet engines for marine or aeronautical purposes, steam engines for marine or aeronautical purposes, steam turbines for marine or aeronautical purposes, turbo-jet engines for marine or aeronautical purposes, and turbo-prop engines for marine or aeronautical purposes; rubber belts for marine or aeronautical purposes, driving chains for marine or aeronautical purposes, gears for marine or aeronautical purposes, gear boxes for marine or aeronautical purposes, roller chains for marine or aeronautical purposes, links for marine or aeronautical purposes, transmission gear boxes for marine or aeronautical purposes, coupler for marine or aeronautical purposes, transmission chains for marine or aeronautical purposes, transmission shafts for marine or aeronautical purposes, cams for marine or aeronautical purposes, clutches for marine or aeronautical purposes, torque converters for marine or aeronautical purposes, transmissions for marine or aeronautical purposes, and leather belts for marine or aeronautical purposes; bearings for marine or aeronautical purposes, shafts for marine or aeronautical purposes, and couplings for marine or aeronautical purposes; AC motors for marine or aeronautical purposes, servomotors for marine or aeronautical purposes, electric motors for marine or aeronautical purposes, and DC motors for marine or aeronautical purposes; metal drawing machines, mechanical presses, threading machines, nut-tapping machines, die-stamping machines, die-cutting and tapping machines, forging machines, rammers, lapping machines, laser processing machines, riveting machines, machining centers, milling machines, vertical shapers, boring machines, drilling machines (other than for woodworking), embossing machines, broaching machines, lathes (other than for woodworking), plastic working machines, hydraulic presses, smoothing presses, swaging machines, rolling mills, press roller, compression processing machines, grinding machines, heat-impact processing machines, oil pressure presses, electronic beam processing machines, pipe making machines, engraving machines, casting machines, contour machines, beating machines, trueing machines, trimming machines, punching machines, planer lathes, fraise lathes, shaping machines, and honing machines; gas-operated welding irons, pneumatic hammers, grinders, drilling machines, laser cutting machines, friction welding machines, oxyacetylene welding and cutting machines, air drills, air hammers, gas-operated soldering torches, electrical cutting machines, electrical welding machines, electrically-powered hammers, electrically-powered hand drills, electron beam welding machines, gas-operated cutting torches, supersonic welding machines, tilt hammers, and hand taps; drill, drill bites, drill chucks, drill heads, racket stringing machines, reamer, milling cutters, bites, bicycle assembling machines, electric drivers, automatic tire demounter and mounter, and taps; aggregate grinding machines, Mining borers, extractors for mines, coal cutters for mines, ore treating machines, rock drills, deep hole drilling machines, diggers, and coal extraction machines; machines for road construction, machines for road pavement, stone working machine, dredging machines, and nailing guns; leather paring machines, tedding machines, cultivators, grain grinding machines, hair cutting machines for animals, binder (reaping machines), devices for preventing damage by blights or noxious insects, fodder mixers, fodder shredders, fodder presses, mechanized livestock feeders, fodder cutters, reapers and binders, dryers for harvesting machines, fertilizing implements, rice planting implements, stalk

separating machines, straw rope twistors, weeding machines, combines, threshing implements, sowers (machines), and winnowers; ploughshares and ploughs; milk filters, milking machines, and teat cups (suction cups) for milking machines; chick's sex determining devices, incubators for eggs, and brooders; fishing net hauling machines, and squid winches; gasifiers, vulcanisation apparatus, agitators for industry use, crusher (machines) for industrial use, suction machines for industrial purposes, grinders, water separators, reactors, separators, pulverizing machines, fractional condensers, sifting machines, sintering machines, calcining machines, dust collectors, waste (trash) compacting machines, garbage disposals, acetylene purifying apparatus, squeezer, roasters, dissolving equipments, emulsifying equipment, oil refining machines, assembly machines, steam/oil separators, catalytic converters, extractors, waste disposals (machines), filter presses, sewage pulverizers, mixing machines, filters for chemical machinery, absorbing machines, and adsorbing equipment; winding frame, raising machines, braiding machines, printing machines, lace making machines, hosiery looms, spinning wheels, weaving machines, spinning machines, sizing machines, raw silk galvanometers, textile dryers, textile hot air dryers, satinizing machines, carding machines, handlooms, wetting machines, elongating machines (spreading machines), drawing frames, dyeing machines, embroidery machines, working reel frames, warping machines, scouring machines, spinning frames, netting machines, roving machines, roving frames, looms, reels for weaving looms, bobbin for weaving looms, portable rotary steam presses for fabrics, darning machines, dip-dyeing machines, calenders, cord making machines, willowing machines, felt carding machines, felt fulling machines, knitting machines, slides for knitting machines, carriages for knitting machines, tenters, bleaching machines, doubling machines, and starching machines; soy sauce and soybean paste brewing machines, mineral water making machines, churns, sea tangle processing machines, butter machines, bottle washing machines, bottling machines, bottle filling machines, powdered milk manufacturing machines, frozen candy manufacturing machines, soft drink manufacturing machines, sausage manufacturing machines, edible pastes making machines, barley rolling machines, condensed milk manufacturing machines, centrifugal mills, barley processing machines, rice processing machines, baking machines, tea manufacturing machines, sugar making machines, noodle making machines, mills (machines), bread making machines, oil presses, alcoholic liquor brewing machines, cheese manufacturing machines, cream/milk separators, aerated beverage making machines, canning machines, and rice hulling machines; circular sawing machines, band sawing machines, wood planing machines, wood boring machines, woodworking lathes, wood pressing lathes, veneer machines, veneer cutting machines, veneer manufacturing dryers, veneer manufacturing presses, saw blades (parts of machines), and saw benches (parts of machines); corrugated paper manufacturing machines, box manufacturing machines, papermaking machines, paper working machines, paper machines, pulp manufacturing machines, and burlap bag manufacturing machines; bookbinding apparatus and machines for industrial purposes, gravure printing machines, photocomposing machines, photoengraving machines, stereotype machines, intaglio printing machines, rotary printing presses, printing machines, tympan for printing machines, inking apparatus for printing machines, printing presses, printing type-setting machines, printing rollers, printing cylinders, matrices for use in printing, printing matrix boxes, printing

paper feeders, printing plates, relief printing machines, printing machines for use on sheet metal, lithographic printing machines, and typesetting machines; household sewing machines and industrial sewing machines; leather-working machines, shoe manufacturing machines, and Shoe lasts (parts of machines); tobacco processing machines and cigarette manufacturing machines; glass working machines and glassware manufacturing machines; painting machines and implements, painting sprayers, and air brushes for applying colour; sealing machines for industrial purposes, packing machines, and sealing machines for packing; superchargers, superheaters, exhaust manifold for internal combustion engines, fuel conversion apparatus for internal combustion engines, igniting devices for internal combustion engines, spark plugs for internal combustion engines, spark plugs for diesel engines, radiators for cooling motors and engines, exhausts for motors and engines, mufflers for motors and engines, cylinders for motors and engines, gasoline engines other than for vehicles, gas turbines other than for vehicles, air turbines other than for vehicles, diesel engines other than for vehicles, ram-jet engines other than for vehicles, hydraulic turbines other than for vehicles, compressed air engines other than for vehicles, jet engines other than for vehicles, steam engines other than for vehicles, steam turbines other than for vehicles, turbo-jet engines other than for vehicles, turbo-prop engines other than for vehicles, torque converters other than for vehicles, pistons for cylinders, cylinder heads for engines, injectors for engines, igniting magnetos for engines, pistons for engines, atomic motors, carburetors, carburetor feeders, plunger pistons, and piston segments, steam engine boilers other than for vehicles; air compressors, compressed air pumps, water pumps, reciprocating compressors, reciprocating vacuum pumps, reciprocating pumps, centrifugal blowers, centrifugal compressors, centrifugal pumps, axial flow blowers, axial compressors, axial flow pumps, turbo blowers, diffusion pumps, rotary blowers, rotary compressors, rotary vacuum pumps, and rotary pumps; crankcases for machines, motors and engines, machine wheelwork, machine fly-wheels, machine wheels, belts for motors and engines, rubber belts other than for vehicles, driving chains other than for vehicles, gears other than for vehicles, gear boxes other than for vehicles, roller chains other than for vehicles, links other than for vehicles, speed change gears other than for vehicles, transmission chains other than for vehicles, transmission shafts other than for vehicles, cams other than for vehicles, clutches other than for vehicles, transmissions other than for vehicles, and leather belts other than for vehicles; spiral springs other than for vehicles, shock-absorbing materials for rail-use other than for vehicles, spring buffers other than for vehicles, spring oil pressure buffers other than for vehicles, air springs other than for vehicles, and plate springs other than for vehicles; disc brakes other than for vehicles, band brakes other than for vehicles, brake linings other than for vehicles, brake shoes other than for vehicles, brake segments other than for vehicles, block brakes other than for vehicles, and cone brakes other than for vehicles; rings other than for vehicles (machine parts), valves other than for vehicles (machine parts), bearings other than for vehicles (machine parts), bushings other than for vehicles (machine parts), springs other than for vehicles (machine parts), shafts other than for vehicles (machine parts), couplings other than for vehicles (machine parts), and cocks other than for vehicles (machine parts); water mills and windmills; industrial washing machines and automatic apparatus for washing cars; automatic parking equipments and parking

controllers (other than electronic applied); rubber processing machines, rubber manufacturing machines, plastic processing machines, and plastic manufacturing machines; AC generators, starters, AC motors other than for vehicles, driving motors other than for vehicles, servomotors other than for vehicles, electric motors other than for vehicles, DC motors other than for vehicles, and DC generators; electric mixer for household purpose, electric whisks for household purposes, electric fruit presses for household purpose, electric grinders for household purpose, electric mixing machines for household purpose, automatic dishwashers, electric scissors, electric washing machines, electric cleaners, electric shoe polishers, electric can openers, electric vacuum cleaner, and vacuum cleaner bags; robots; electrical brushes; cocoon dryers, breeding cages, silkworm's sex determining devices, mulberry cutters, silkworm breeding baskets, silkworm egg cards, silkworm egg cleaners, silkworm egg collectors, brine selectors for egg-laying, silkworm egg mattresses, silkworm rearing nets, and silkworm egg testing machines and implements

#### Class [08]

Manicure sets, and pedicure sets; tea spoon; sugar tongs, can openers, walnut crackers (not of precious metal), Korean style spoon, spoons, slicers, kitchen knife, table knives, kitchen scissors, tin openers, forks, and pizza cutters(non-electric); fire shovels, fire tongs, and tripods; needle-threaders, non-electric flat irons, and sewing irons; palette knives; razor case, and razor blade case; bud grafting knives, dies, daggers, swords, axes, drill, reamer, milling cutter, breast drill, bits, hunting knives, borers, hand tap, border shears, glass cutters, hatchets, harpoons, pruning shears, carving knives (knives to cut with deliberate or practiced precision), bayonets, punches, and hand drill; tool belts(holders), marking tools, soldering irons, drivers, ratchets, wrenches, riveter, rammers, monkey wrenches, trowels, mitre(Miter(Am.))boxes(hand tools), vises, iron hammers, hand-operated lifting jacks, scrappers, screwdrivers, spanners, adzes, claw hammers, levers, nippers, crow bars, tap wrenches, punch pliers, pinchers, fullers, pliers, and hammers, pickaxes; whetstones, sharpening steels, artificial pumice stones, leather razor sharpening straps, and sharpening wheels; chisels, planes, liner strings for carpenter, ink-pad cases, carpenters' compasses, files, and saws; non-electric hair clippers for personal use, ear-piercing apparatus, curling irons, razor, hair-removing forceps tweezers, hand implements for non-electric hair curling, non-electric razors, eyelash curlers, nail scissors, nail clippers, nail files, hair scissors, curling tongs, and beard clippers; fireplace bellows(hand tools); police batons, self-protection baton; string machines, slaughtering machines, animal skinning manual tools, manual hair clippers for animals, and manual atomizers for insecticide; sickles, shovels, scoops, gardening trowels, spades, hoes, rakes, weeding hoes, sand trap rakes; shoe mold for shoemaking (hand tools); electric razors, electric hair cutter, electric nail clippers, and electric nail files; punch rings (knuckle dusters), and pickel

#### Class [09]

Dosage dispensers; processing optical glass for non-construction, processing waling glass for non-construction, processing lens glass for non-construction, processing ultraviolet transmitting glass for non-construction, processing infrared absorbing glass

for non-construction, and glass covered with an electrical conductor; calculating scales, and abacuses; electric locks; carpenters' square, verniers, and machine rulers; gas analysis apparatus, air analysis apparatus, capillary tubes, patterns, betatrons, burettes, tripod grills, incubators for bacteria culture, test tubes, fermenting devices for laboratory apparatus, furnaces for laboratory experiments, laboratory crucibles, laboratory ceramic instruments, chromatography apparatus for laboratory use, laboratory glass instruments, air gas producers, deflagration spoons, particle accelerators, magnetic stirrers, specimens, pipettes, hydrostats, and thermostats; mirrors for inspecting work, reflectors for optical instrument, optical lenses, optical lanterns, objective lenses for optics, correcting lenses for optics, apertometers for optics, refractors, microscopes for metals, microtomes, telescopes, spectrosopes, biological microscopes, binoculars, concave mirrors, stereoscopes, periscopes, eyepieces, zoom microscopes, optical condensers, anti-dazzle shades, astronomy telescopes, light projectors, polariscopes, prisms, diffraction apparatus for testing microscope, sighting telescopes for firearms, and magnifying glasses; exposure meters (light meters), lens hoods, spectrograph apparatus, video cameras, carriers for photographic dark plates, range finders for photography instruments, magazine (film spools) for photography instruments, self timers for photography instruments, bellows for photography instruments, centering apparatus for photographic transparencies, frames for photographic transparencies, darkrooms for photography, darkroom lamps for photography, drying racks for photography, drainers for use in photography, photographic racks, flash-bulbs for photography, washing trays for photography, speed measuring apparatus for photography, screens for photography, spools for photography, slides for photography, ultraviolet filters for photography, photographic viewfinders, flashlights for photography, filters for photography, enlarging apparatus for photography, drying apparatus for photographic prints, stands for photographic apparatus, photograph developing-printing-enlarging or finishing apparatus, slide projectors, cameras, tripods for cameras, shutters for cameras, shutter releases for cameras, diaphragms for cameras, camera cases, camcorders, heliographic apparatus, flash guns, and film cutting apparatus; video screens, projection screens, sound recording machines for motion pictures, projection apparatus for motion pictures, reflectors for filming, cinematographic cameras, and apparatus for editing cinematographic film; gas meters, tape measures, 1.8-liter measure containers, 18-liter measure containers, planimeters, thermometers for non-medical purposes, water gauges, weighting machines, rulers for measuring instruments, and thermometers; accelerometers, altimeters, sound indicators, photometers, actinometers, integrating photometers, refractometers, barometers, densitometers, urinometers, saccharometers, ergometers, dynamometers, densimeters, variometers, quantity indicators, gravimeters, acid hydrometers, noise indicators, speed indicators, speed checking apparatus for vehicles, automatic indicators of low pressure in vehicle tires, hygrometers, sulphitometers, alcoholmeters, pressure gauges, pressure indicators, pressure measuring apparatus, liquid level gauges, hydrometers, dosimeters, calorimeters, salinometers, flow meters, lactodensimeters, acidimeters for batteries, viscosimeters, illuminometers, coordinate systems, vibration gauges, logs, polarimeters, and revolution counters; angle gauges, clinometers, calibrating rings, length gauges, screw testers, screw-taping gauges, micrometer gauges, comparators, slide calipers, vacuum gauges, calipers, transparency

measuring instruments, flatness testers, and surface roughness measuring instruments; automatic humidity controllers, automatic pressure controllers, automatic liquid level controllers, automatic liquid controllers, automatic calorie control instruments, automatic combustion controllers, automatic thermostats, automatic vacuum controllers, and program controllers; hardness testers, rubbers testers, structure testers, balance testers, metallic material testers, lumber testers, twist testers, fiber testers, cement testers, compression testers, swiftness testers, tension testers, impact testers, concrete testers, and plastic testers; distance recording apparatus, distance measuring apparatus, theodolites, metal detectors for industrial or military purposes, meteorological balloons, meteorological observation instruments, aerometers, compasses, weather resistance testers, azimuth instruments, pedometers, discomfort index measuring instruments, photograph measuring instruments, rods for water diviners, kilometer recorders for vehicles, marine depth finders, water level indicators, spirit levels, leveling instruments, leveling staffs, alidades, egg timers (sandglasses), rain gauges, postage stamp meters, sextants, artificial weathering devices, heliographs, magnetic compasses, meridian transit instruments, gyromagnetic compasses, gyrocompasses, parking meters, mine detectors, earth thermometers, seismographs, zenith telescopes, celestial transit instruments, measuring glassware, surveying chains, surveying targets, sounding leads, sounding lines, leveling poles, tachometers, taximeters, transit instruments, octants, balancing apparatus, rods, anemometers, wind socks (for indicating wind direction), appliances for measuring the thickness of leather, and marine compasses; dust goggles, anti-glare glasses, eyeshades, common eyeglasses, sun glasses, lorgnettes, hydroscopes, goggles for sports, spectacle glasses, eyeglass chains, eyeglass cases, eyeglass frames, pince-nez, pince-nez chains, pince-nez cases, pince-nez frames, contact lenses, contact lens cleaners, and containers for contact lenses; adding machines, calculating disks, cash registers, punched card machines for offices, photocopying machines, invoicing machines, manual calculating machines, counterfeit coin detectors, work recording machines, electric calculating machines, totalizers, credit card machines, time recorders, time stamp machines, voting machines, cash exchanging machines, automatic cash sorters and counters, money counting and sorting machines, and accounting machines; vending machines (other than electric or electronic); gasoline station equipment, and oiler injectors; life nets, life belts, life buoys, life jackets, bullet-proof vests, swimming belts, swimming jackets, safety nets, safety tarpaulins, safety belts (except for vehicle seats and sport equipments), resuscitation mannequins (teaching apparatus), automatic transmitters, and distress signal generator; safety equipment for extinguishing forest fires, fire extinguishing apparatus, fire blankets, sprinkler system for fire protection, fire hydrants, fire extinguishing bombs, and automatic fire extinguishers; gas escaping alarms, anti-theft alarms (except for machines and apparatus for transportation), flame sensors, smoke detectors, heat sensors, sound alarms, electric alarm bells, and fire alarms; wear reflecting discs for the prevention of traffic accidents, blinkers, reflectors, luminous or mechanical traffic signals, luminous or mechanical traffic signal boards, luminous or mechanical road signs, luminous or mechanical safety signal boards, luminous or mechanical safety signboards, luminous or mechanical signalling panels, luminous signs, luminous beacons, and luminous vehicle breakdown warning triangles; divers' masks, earplugs for divers, and oxygen tanks for divers; machines and

apparatus for amusement parks; automatic turnstiles, electric door closers, and electric door openers; life-saving boats, and fire boats; rockets, and satellites; fire engines, and cigar lighters for automobiles; arc welding machines, electric arc welding apparatus, and electric arc cutting apparatus; electrified fences for livestock husbandry; egg-candlers; ionization apparatus (except for the treatment of air), and electrolyzers; rheostats, electric relays, disconnecting switches, reactors, stage lighting regulators, distributing boxes, switchboards, distribution boards, switchboxes, branch boxes, cell switches, solenoid valves (electromagnetic switches), inductors, induction voltage regulators, inverters, electric terminals, transformers, electric switches, armatures, electric resistors, electric converters, electric contacts, current controllers, current limiters, connections for electric lines, electric wire connectors, voltages surge protectors, chargers for electric batteries, flicker switches, current rectifiers, commutators, control panels, lighting ballasts ; phase modifiers, circuit breakers, electric condensers, chargers for storage battery, fuses, lightning arresters, lightning conductors, anti-interference devices, circuit shutter, and rotary current converters; dry batteries, photovoltaic cells, wet cells, storage batteries, and solar batteries; galvanometers, air wire testers, oscillators, oscillographs, capacity measuring instruments, phase meters, magnetic measuring instruments, resistance measuring instruments, integrating watt meters, electric leakage indicators, electromagnetic measuring detectors, watt meters, ammeters, voltmeters, electric waves measuring instruments, frequency meters, vacuum tube testers, and circuit meters; optical fiber cables, bare wires, power cables, coaxial cables, electric cables, electric wires, electric ducts, telegraph wires, telephone wires, connecting sleeves, connecting boxes, terminal boxes, communication cables, and covered electric wires; electric flat irons, electric mosquito catchers, electric buzzers, electric door bells, electric hair-curlers, electric make-up removing appliances, small heart-shaped electric irons with a long handle, electric vending machines (except for vending machines applied electronic), electrically heated socks, ticket dispensers, and amusement apparatus adapted for use with television receivers only; video phones, manual switch boards, interphones, automatic switch boards, telephones, telephone transmitters, telephone receivers, telephone automatic answering apparatus, and speaking tubes; phototelegraphy apparatus, manual telegraph sets, teletypewriters, automatic telegraph sets, relay switch boards, teletypewriters, teleprinters, and facsimile machines; bare wire carrier equipment, carrier relay equipment, sound wave telegraph sets, power line carrier equipment, and cable carrier equipment; radio transmitters, video cameras for broadcasting, telecommunication transmitters, television transmitters, teleprompters, radio receivers, clock radios, audio and video receivers, television receivers, and television satellite broadcast receivers; multi channel communication equipment for base station, single channel communication equipment for base station, ship 's communication equipment, walkie-talkies, earth satellite cruising location and earth location determining equipment, vehicle communication equipment, radio pagers, aerial communication equipment, and portable communication equipment; radar apparatus, direction finders, navigation apparatus for vehicles (on-board computers), and satellite navigational apparatus; telemetering control equipment; sound recording machines (except for motion pictures), playback machines, coin-operated musical automatic apparatus (juke boxes), DVD players, MP3 players, record players, megaphones, video disc players, video

recorders, video cassettes, musical juke boxes, sound recording apparatus, acoustic conduits, sound transmitting apparatus, sound reproduction apparatus, acoustic couplers, electric phonographs, diaphragms, amplitude limiters, cassette players, compact disc players (CDP), and loudspeaker apparatus; wave detectors, high-frequency apparatus, head cleaning tapes for tape recorders or VTR, sound recording discs, sound recording tapes, dials, phonograph records, microphones, modems, masters for wireless aerials, signal lamps for distributing panels, transformers, security devices, video tapes, sterilizers for receivers, antennas, adaptors, non-processed compact discs for audio and video, electric coils, holders for electric coils, commutators, frequency converters, amplifiers, choking coils (impedance), pickups, and headphones; geiger counters, optical discs, optical character readers, recorded computer software, recorded computer operating programs, recorded computer programs, computer programs (downloadable software), notebook computers, laptop computers, mouse, mouse pads, microprocessors, bar code readers, light-emitting electronic pointers, video game cartridges, lasers for non-medical purposes, X-ray producing apparatus and installations for non-medical purposes, protection devices against X-ray for non-medical purposes, X-ray apparatus for non-medical purposes, cyclotrons, simulators for regulating and controlling transport machines and apparatus, hydrophones, scanners, word processors, work stations, magnetic discs, magnetic encoders, magnetic prospecting apparatus, magnetic indicators, magnetic tapes, demagnetizing apparatus for magnetic tapes, electrically-lit notice boards, electric monitoring apparatus, electric blankets, electronic notice boards, electronic antitheft devices, electronic copying machines, electronic agendas, electronic assembly cards, transmitters of electronic signals, applied electronic automatic door opening and shutting apparatus, electronic vending machines, electronic typewriters, electronic pens, electronic microscopes, electronic circuit learning machine, central processing units (processors), earthquake prospecting apparatus, ultrasonic bug-destroying machines, supersonic applied sounders, supersonic applied defectoscopes, supersonic applied detectors, computers, computer memories, computer monitors, computer disk drives, wrist rests for use with computers, magnetic tape units for computers, juke boxes for computers, printers for use with computers, computer electronic game appliances, computer keyboards, cable inspection panels, closed circuits, plotters, floppy disks, PDA, portable electronic calculators, electronic pocket translators, and CD-ROM; phototubes, thermionic valves for radio, Braun tubes, X-ray tubes for non-medical purposes, electric discharge tubes other than for lighting, thermionic lamps and tubes, electron guns, rectification tubes, amplifying tubes, vacuum tubes, condenser compatible generator, and automatic solar ray pursuit sensors; diodes, semiconductors, wafers, integrated circuits, thermistors, transistors, and printed circuits; sockets, anodes, cathodes, magnetic cores, magnets (Decorative-), covers for electric outlets, electrodes, and plugs; nose clips for divers and swimmers, regulators, swimming tubes, ergometers, and sporting whistles; gloves for protection against X-rays for industrial purposes, gloves for protection against accidents, and gloves for divers; protective helmets, protective helmets for sports, and solderers' helmets; gas masks, anti-poison gas masks, dustproof masks, protective masks, and welding masks; fireproof clothes, and diving suits; electronic music (downloadable), tapes recorded music (excluding visual images), tapes recorded music (including visual images), phonograph records, stylus for

record players, stylus exchanging apparatus for record players, speed regulators for record players, tone arms for record players, metronomes, manual record players, and music-recorded compact discs; tapes recorded non-music (excluding visual images), tapes recorded non-music (including visual images), magnetic credit cards, magnetic key cards, magnetic subway tickets, and magnetic phone cards, electronic books (downloadable), electronic newspapers (downloadable), downloadable electronic printed teaching materials (reference books); exposed cinematographic films, exposed films, animated cartoons, slide films, and motion picture films

Class [10]

Cornea meters, ophthalmic instruments, ophthalmoscopes, pelvic meter, electroencephalographs, immunity affinity spectrometer, depressors, electrocardiographs, tonometers, urethral probes, gastroscopes, medical thermometer, medical electrodes, medical probes, skin thickness measuring instruments, mobile monitoring scanners, audiometers, stethoscopes, plexors, nuclear magnetic resonance tomograph, hematimeters, blood pressure gauge, and blood testers; surgical hooks, instruments for calculus therapy, forceps, bonesetting instruments, retractor blunts, uterine dressing instruments, stripping pincers, lancets, anesthetic apparatus, retractors, platinum cauteries, obstetric apparatus, dilators for obstetrics and gynecology, retractor sharps, scissors for surgery, mirrors for surgeons, scalpels, surgical bougies, surgical clips, surgical saws, traction apparatus for medical purposes, defibrillators, medical perforators, electric bone operation device, electro-surgical units, electric cauteries, surgical machining device, surgical cutters, orthopedic remedy instruments for feet, tongue scrapers, corn knives, dermatoplastic instruments, and thoracoscopes; apparatus for the treatment of deafness, ureteral catheters, physiotherapy apparatus, incubators for babies, radioactive therapeutic instruments, fleams, suturing instruments, suture needles, oxygen inhalators, flushing instruments, resuscitation apparatus, mercurial lamp therapeutic instruments, blood transfusion sets, heart pacemakers, massage apparatus, hot air therapeutic apparatus, urethral syringes, thermal packs for first aid purposes, enema apparatus for medical purposes, drainage tubes for medical purposes, sprayers for medical purposes, physical exercise apparatus for medical purposes, aerosol sprayers for medical purposes, hot air vibrators for medical purposes, medical fluid control clips, syringes for medical purposes, pumps for medical purposes, artificial pneumothoraxes, respirators for artificial respiration, treadmills for clinical use, uterine syringes, ultraviolet lamp therapeutic instruments, infrared lamp therapeutic instruments, electric acupuncture instruments, syringe needles, syringe barrels, vaginal syringes, boring and cutting instruments, appliances for washing body cavities, ultra short wave therapeutic instruments, ultrasonic therapeutic instruments, insufflators, therapeutic bath instruments, acupuncture needles, catheters, cannulae, carbon lamp therapeutic instruments, trocars, hypodermic syringes, portable oxygenators, and inhalers; instrument stands, instrument tables, stretchers, autoclaves, childbirth mattress, sterilizers, operating tables, operating illuminators, cases fitted for use by surgeons and doctors, lamps for medical purposes, water beds for medical purposes, armchairs for medical or dental purposes, fumigation apparatus for medical purposes, specially made beds for medical purposes, prescription tables, prescription instruments, examining tables, dissecting tables, invalids' hoists, and

wheeled stretchers; prosthetic instruments, dental scrapers, filling instruments, carious tooth detectors, mirrors for dentists, dental burs, dental broaches, dental therapeutic units, dental operating tables, dental cleansers, scalers, teeth orthodontic instruments, orthodontic appliances, and gingiva exploring needle; obstetric apparatus for cattle, castrating instruments, balling guns, obstetric instruments for veterinary use, surgical instruments for veterinary use, and horseshoe instruments; health bands, crutches, hearing aids, walking aids, abdominal bands, abdominal pads, surgical implants, surgical splints, surgical compressors, artificial skin for surgical purposes, medical guidewires, strait jackets, finger guard for medical purposes, shoes for medical purposes, artificial hair for medical purposes, electric belts for medical purposes, corsets for medical purposes, artificial limbs, artificial eyes, artificial teeth, pins of artificial teeth, dialyzers, artificial breasts, artificial ligaments, artificial jaws, maternity belts, orthopedic soles, orthopedic belts, orthopedic shoes, hearing protectors, vertebra remedy instruments, hernia bandages, proctoceles bands, supports for flat feet, hypogastric belts, and tips for crutches for invalids; cupping glasses, therapeutic fomentation instruments, radium tubes for medical purposes, lasers for medical purposes, radiology screens for medical purposes, X-ray tubes for medical purposes, apparatus and installations for the production of X-ray for medical purposes, protection devices against X-ray for medical purposes, and X-ray photographs for medical purposes; condoms, pessaries, and contraceptive sacks; draw-sheets for sick beds, soporific pillows for insomnia, triangular bandages, urine collecting bags, urine pouch adaptors, urine pouch taps, suturing thread for surgical operations, spoids, incontinence sheets, ice pillows, surgical drapes, surgical sterile sheets, surgical sponges, surgical threads, surgical thermo-electric pressing cloth, elastic stockings for surgical purposes, teething rings, air pillows for medical purposes, air cushions for medical purposes, ear plugs for medical purposes, cotton swab for medical purposes, water bags for medical purposes, ice bags for medical purposes, urine vessels, electric blankets for medical purposes, electric heating cushions for medical purposes, electric heating pads for medical purposes, cushions for medical purposes, pincettes for medical purposes, devices for weaning, materials for artificial eardrums, catgut, stockings for varices, plaster bandages for orthopedic purposes, orthopedic knee bandages, nursing bottles, nursing bottle cap, nursing bottle teats, supportive bandages, spoons for administering medicine, pads (pouches) for preventing pressure sores on patient bodies, bed pans, and commode chairs; ear picks; spirometers; electric massage apparatus; gowns for nurses, clothing especially for operating rooms, and gowns for medical doctors; gloves for massage, and gloves for medical purposes; anaesthetic masks, and masks for use by medical personnel

Class [11]

Dental ovens; disposable sterilization pouches; gas grills, household water purifiers, and tableware sterilizers; ice boxes (not portable purpose), and ice refrigerators; gas ranges, gas burners, gas cocks, camping burners, roasters, malt roasters, lava rocks for use in barbecue grills, incandescent burners, oxyhydrogen burners, germicidal burners, petrol burners, oil stoves (for cooking), acetylene burners, alcohol burners, ovens, oil burners, bakers' ovens, kitchen oven ranges, earthenware furnaces, meat roasters, and gasoline burners; gas range stands, sinks, and cooking stands; heating bags, hot water bottles,

and pocket heaters; aquarium filtration apparatus and aquarium heaters; bathroom spuds, toilet bowls, toilet seats, bidets, urinals, and disinfectant dispensers for toilets; showers, shower cubicles, wash-hand basins (parts of sanitary installations), wash-hand stands, bath tubs, bath linings, and prefabricated bathrooms; gas stove, hearths, heating dampers, warming pans, radiator caps, oil stoves, coal stoves, hot air furnaces, and braziers, gas boilers, household boilers, heat radiating apparatus, instantaneous water heaters, hot air heating apparatus, water heaters, hot water heating apparatus, and steam heating apparatus; gas refrigerators, coolers, cooling evaporators, cooling towers, cooling vessels, freezers, and air conditioners; ventilator, and fans for ventilator; gas lamps, gas mantles, lamps shades (globes), lampshade holders, lamp hanging supports, lamp chimneys, lamp reflectors, lamp glasses, porcelain lamp oil containers, oil lamps, Chinese lanterns, kerosene lamp, and flares; washers for water taps; household sewage purification tubs, hydrants, drip irrigation emitters (irrigation fittings), three-in-one excretion tanks, water faucets, pipes for sanitary installations, water fountain for drinking, excretion treatment equipment, water fountain for decoration, and solar collecting plates; water closets and portable simple toilets; hot plates for chemical instruments; ship lights, ship reflectors, directional signal ship lamps, directional signal light bulbs for ships, anti-dazzle devices for ships (lamp fittings), defrosters for ships, air conditioners for ships, ship headlights, ventilation installations for ship, and heaters for ships; aircraft lights, aircraft reflectors, directional signal lamps for aircraft, directional signal light bulbs for aircraft, anti-dazzle devices for aircraft (lamp fittings), defrosters for aircraft, air conditioners for aircraft, aircraft headlights, ventilation installations for aircraft, and heaters for aircraft; railway lights, railway reflectors, directional signal lamps for railway, anti-dazzle devices for railway (lamp fittings), defrosters for railway, air conditioners for railway, railway headlights, ventilation installations for railway, and heaters for railway; motorcycle lights, automobile lights, automobile reflectors, directional signal lamp of automobiles, directional signal light bulbs for automobiles, anti-dazzle devices for automobiles (lamp fittings), defrosters for automobiles, air conditioners for automobiles, automobile headlights, ventilation installations for automobiles, and heaters for automobiles; bicycle lights; boilers for ship (excluding steam engines boilers), stokers for transportation machines and apparatus, and boilers for vehicles (excluding steam engines boilers); drying apparatus for fodder and forage, and watering machines for agricultural purposes; gas scrubbing apparatus, air sterilizers, air filtering installations, air purifying apparatus and machines, ionization apparatus for the treatment of air, air deodorizing apparatus, desalination plants, clean chambers (sanitary installation), water sterilizers, water purification installations, swimming pool chlorinating units, acetylene generators, heat exchanger, oil-scrubbing apparatus, polymerization installations, stills, refining towers for distillation, distillation apparatus, steam machines, water intake apparatus, purification installations for sewage, and drying apparatus for chemical instruments; milk sterilizer, dehydrating (Apparatus for-) foodstuffs organic materials, beverage cooling apparatus, ice machines and apparatus, and pasteurizers; kilns, heating furnaces, carbonization furnaces, industrial crucibles, metallurgical furnaces for instruments, reverberatory furnaces, generators, furnaces (other than for experimental purposes), incinerators, sintering furnaces, annealing furnaces, hot blast stoves, blast furnaces, cupolas, atomic reactors, portable

forges, electric furnaces, converters, coke furnaces, solar furnaces, open-hearth furnaces, processing installations for fuel and nuclear moderating material, metal mixers, and revolving furnace; boilers for non-transportation machines and apparatus (excluding steam engines boilers and household boilers), stokers for non-transportation machines and apparatus; level controlling valves in tanks; street lamps, pit safety lamps, germicidal lamps for purifying air, neon lamps, lanterns, generator lamps, implements for discharge lamps, incandescent bulbs, incandescent lamp implements, ultraviolet ray lamps (not medical purposes), germicidal lamps, chandeliers, water surface lamps, mercury lamps, aquarium lights, spotlights, arc lamps, safety lamps, diving lights, decorative lamps, infrared bulbs, torches for lighting, fish attracting lights, ceiling lights, fairy lights for festive decoration, electric lights for Christmas trees, stand lamps for the table and/or desk, searchlights, sun lamps, projection lamps, fluorescent lamps, and pocket searchlights; electric humidifiers, hair dryers, room coolers, electric blankets (not for medical purposes), electric cushions (not for medical purposes), electric fans, electric refrigerators, electric freezer showcases, electric oven ranges, electric stoves, electric heating socks for warming, electric laundry dryers, electric pressure cooking saucepans, electric pressure cookers, electric waffle irons, electric appliances for making yogurt, electric heaters for feeding bottles, electric kettles, electric coffee machines, electric coffee filters, electric coffee percolators, electric deep fryers, electric coal gas dischargers, electric quilts, electric foot warmers, electric coffeepots, electric cookers, electric dehydrators, electric toasters, electric air furnaces, electric braziers, electrically heated carpets, microwave ovens, and bedwarmers; gas lighters (not smoker 's purposes) and lighters (not smoker ' s purposes)

#### Class [12]

Wheel-chair; parachutes; traction engines, aerial conveyors, cableways, ski lifts, chairlifts, and car dumpers; passenger boat, moorings, warships, floating crane, oars, launches, motor boats, barges, rudders, sailboats, boats (excluding salvage boats), boat hooks, davits for boats, fenders for ships, screw-propellers for ships, ships hulls, ice breakers, amphibious rigs, sculls, oil prospecting rigs, fishing boats, tugboats, yachts, oil tankers, dredgers, canoes, paddle for canoes, container rigs, cable laying ships, caissons, helms, ferry boats, and cargo ship; gliders, balloons, aeroplane, airships, amphibious airplanes, seaplanes, autogyros, space vehicles, aircraft, ejector seats for aircraft, screw-propellers for aircraft, and helicopters; rails, funnels for locomotives, diesel locomotives, internal combustion diesel trains, tramcars, electric locomotives, steam locomotives, carriages (railways), rope ways for railway cars, bogies for railway cars, couplings for railway cars, freight cars for railway cars, storage battery locomotives, cables railways, cables cars, and telpher railways; refrigerated vehicles, snowmobiles, dump trucks, buses, ladder trucks, side cars, sprinkling trucks, tricycles, hose carts, amphibious cars, sports cars, passenger cars, passenger cars (for 7 or more passengers), ambulances, hearses, motorcycles, warning systems for motorcycles, motorcycle rims, motorcycle tires, motorcycle spokes, direction indicators for motorcycles, bells for motorcycles, stands for motorcycles, motorcycle saddles, saddle covers for motorcycles, motorcycle pumps, pedals for motorcycles, motorcycle frames, motorcycle handle bars, motorcycle hubs, motorcycle mudguards, parcel baskets for

motorcycles, omnibuses, motor homes, safety air bags for automobiles, windscreen wipers, automobile engine hoods, horns for automobile, air pumps for automobiles, luggage nets for automobile, anti-theft alarms for automobile, doors for automobile, direction signals for automobile, anti-dazzle devices for automobile (excluding lamp fittings), rearview mirrors for automobiles, bumpers for automobile, automobile bodies, automobile chassis, ski carriers for cars, tailgates for automobile (elevating, or power-operated), automobile seat covers, windcreens, automobile safety seats for children, steering wheels for automobile, automobile seats, automobile running boards, undercarriages for automobile, automobile wheels, sun-blinds adapted for automobiles, windows for automobiles, automobile torsion bar, automobile hoods, reversing alarms for automobile, head-rests for automobile, safety belts for automobile seats, balance weights for automobile wheels, rims for automobile wheels, automobile wheel spokes, armored cars, snowplows, fork lift truck, spoke clips for wheels, bands for wheel hubs, garbage trucks, sleeping cars, camping cars, concrete mixing vehicles, tank lorries, trailers, trucks, and mudguards for trucks; bicycles, rims for bicycle, wheels for bicycles, spokes for bicycles, direction indicators for bicycles, bells for bicycles, saddles for bicycles, stands for bicycles, saddle covers for bicycles, pumps for bicycles, pedals for bicycles, frames for bicycles, and handle bars for bicycles; carts, sleighs for vehicles, air cushion vehicles, horse carriages, baby carriages, rickshaws, wagons, and hand cars; tire and tire tubes; gasoline engines for land vehicles, gas turbines for land vehicles, air turbines for land vehicles, diesel engines for land vehicles, ram-jet engines for land vehicles, hydraulic turbines for land vehicles, compressed air engines for land vehicles, jet engines for land vehicles, steam engines for land vehicles, steam turbines for land vehicles, turbo-jet engines for land vehicles, and turbo-prop engines for land vehicles; rubber belts for land vehicles, driving chains for land vehicles, gearing for land vehicles, gear boxes for land vehicles, roller chains for land vehicles, links for land vehicles, speed change gears for land vehicles, connectors for land vehicles, transmission chains for land vehicles, transmission shafts for land vehicles, cams for land vehicles, crankcases for land vehicles (other than for engines), clutches for land vehicles, torque converters for land vehicles, transmission for land vehicles, and leather belts for land vehicles; spiral springs for vehicles, rail damping materials for vehicles, buffer springs for vehicles, airing oil pressure buffers for vehicles, air springs for vehicles, and plate springs for vehicles; disc brakes for transportation machines and apparatus, band brakes for transportation machines and apparatus, brake linings for transportation machines and apparatus, brake shoes for transportation machines and apparatus, brake segments for transportation machines and apparatus, brake forks for transportation machines and apparatus, block brakes for transportation machines and apparatus, and cone brakes for transportation machines and apparatus; bearing for land vehicles, shafts for land vehicles, couplings for land vehicles, and axle journals; Alternating-current (A.C) motor for land vehicles, servo motor for land vehicles, electric motor for land vehicles, and direct current (D.C) motor for land vehicles; tractors for agricultures

Class [13]

Tanks: gas guns, gunstocks, anti-aircraft guns, air guns, pistols, machine guns, heavy machine guns, cannons, harpoon guns, recoilless rifles, mortars (firearms), rifles, safety

locks, hunting firearms, gun sights, Trunnions for heavy weapons, gun cases, rifle barrels, hammers for guns and rifles, trigger guards for guns and rifles, noise-suppressors for guns, sighting mirrors for guns and rifles, tear-gas weapons, carbines, apparatus for filling cartridge belts, apparatus for charging ammunition, gun carriages (artillery), gun barrels, cannon supports, tinder, bandoliers for weapons, and breeches of firearms; gas shells, air gun bullets, fuses for mine explosives, machine gun bullets, mines, initial explosives, detonating plugs, dynamites, priming fuses, rocket bullets, rocket bullet launchers, guncottons, smokeless powder, launchers, firing platforms, smoke shells, bengal lights, percussion caps other than toys, powder horns, lead shot for hunting, case shots, incendiary bombs, handgun bullets, hand grenades, fuses, liquid explosives, powder cases, cartridge cases, carpet bombing devices, torpedos, hunting gun bullets, guided missiles, flare bombs, explosive mines, ammonium nitrate explosives, Carlit (perchlorate explosive), ballistic missiles, ammunition, ammunition cases, ammunition cartridges (ammunition pouches), tracing machines, bomb-dropping devices, shells (projectiles), depth charges, firing lanyards for explosives, explosive powders, explosive cartridges, fireworks, bombs, pyroxylin, and black powder

Class [14]

Cigarette cases of precious metal, cigarette holders of precious metal, tobacco pipe of precious metal, tobacco case of precious metal, smoking pipe of precious metal, bowl of tobacco pipe of precious metal, sailor 's pipe of precious metal, match boxes of precious metal (match holders of precious metal), cigar cases of precious metal, cigar holders of precious metal, ashtrays of precious metal, and snuff boxes of precious metal; compacts made of precious metal; pre-cut diamond, and pre-cut garnet; non-electric tea infusers of precious metal, non-electric coffeepots of precious metal, non-electric pots of precious metal, jugs of precious metal, and teapots of precious metal; bowls of precious metal, egg cups of precious metal, soup bowls of precious metal, saucers made of precious metal, rice bowls of precious metal, wine glasses of precious metal, dishes of precious metal, teacups of precious metal, coffee cups of precious metal, and cups of precious metal; napkin rings of precious metal, napkin holders of precious metal, urns of precious metal, cruets of precious metal, toothpick holders of precious metal, trays of precious metal, tea strainers of precious metal, tea caddies of precious metal, and walnut crackers of precious metal; commemorative cups of precious metal, and commemorative plates of precious metal; needle boxes of precious metal, needle cases of precious metal, workbox of precious metal, caps for knitting needles of precious metal; wallets of precious metal; jewel cases of precious metal; flower basins of precious metal and vases of precious metal; shoe ornaments of precious metal; candlesticks of precious metal, candle rings of precious metal, and candle extinguishers of precious metal; key holders; needles of precious metal; wall clocks, master clocks, stopwatches, movements for clocks and watches, clock dials, clock hands, watch springs, anchors (clock and watch-making), watch crystals, watch chains, pendulums (clock and watch-making), watch cases, clockworks, barrels (clock and watch-making), atomic clocks, clocks for automobiles, alarm clocks, electric clocks and watches, electronic clocks and watches, control clocks, chronographs, chronometers, chronoscopes, table clocks, wrist watches, sundials, and pocket watches; garnet, olivine

(gems), malachites, diamond, opal, ruby, agates, cat 's eye, moonstone, beryl, jasper, jade, sapphire, coral, ivory, crystal, star-ruby, star-sapphire, alexandrite, aquamarine, emerald, chalcedony, artificial jewelry, zircon, pearl, spinel (precious stones), cloisonne jewelry (jewelry(Am.)), cubic-zirconia, chrisoberyl, turquoise, topaz, tourmaline, tiger-eye, yellow jade, and jet; ingot gold alloys, gold platings, gold leafs, wrought gold articles, ingot gold, gold-alloy platings, nickel silver, rhodium, ruthenium, platinum or platinum-alloy castings, platinum leafs, wrought platinum articles, ingot platinum, ingot platinum alloys, aluminum gold, osmium, silver or silver-alloy casting leafs, silver leafs, wrought silver articles, ingot silver, ingot silver alloys, iridium, and palladium; earrings, hat ornaments of precious metal, badges of precious metal, buckles of precious metal, belt ornaments of precious metal, pins of precious metal, necktie pins, medals, necklaces, rings, anklets, amulets (jewelry), brooches (jewelry), ornamental pins, charms, tie clips, and bracelets; cuff links; Virgin Mary icons of precious metal, Buddha icons of precious metal, and Jesus Christ icons of precious metal; boxes of precious metal, purses of precious metal and powder compacts of precious metal

#### Class [15]

Tuning apparatus; gayageum (Korean harps), jews harps, guitars, guitar capos, small gongs, drums, drumsticks, reeds, lyres, mandolins, xylophones, musical boxes, music synthesizers, violins, bandonions, barrel organs, bagpipes, buccins (trumpets), basses, bass drum sticks, drums, drumsticks, violas, pipa (Chinese guitars), saxophones, sheng (Chinese musical wind instruments), tuning forks, suona(Chinese trumpets), cymbals, court music instruments, accordions, mouthpieces for musical instruments, stands for musical instruments, valves for musical instruments, bridges for musical instruments, bellows for musical instruments, dampers for musical instruments, catgut for musical instruments, cases for musical instruments, keys for musical instruments, pedals for musical instruments, picks for stringed instruments, handbells(musical instruments), strings for musical instruments, pegs for musical instruments, bows for musical instruments, bows sticks for musical instruments, bows nuts for musical instruments, music cases, sheet music stands, tuning apparatus for music, organs, wind pipes for organs, oboes, ocarinas, Jangkoo (Korean drums), bamboo flutes, electric guitars, electric organs, electronic organs, conductor 's batons, gongs, chimes, glockenspiels, cellos, zithers, carillons, castanets, kettledrums, kettledrum frames, cornets, concertinas, contrabass, chromaharps, clarinets, clarions, tom-toms, tambourines, triangles, trombones, trumpets, timpani, bassoons, flutes, pianos, piano keyboards, piano keys, piano strings, harmoniums, harmonicas, harps, harp strings, oriental fiddles, horns, and huqin (Chinese violins)

#### Class [16]

Cigar bands; gums (adhesives) for household purpose, starch paste for household purpose, isinglass for household purpose, adhesives (glues) for household purpose, and pastes for household purpose; garbage bag of paper or plastic; aluminium foil for collecting dirt from gas ranges, silver paper, and foils for kitchen; labels (not of textiles), stickers (stationery), signboards of paper or cardboard, bulletin boards of paper or cardboard, and advertisement boards of paper or cardboard; national flag of paper,

and flags of paper; pennants of paper; flower-pot covers of paper; indoor aquaria tanks, indoor aquarium (except for structure), indoor terrariums (vivariums), and fish bowls; embroidery canvases, embroidery designs (patterns), steatite (tailor 's chalk), and patterns for knitting; corrugated cardboard, paper for recording machines, acid proof paper, paper used for making stencils, rice paper, roofing paper, paper for radiograms, luminous paper, waterproof paper, oil proof paper, fireproof paper, white paper boards, copying paper, recycled paper, cellophane paper, newsprint paper, electro-cardiograph paper, unsized silk paper (tissue paper), wet recording paper for fish detectors, filter paper, waxed paper, oilpaper, printing paper, laminated floor paper lacquered with bean oil, transfer paper, blueprint paper, original paper for making prints using stencil ink, paper coffee filters, paper tapes and cards for the recordal of computer programs, typewriter paper, cardboard, facsimile paper, postcard paper, wrapping paper, covering paper, writing and drawing paper, Korean paper, papier mache, parchment paper, and yellow paperboard, napkin paper, wet paper towels, handkerchieves of paper, towels of paper, facial towels of paper, toilet paper, paper tissues for removing make-up, facial tissues; tags for index cards, arithmetical tables, notebooks, control tokens, ruled paper, ledgers (books), stencil paper, loose leaf paper, memo paper, name card paper, index cards (stationery), graph paper, envelopes, office paper pads, jackets for paper, pocket-size notebooks, sketchbooks, scrapbooks, albums, writing pads, account books, bookmarkers, paper slips, carbon paper, tracing patterns, tracing paper, and writing tablets; stencil pens, fountain pens, ball-point pens, chinks, writing brushes, felt tip pens, mechanical pencils, slate pencils, pencils, magnetic pens, steel pens, pens, penholders, and pen points (nibs); paint boxes, charcoal pencils, artist 's watercolor saucers, etching needles, engraving plates, canvas for painting, crayons, pastels, paintbrushes, painter 's easels, and palettes for painters; rubber erasers, erasing shields, trays for sorting and counting money, tools for words memorization, seals, stamping materials, stencil plates, loose-leaf binders, ink sticks, indian inks, gums (adhesives) for stationery purpose, starch paste (adhesives) for stationery purpose, document files for stationery purpose, isinglass for stationery purpose, gummed tapes for stationery purpose, adhesive tapes for stationery purposes, pastes for stationery purpose, paperweights, ink stones (ink reservoir), bookends, protractors, chalk erasers, chalk holders, chart pointers (non-electric), elastic bands for offices, thimbles for offices, humidifiers for offices, staples for offices, clips for offices, punches for offices, photograph stands, folders for papers, lithograph, correcting fluids (office requisites), stamp stands, stamp pads, cases for stamp (seals), blotters, thumbtacks, connected rulers, pencil sharpeners, pencil leads, pencil lead holders, pencil holders, French curves, seals (stamps), red vermilion stamp pads, date stamps, ink, ink bottles, inkstands, ink erasers, inking pads, magnetic stamps, magnetic blackboards, drawing thumbtacks, drawing squares, compasses for drawing, tracing needles for drawing, drawing pads, drawing pins, drawing T-squares, drawing paper, paper bows, drawer liners of paper (perfumed or out), paper clasps, terrestrial globes, file binders, square rulers, charts, pads inserted under a notebook sheet, blackboards, blackboard erasers, straight pin, clipboards, paper knives, paper-clips, stands for pen and pencils, boxes for pens, pen cases, pen clips, letter openers, letter holders, writing-brush racks, writing case sets, wristbands for the retention of writing instruments, writing cases (stationery),

writing boards, writing board erasers, moisteners (office requisites), stapling presses (office requisites) and blotting instruments; insect collecting boxes, and insect capturing devices; food storage wraps; boxes of cardboard, and boxes of paper; bags of paper for packaging, and bags of plastics for packaging; mats for beer glasses, paper blinds, paper place mats, paper table mats, and paper table linen; brushes for decorative pottery; numbering machines, mimeograph machines, mimeographs, paper shredders, credit card imprinters (non-electric), sealing machines for offices, paper cutters for office use, document laminators for office use, adhesive tape dispensers for office use, obliterating stamps, hand labeling appliances, stamp printers, postage stamp meters, electric perforators, drawing machines, drawing boards, binding perforators, gelatin plate duplicators, relief plate duplicators, blueprint duplicators, check writers, cartridge ribbons, cartridge tapes, typewriters, letter opening machines, and envelope sealing machines; steel letters, photo-engravings, galley racks for printing, composing frames for printing, composing sticks for printing, printers' galleys, printing type, electrotypes, and printing blocks; sealing wax; Korean playing cards; babies' diapers of paper and cellulose (disposable); rosaries; pictorial postcards, song books, calendars, diagrams, comic books, musical new year's cards, handwriting specimens for copying, amulets (talismans), non-magnetic subway tickets, non-magnetic phone cards, non-magnetic credit cards, books, plans, booklets, checks, writing or drafting books, newspapers, sheet music, almanacs, new year's cards, postcards, patterns for dressmaking (excluding patterns for knitting), postage stamps, texts for music, forms (printed), printed timetables, diaries, magazines, telephone books, periodicals, geographical maps, catalogues, tickets, pamphlets, posters, printed teaching materials (reference books), handbooks (manuals), and newsletters; pictures, calligraphies, watercolors (paintings), portraits, engravings, and paintings (pictures); Virgin Mary figurines of papier mache, Buddha figurines of papier mache, and Jesus Christ figurines of papier mache; bromides, photographs, and blueprints; building and construction models, animal and plant models, modeling clay, modeling paste, and teaching aid models; hand towels of paper; paper sacks, envelopes and pouches for packaging purposes

#### Class [17]

Mica; foam supports for flower arrangements [semi-finished products]; asbestos paper; linoleum sheets, metalized films, vinyl sheets, sponge, plastic pipes, plastic rods, plastic sheets, plastic oil cloth, plastic oil fences, plastic laminated boards, plastic plates, plastic films (except for wrapping), plastic hoses, and raw films; rubber tubes, rubber rods, rubber plates, rubber hoses (except for fire hose), gutta-percha rubber, latex rubber, raw latex, balata rubber, crude rubbers, recycled rubbers, and foam rubber; nitrile rubbers, nitrile butadiene rubbers, butyl rubbers, fluorine rubbers, styrene butadiene rubbers, syndiotactic polybutadiene rubbers, silicon rubbers, acrylic rubbers, ethylene acetate vinyl rubbers, ethylenepropylene rubber, ethylenepropylenediene rubbers, epichlorohydrine rubbers, urethane rubbers, isobutylene isoprene rubbers, chlorosulfonated polyethylene rubbers, polybutadiene rubbers, polyolefin sulfide rubbers, polyolefin oxide rubbers, polyisoprene rubbers, polychloroprene rubbers, polypentamer rubbers, and propylene oxide rubbers; vulcanite (ebonite), polysulfide rubbers, MNA kraft rubbers, hydrochloric acid rubbers, hydrochlorinated rubbers, chlorinated rubbers, and

sulfide rubbers; bags of rubber for packaging; sealing caps of rubber, bottle caps of rubber, bottle stoppers of rubber, caps of rubber for packaging, and stoppers of rubber for packaging; asbestos soles; washers of rubber or vulcanized fiber; soundproofing enclosures, soundproofing materials, asbestos plates, sound boards, non-metallic reinforcing materials for pipes, and acoustic tiles; safety curtains of asbestos, screens of asbestos for firemen, fire hoses of rubber, fire hoses of textile materials, and canvas hose pipes for fire extinguishing; gaskets, rings of rubber, rubber packings, pipe couplings not of metal, asbestos packings, cork packings, valves of india-rubber or vulcanized fiber, and plastic packings; electric insulating tubes, electric insulators, electric insulating mica products, electric insulating papers, electric insulating cloth, electric insulating mixtures, insulating paints, insulating oils, electric insulating rubber products, insulating tapes; horseshoes, not of metal; insulating gloves; vulcanized fiber not for use in textiles, semi-synthetic fibers not for use in textiles, aramid fibers not for use in textiles, artificial wools not for use in textiles, regenerated fibers not for use in textiles, plastic fibers not for use in textiles, and synthetic fibers not for use in textiles; mineral wools, slag wool, carbon fibers not for use in textile, asbestos fibers, and rock fibers; threads of rubber not for use in textiles, semi-synthetic fiber yarns not for use in textiles, regenerated fiber yarns not for use in textiles, elastic yarns not for use in textiles, threads of plastic not for use in textile, rubber-coated yarns not for use in textiles, and synthetic fiber yarns not for use in textiles; asbestos fiber yarns; asbestos fabrics; asbestos felt; cords of rubbers and asbestos; asbestos nets; rubber seals for jars, sealing rings, draught excluder strips

#### Class [18]

Leather and imitations of leather, and goods made of these materials and not included in other classes, namely key cases (leather goods), document holders, wallets, purses not made of precious metal, handbags, school satchels and bags, rucksacks, shopping bags, bags for climbers, bags for campers, beach bags, travelling bags, garment bags for travel, boxes of leather or leather board, bands of leather, leather straps, collars for animals, leashes, muzzles, leather trimmings for furniture; animal skins, hides; trunks and suitcases; umbrellas, parasols and walking sticks; whips and saddlery

#### Class [19]

Tar and pitch; amphibole, silex, agalmatolite, refractory silex, fire clay, marble, kaoline, potters' clay, macadam, sand, calcite, silver sand, clay for bricks, serpentine, sandstones, gypsum, limestone, calcareous marl, andesite, alabaster, cobbles and boulders, volcanic rock, gravel, feldspar, clay ash, argillite, trachyte, earth and sand, granite, and volcanic ash; reinforced glass for building, crystallized glass for building, heat resistant glass for building, thin plate glass for building, luminescent glass for building, radialrays interception glass for building, common plate glass for building, colored plate glass for building, fiber glass for building, double layered glass for building, ultra violet permission glass for building, decoration glass for building, infrared absorbent glass for building, insulating glass for building, adhesive glass for building, colored glass for building, window glass for building, foam glass for building, laminated glass for building, mold plate glass for building, glass granules for road marking,

stained-glass windows, safety glass, and alabaster glass; aquaria (structures); pigsties, stables, non-metallic chicken-houses, non-metallic bird baths (structures), and non-metallic assembled pen for breeding bird; bamboo for building, thin wooden boards, wooden boards for manufacturing works of art, lumber for pillars, lumber for beams, veneer wood, cut timber, wood block, and plywood; insulated gas containers of stone masonry, domestic cattle feed containers for stone masonry, elevated water tanks of stone masonry, high pressure gas containers of stone masonry, deodorant containers of stone masonry, liquid gas containers of stone masonry, liquid fertilizer storage containers of stone masonry, oil storage barrels of stone masonry, water transport tanks of stone masonry, excretion transport tanks of stone masonry, oil transport tanks of stone masonry, chemical transport tanks of stone masonry, and storage tanks of stone masonry; non-metallic tombstone plates and non-metallic tombstone plaques; blast furnaces cement, refractory plates, cement for furnaces, magnesia cement, road pavement plates, concrete blocks, asbestos cement, hydraulic cement, slates, slate powder, cement, cement slabs, silica cement, alumina cement, concrete, and portland cement; stones for tombs or tombstones, artificial stones, and corner stones; rigid pipes not of metal for building, framework not of metal for building, moldings not of metal for building, plastered wall panels not of metal for construction, flashing not of metal for building, wall linings not of metal for building, reinforcing materials not of metal for building, paper not of metal for building, panels not of metal for building, porches not of metal for building, coverings not of metal for building, chimney pots not of metal, crash barriers not of metal for roads, materials not of metal for tunnels (except for the materials of wood for tunnels), duckboards not of metal, trellises not of metal, staircases not of metal, chimneys not of metal, chimney cowls not of metal, balustrade hand rail not of metal, outer doors not of metal, door panels not of metal, beams not of metal, laths not of metal, mantelpiece not of metal, manholes not of metal, manhole covers not of metal, doors not of metal, door fixtures not of metal, door frames not of metal, gutters not of metal, gutter pipes not of metal, gutter gratings not of metal, materials for floor construction not of metal, floors not of metal, barricades not of metal, scaffolding not of metal, drain pipes not of metal, sidings not of metal, wainscots not of metal, branching pipes not of metal, lintels not of metal, shutters not of metal, water pipes not of metal, penstock pipes not of metal, stringers parts of staircases not of metal, sheet piles not of metal, duct drainage pipes not of metal, casement windows not of metal, paper sliding door not of metal, foundry main beam not of metal, shingle not of metal, roof flashing not of metal, hip rafters for roofing not of metal, lower part of wall not of metal, windows not of metal, window rail not of metal, window knobs not of metal, pulleys for window frames not of metal, lattices not of metal, window frames not of metal, hanging system units not of metal, ceiling decorations not of metal, ceilings not of metal, partitions not of metal, cornices not of metal, opening-closing devices for rotary windows not of metal, shuttering not of metal for concrete, and synthetic resin make-up table; roofing tiles, pantiles, rubber tiles, wooden tiles, bricks, vinyl tiles, asphalt tiles, glass roofing tiles, glass bricks, glass tiles, concrete tiles, and plastic tiles; mortar for building (grout), rubber materials for exclusive use in building or construction, prefabricated garages not of metal, prefabricated building sets not of metal, silos not of metal, mobile shelters not of metal, transportable greenhouses not of metal,

bicycle parking installations not of metal, telephone booths not of metal, prefabricated platforms not of metal, plaster materials for exclusive use in building or construction, asbestos mortar, lime materials for exclusive use in building or construction, asphalt, asphalt roofing paper, asphalt felts, bitumen, oil-coating agents, elastic sealants, and mortar putty; mining timber, pilings, furring of wood, preserved wood, fireproof wood, props, vegetation belts, wood poles for electric power line, railroad sleepers, concrete sleepers, vegetation plates for protection against landslides, vegetation belts for protection against landslides, and grooves; warning sign equipment not of metal, traffic signals not of metal, traffic signal boards not of metal, signs for roads not of metal, safty signal boards not of metal, safty signboards not of metal, and beacons not of metal; masts not of metal; artificial fish house not of metal; booths for paint spray not of metal; drain valves not of metal (non-plastic) and valves for water-pipes not of metal (non-plastic); diving boards not of metal; insect screens not of metal; statuettes of marble, Virgin Mary statuettes of stones, concrete or marble, Buddha statuettes of stones, concrete or marble, Jesus Christ statuettes of stones, concrete or marble, statuettes of stone, and statuettes of concrete.

Class [20]

Meerscham and amber; egg rags, round baskets (made of bamboo, wicker, twigs or the like), shopping (market) baskets, and straws for beverage; inflatable publicity objects, signboards of wood or plastics, bulletin boards of wood or plastics, identification bracelets not of metal for hospitals, license labels not of metal, labels for indicating machine numbers not of metal, registration plates not of metal, name plates not of metal, door plates not of metal, number plates not of metal, identity plates not of metal, and labels for indicating operation methods not of metal; flag poles and flag tops; commemorative cups not of metal and commemorative plates not of metal; supporting wooden poles for plants or trees; dog kennels and kennels for household pets, and pet cushions; wall ladders not of metal, ladders not of metal, and ladders not of metal for library; knitting frames, reels of wood for yarn, and taborets; reeds, wheat straw, rice straw, barley straw, and sedge; bamboo materials, not for construction purposes; bines, rattan, bark, willows, and bamboo sheaths; tortoiseshell, whalebone, oyster shell, animal hooves, bones, horns, ivory, corozo, imitation tortoiseshell, teeth, and shells; insulated gas containers not of metal (excluding those of stones), domestic cattle feed containers not of metal (excluding those of stones), elevated water tanks not of metal (excluding those of stones), high pressure gas containers not of metal (excluding those of stones), fragrance containers not of metal (excluding those of stones), liquid gas containers not of metal (excluding those of stones), liquid fertilizer storage containers not of metal (excluding those of stones), oil storage barrels not of metal (excluding those of stones), water transport tanks not of metal (excluding those of stones), excretion transport tanks not of metal (excluding those of stones), oil transport tanks not of metal (excluding those of stones), chemical transport tanks not of metal (excluding those of stones), and storage tanks not of metal (excluding those of stones); boxes of wood and boxes of plastic; sealing caps of wood or plastic, bottle caps of wood or plastic, bottle stoppers of wood or plastic, packing caps of wood or plastic, and packing stoppers of wood or plastic; trestles, lecterns, mirror, stools, mirror stands, divans, wooden chests to keep

rice or other grains in, lockers, hat stands, benches, folding screens, sideboards, jewelry cases not of precious metals, water beds not for medical purposes, three-sided mirror stands, book shelves, filing cabinets, racks, settees, sofas, dining tables, newspaper display stands, shoe cabinets, laboratory tables, easy chairs, massage tables, boards for hanging keys, audio components racks, hangers, umbrella holders, medicine cabinets, chairs, wardrobes, cases for hairdressing and beauty care articles, chests of drawers, long chairs, display stands, showcases, cupboards, china cabinet, book chests, book racks, desks, book rests(furniture), full-length mirrors, beds, tables, tape storage racks, armchairs, piano benches, flower-pot pedestals, and dressing tables; stuffed animals, slatted indoor blinds, and bamboo blinds, woven timber blinds (furniture), and indoor window blinds (shades)(furniture); photograph frames and picture frames; wind chimes for outdoor decoration and weather vanes not of metal for garden decoration; mattresses, Korean style floor cushions, pillows, cradles, and cushions; coffins, funerary urns, coffin fittings, biers, and mortuary tables; fans; screws not of metal, screw nails not of metal, nuts not of metal, nails with a big head not of metal, rivets not of metal, nails not of metal, bolts not of metal, and washers not of metal (excluding those of rubber or vulcanized fibers); non-electrical locks not of metal, curtain rails, curtain rollers, curtain rings, curtain rods, and curtain hook; saw horses; anchor bolts for connecting bridges not of metal, structure connectors not of metal, floor hinges not of metal, and hinges of plastic; mirror tiles; weathercocks not of metal; draughtman's tables; hairdressers' chairs; loading pallets not of metal; feed shelves, seed tables and seed-plot; honeycombs, beehives, sections of wood for beehives, foundations for beehives, and artificial honeycombs; drain valves of plastic (other than parts of machines), water-pipe valves of plastic (other than parts of machines), and cocks of plastic (other than parts of machines); gun racks; playpens for infants and walkers for infants; tent pegs not of metal and sleeping bags for camping; fishing baskets; non-magnetic key cards of plastic; Virgin Mary statues of wood/wax/plaster or plastic, Buddha statues of wood/wax/plaster or plastic, Jesus Christ statues of wood/wax/plaster or plastic, wooden sculptures, wax sculptures, plaster sculptures, and plastic sculptures; food sample models, tailors' dummies, mannequins for displaying clothes, and dressmakers' dummies; cases of wood or plastic, pegs, not of metal, coat hangers, non-metallic trays, wooden or plastic ladders, kennels for household pets, non-metallic clothes hooks, table tops, magazine racks, plastic packaging containers

#### Class [21]

Floss for dental purposes; eyebrow brushes, manicure set cases, hair brushes, shaving brushes, shaving brush stands, powder puffs, powder cases, compacts (not of precious metal), soap boxes, soap dispensers, non-electric appliances for removing make-up, combs, comb cases, nail brushes, body deodorizing apparatus, perfume burners, perfume sprays, toilet utensil cases, toilet brushes, toilet sponges, toilet puffs, and vanity cases (filled); water apparatus for cleaning teeth and gums, tooth brushes, and tooth brush cases; furniture polishing brushes, furniture dusters, feather-dusters, brushes for cleaning lamp glasses, plungers for clearing blocked drains, mops, brooms, cloth-pegs, washtubs, washing boards, clothes rags for drying laundry, clothes lines, brushes for laundry, carpet beaters (manual), scrubbers, garbage (wastepaper) cans, dustpans,

umbrella stands, sanitary dustcloths, glass wipers, steel wool for cleaning, cloths (rags) for cleaning, cleaning scrapers, pads for cleaning, and brushes for cleaning tanks and containers; photosensitive glass, tubular ball glass, electro-conductive glass, reinforced glass (other than for construction), mosaics of glass (other than for construction), unworked or semi-worked optical glass (other than for construction), unworked or semi-worked lens glass (other than for construction), unworked or semi-worked ultraviolet penetration glass (other than for construction), unworked or semi-worked infrared absorbent glass (other than for construction), thin plate glass (other than for construction), luminescent glass (other than for construction), radial ray interception glass (other than for construction), common plate glass (other than for construction), colored plate glass (other than for construction), fused silica (other than for construction), fiber glass (other than for construction), double layered glass (other than for construction), decoration glass (other than for construction), adhesive glass (other than for construction), painted glass (other than for construction), foam glass (other than for construction), laminated glass (other than for construction), mold plate glass (other than for construction), enamel glass, glass tubes, glass balls, glass rods, physicochemical glass, and powdered glass for decoration; gas rice cookers, heat-resistant earthenware (glass) pots, pans, non-electric tea infusers (not of precious metal), non-electric coffeepots (not of precious metal), non-electric pots (not of precious metal), kettles (not of precious metal), teakettles (not of precious metal), hot pots (not electrically heated), non-electric pots for cooking rice, non-electric pressure cookers (autoclaves), non-electric medicine kettles, non-electric frying pans, egg poachers, rice cake steamers, pots for steaming, steamers, and popcorn pots; Goojeolpan (traditional Korean nine-sectored trays), lunch boxes, butter-dishes covers, small bowls, bowls (not of precious metal), fruit cups (not of precious metal), egg cups (not of precious metal), soup bowls (not of precious metal), mugs (not of precious metal), saucers (not of precious metal), rice bowls (not of precious metal), butter dishes (not of precious metal), glasses for alcohol beverages (not of precious metal), dishes (not of precious metal), teacup saucers (not of precious metal), tea cups (not of precious metal), coffee cups (not of precious metal), large bowls (not of precious metal), opal glasses, glass bowls, glass cups, drinking horns, a nest of boxes for packing food, plastic cups, and portable tableware; graters for domestic use, non-electric whisks for household purposes, non-electric fruit presses for domestic use, non-electric mixers for household purposes, non-electric blenders for household purposes, hand-operated mills for domestic purposes, strainers for household purposes, sifters for domestic use, large rectangular (dining)table, jars for Kimchi (Korean pickled vegetables), funnels, chopping board, small earthenware jars, wrap cases, garlic presses (kitchen utensils), wet towel stands, gourd dippers, round jars, dough cutters, food storage container for side dish, Korean style dining table with short legs, boiled rice containers, bottle openers, napkin rings (not of precious metal), napkin holders (not of precious metal), jar (not of precious metal), cruets (not of precious metal), toothpick holders (not of precious metal), trays (not of precious metal), tea strainers (not of precious metal), tea caddies (not of precious metal), soap stands, non-electric waffle molds, non-electric coffee filters, non-electric coffee percolators, gridiron supports, shakers, saucepans, brushes for pans, manual cocktail shakers, hand-operated coffee grinders, hand-operated pepper mills, scoops,

sponge holders, tableware covers, knife rests for table (knife cases), rice steamers, spice sets, metal buckets, wine tasters (pipettes), cooking skewers of metal, griddles for cooking, grills for cooking, spoons for cooking, bowls for washing rice, toothpicks, mortars, pestles, dish stands, chopsticks, strainers (for washing rices), seasoning stand, spatulas (large flat spoon), molds (kitchen utensils), rolling pins (kitchen utensils), abrasive pads for kitchen purposes, mixing spoons (kitchen utensils), cake brushes, cake covers, cake molds, scooped wooden dishes, and dish-towel rack; drinking troughs, thermos cold water bottles, isothermic bags, vacuum bottles, thermos water bottles, ice pails, and portable iceboxes; dishpans; signboards of porcelain or glass; coal scuttles; cockroach traps, fly swatters, and fly catching boxes; mousetraps, and mouselime; flower-pot covers (not of paper), indoor terrariums for plant cultivation, seedling pots, and flower pots, and watering cans for flower pots; bird baths (excluding structures), birdcages, nest, litter boxes (trays) for pets, and cages for household pets; brushes for clothing; chamber pots, and toilet paper holders; saving box not of metal; telephone rotation stand; flat-iron stands, ironing boards, shaped ironing board covers, hot-ironing boards, and sprayers for sewing; basins, wash basins, and portable baby baths; paper plates and paper cups; sealing caps made of glass or porcelain, bottle caps made of glass or porcelain, bottle stoppers made of glass or porcelain, packing caps made of glass or porcelain, and packing stoppers made of glass or porcelain; carboys, decanters, food bottles, ampule bottles, medicine bottles, beverage bottles, plastic bottles, and cosmetic bottles; rice boxes; pottery, Majolica, white porcelain ware, flower basins (not of precious metal), vases (not of precious metal), celadon porcelain ware, and frogs; wind-bells; dishes or utensils used in religious worship and incense burners; shoe brushes and shoe horns; candlesticks (not of precious metal), candle rings (not of precious metal), and candle extinguishers (not of precious metal); paste brushes for industrial use, brushes for wooden boxes, and brushes for ships; door-handles of porcelain; feeding troughs, combs for animals, and horse brushes; electric combs and electric toothbrushes; kocher; gloves for household purposes, polishing gloves, and gardening gloves; abrasive sponges for scrubbing the skin; hair for brushes; fiberglass thread not for textile use; statues of glass, statues of porcelain, Virgin Mary statues of porcelain/terra-cotta/glass, Buddha statues of porcelain/terra-cotta/glass, Jesus Christ statues of porcelain/terra-cotta/glass, and statues of terra-cotta; artificial nest eggs; glass boxes, non-paper cachepots, glasses (receptacles), flasks, not of precious metal

#### Class [22]

Bags for washing hosiery; woodshavings, wood wool, Kapok, and sawdust; gunny sacks, cotton bags, and chemical fiber bags; straw sacks and straw wrappers for bottles; awnings and tents; hammocks; yarns for shoe-sewing; sails, canvas, and Tarpaulins; rafts for fishing net; tents for mountaineering or camping and Seils; cocoons; waste cotton, raw cotton, and cotton; silk flock and silk wool; hemp, ramie fibers, raffia fibers, grass cloth, raw linen (flax), Sisal, tow, coconut fibers, esparto grass, Liber, and jute; camel hair, pig hair, horse hair, eiderdown, alpaca hair, wool, feathers, and rabbit hair; semi-synthetic fibers for textile use, aramide fibers for textile use, artificial wool for textile use, regenerated fibers for textile use, plastic fibers for textile use, and synthetic fibers for textile use; metallic fibers, aluminum fibers, vitreous silica fibers for textile

use, glass fibers for textile use, and carbon fibers for textile use; raw silk waste and raw silks; braids, hawsers, ropes, straw ropes, packing cords, and polyethylene ropes; bird proof nets, fishing nets, sewage filtering nets, camouflage nets, flower protecting nets, sunshade nets, polyethylene fishing nets, house-protecting nets, and lawn nets.

#### Class [23]

Silk linking yarns, spun silk, crease resistant silk yarns, silk threads and yarns, gold-colored threads, metallic fiber yarns, waste cotton yarns, hemp threads and yarns, ramie yarns, rayon threads and yarns, spun cotton, cotton threads and yarns, sanitarily textured cotton yarns, sanitarily textured cotton-chemical fiber blended yarns, woolen threads and yarns, spun threads and yarns, dyed threads, chenille yarns, worsted yarns, knitting wool yarns, knitting yarns, linen threads and yarns, coir threads and yarns, wild silk yarns, spun wool, jade yarns, bourette silk yarns, silver-colored threads, dyed imitation yarns, embroidery threads and yarns, fancy yarns, sewing threads and yarns, paper threads, rubber threads for textile use, semi-synthetic fiber yarns for textile use, glass fiber yarns for textile use, regenerated fiber yarns for textile use, elastic threads and yarns for textile use, threads of plastic materials for textile use, rubber-coated yarns for textile use, synthetic fiber yarns for textile use, spun silk mixed yarns, spun hemp mixed yarns, spun cotton mixed yarns, spun woolen mixed yarns, inorganic fiber mixed yarns, spun chemical fiber mixed yarns, and jute threads and yarns.

#### Class [24]

Napkins of cloth for removing make-up; dishcloth; labels (cloth); national flags (not a paper) and flags (not a paper); championship banners and pennants of textile; fitted toilet lid covers [fabric]; traced cloths for embroidery; shower curtains, and shower curtains of textile or vinyl; rubber cloth, leather cloth, vinyl cloth, and oil cloth; furniture coverings of textile, furniture coverings of plastic, flower vase stands, drugget, tablecloth, washing machine covers, ashtray stands, telephone stands, curtains of textile or plastic (except for shower curtains), textile dining table mats, tablecloth of textile, ornamental wall tapestry of textile, table linen of textile, textile table mats, desk cloth, table runners, television set covers, and piano covers; hanging rolls of textile; quilted comforters, duvets, mattress covers, mosquito nets, blankets, pillowcases, underquilts, single layer quilts, comforters, quilt covers, sleeping bags, bed blankets, bed covers, covers for cushions, and Po-Dae-Gi (Korean wadded baby wrapper or a quilt for little children); shrouds; clothes for cleaning glasses; coverlets for greenhouse; skin exfoliating towels for bathing, wrapping cloth, handkerchiefs of textile, and towels of textile; silk and cotton blended weaves, silk and wool blended weaves, spun silk thread weaves, spun silk weaves, silk weaves, rubber fabric, metallic fiber weaves, napped textiles, waste cotton weaves, hemp fabric, laminated textiles, ramie weaves, rayon fabric, hemp and silk blended weaves, hemp and cotton blended weaves, hemp and wool blended weaves, cotton fabrics, wool and cotton blended weaves, ramie fabric, woolen cloth, inorganic fiber blended weaves, semisynthetic fiber weaves, woolen weaves, water proof fabrics, suspender base weaves, chenille fabrics, carded weaves, flax weaves, esparto fabric, artificial sweat textiles, embroidery fabrics, regenerated fiber weaves, jersey (fabric), coating fabrics, elastic woven material, pile textiles, covered rubber yarn

weaves, synthetic fiber weaves, mixed spun silk weaves, mixed spun flax weaves, mixed spun cotton weaves, mixed spun woolen weaves, mixed spun chemical fiber weaves, chemical fiber blended weaves, and jute fabric; silk knittings, cotton knittings, wool knittings, and chemical fiber knittings; ribbon cloth, band cloth, and tape cloth; non-woven fabrics, compressed felts, and textile felts; bed linen, face towels of textile, blinds of textile, wall hangings of textile

#### Class [25]

Money belts (clothing); leather shoes, rubber shoes, galoshes, golf shoes, shoe soles, Korean clogs, fishing boots, basketball shoes, low shoes, heels, mountaineering shoes, rugby shoes, lace boots, bath sandals, bath slippers, half-boots, insulated boots, boxing boots, boots, vinyl shoes, beach shoes, sandals, ski boots, slippers, inner soles, soles for footwear, uppers of a shoe, heelpieces for shoes, non-slipping devices for shoes, tips for footwear, iron fittings for shoes, baseball shoes, Undong-Hwa, esparto shoes or sandals, overshoes, rain shoes, track shoes, work shoes, top boots, Gipsin (Korean traditional shoes made of straw), gymnastics shoes (for exclusive use for gymnastics), soccer shoes, laced shoes, hockey shoes, and handball shoes; Kum-Do wear (oriental fencing wear), cyclists' clothing, wet suits for water-skiing, sporting anoraks, aerobic wear, clothing for judo, clothing for gymnastics (for exclusive use for gymnastics), and clothing for Taekwondo; breeches and riding boots; masquerade costumes, school uniforms, raincoats, long coats, liveries, cloaks, shorts, short coats, blousons, saris, safari, suits, smocks, skirts, slacks, men's business suits, anoraks (except for sports anoraks), children's clothes, trousers, dress suits, overall, overcoats, one-piece dresses, infants' clothing, evening dresses, jackets, working clothes, jumpers, paper clothing, chasubles, blue jean pants, capes, combination suits, topcoats, tuxedos, togas, two-piece dresses, tunic, parkas, pelisses, and frocks; Dongjong (Korean collars), Durumagi (Korean overcoats), Magoja (Korean outer coats), Paeja (Korean vests), Cheogori (Korean jackets), Paji (Korean trousers), underclothes for Korean clothes, and Chima (Korean skirts); girdles, nightgowns, short sleeve aloha shirts, negligees, dressing gowns, rompers, leotards, mantillas, bath robes, bodices, body shirts, brassieres, blouses, shower caps, shirt yokes, shirt fronts, underwear, underpants, undershirts, underpanties, bathing caps, bathing suits, bathing trunks, chemisettes, chemise, sweaters, sweat shirts, sweat pants, sports shirts, slips, dress shirts, sports uniforms, unitards, collars (clothing), sleeping garments, jerseys, vests, cardigans, collar protectors, collar cuffs, camisoles, corsets, corselets, combination underwear, tanktops, teddies, track suits, pajamas, panty hose, petticoats, polo shirts, pullover, and T-shirts; spats, neckties, sweat-absorbent stockings, legwarmers, leggings, muffs, mufflers, bandana, ear muffs, winter gloves, Boseon (Korean socks), Boseon covers, mittens, veils, boas, non-electrically heated footmuffs, shawls, shoulder wraps, wimples, maniples, scarfs, stockings, heelpieces for stockings, stoles, socks, sock covers, pocket squares, Ascots, aprons, sports stockings, textile babies' diapers, pockets for clothing, tights, and pelerines; crowns, night caps, Nambawi (Korean hoods lined with fur), Manggon (Korean horsehair headbands), hats, Sun visors, berets, miters, hoods (clothing), Turbans, and top hat; waterproof clothing; garters, Dae-Nim (Korean cloth bands used to tie up the lower ends of trousers), stocking suspenders, sock suspenders, suspenders for clothing, and

leather belts

Class [26]

Non-electric hair curlers (except for hand implements), ornamental moustaches, ornamental beards, and hair curling paper; needle cushions, non-precious metal needle boxes, non-precious needle packets, non-precious metal needle cases, caps for knitting needles (non-precious metal), sewing boxes, sewing thimbles, darning lasts, loop-release preventing devices for knitting, and pin cushions; rug hooks; artificial flowers for marriage and funeral; shoe fasteners, shoe hooks, shoe strings, shoe buckles, shoe ornaments (non-precious metal), and shoe eyelets; tapes for curtain headings; bodkins, lace needles, and non-precious metal needles; deflector for knitting machines and spindles for making a fishing nets; household sewing machine needles, household sewing machine needle cases, industrial sewing machine needles, and industrial sewing machine needle cases; trouser clips for cyclists, bands for holding sleeves; wigs, artificial hairpieces, pigtail ribbons, laces (except for embroidered laces), hair ribbons, hair nets, top-knots (pompons), hair wicks, hair pins, barrettes (hair-slides), badges (not of precious metal), belt ornaments (not of precious metal), pins (not of precious metal), Beenyo (Korean ornamental hairpins), mica spangles, brassards, non-precious metal buckles (clothing accessories), non-precious metal brooches (clothing accessories), birds ' feathers (clothing accessories), cords for rimming for clothing, human hairpieces, ornamental ribbons, hair grips (slides), hair bands, prize ribbons, and insignias; buttons, magic tapes, slide fasteners (zippers), eye for clothes, eyelets for clothes, hook for clothes, and press buttons; artificial flowers (except for those for marriage and funeral); embroidery lace knittings, and lace knittings; artificial fruits.

Class [27]

Bath mats; coarse mats, Tatami (Japanese floor mats), mattings, straw mats, rush mats, plastic mats, and Hwamoonseok (Korean traditional mats); wallpaper; rugs, floor coverings, mats, non-textile wall hangings, felt carpets, carpets, and carpets for automobiles; non-textile hanging scrolls; artificial turf; mats of woven rope for ski slopes, gymnasium mats, and gymnastic mats

Class [28]

Butterfly nets; toys for domestic pets; Christmas tree stands, bells for Christmas trees, artificial snow for Christmas trees, candle holders for Christmas trees, and Christmas trees of synthetic material; diving flippers; paragliders, and hang gliders; wax for skis; masks, rubber-made toys, metallic toys, Jack-in-the-Box (toys), marionettes, rattan toys, rattles, remote control toys (excluding recreational goods that can be attached to a TV monitor), mannequin dolls, mascot dolls, mobiles, wooden toys, toy sets, finger dolls, walkers for toddlers, model cars for children, children ' s tricycles, children ' s rocking horse, musical toy instruments, balls (toys), blocks (toys), scooters (toys), flying discs (toys), dolls ' rooms, dolls ' feeding bottles, doll ' s clothes, dolls ' houses, dolls ' beds, Teddy bears, toy pistols, paper-made toys, cloth-made toys, and plastic toys; ring games, Gol-Pae (a kind of Korean traditional game), marbles for games, diamond game sets, darts, billiard balls, billiard tables, billiard table cushions, billiard markers, billiard

cues, chalk for billiard cues, billiard cue tips, quoits, dominoes, roulette wheels, remote control recreational goods (excluding recreational goods that can be attached to a TV monitor), conjuring apparatus, Mahjong sets, kaleidoscopes, go stones, go boards, board games, bingo cards, pachinkos (slot machines), confetti, backgammon games, automatic slot machines, kites, kite reels, Chinese chessmen, Chinese chessboards, dice, cups for dice, chess games, chessboards, checkers (games), checkerboards, cosaques (toy fireworks), playing cards, tops, jigsaw puzzles, horseshoe games, balloons, and Pinatas; body protectors for swordsmanship, masks for swordsmanship, wooden swords for swordsmanship, bamboo swords for swordsmanship, discuses for sports, pistols for races, gymnastics clubs, golf bags, golf balls, lawn repairers for golf, golf gloves, golf clubs, targets, tees, archery arm protectors, swings, chinning bar, basketballs, dumbbell shafts, climbers ' harness, rackets, racket gloves, strings for rackets, running machine, rowing machine, roller skates, wooden horses, knee guards (sports articles), slides, body boards, bar-bells, batons, volleyballs, shuttlecocks, batting gloves, belt vibrator, abdominal belts, boxing gloves, boxing mouth pieces, boxing mitts, bandages for boxing, boxing sandbags, bowling bags, bowling gloves, bowling balls, bowling apparatus and machinery, bowling pins, bob-sleighs, hunting game calls, cycling gloves, paintball guns(sporting apparatus), supporters, surf boards, bags especially designed for surfboards, surfboard leashes, surf skis, masts for sailboards, harness for sailboards, handballs, water polo balls, water skis, snow globes, snowshoes, skateboards, squash, skis, edges of skis, ski sac, ski sticks, bags especially designed for skis, sole coverings for skis, scrapers for skis, ski seals, ski gloves, sling shots(sports articles), sleigh (sports articles), spring boards (sporting articles), seesaws, dumb-bells, ice skates, side horses, baseballs, baseball gloves, baseball bat cases, baseball batting gloves, catcher ' s masks, baseball mitts, baseball bats, baseball bases, baseball chest protectors, Western style bows, x-bands, weight lifting belts(sports articles), weight lifting gloves, rosin used by athletes, stationary exercise bicycles, rollers for stationary exercise bicycles, starting blocks(for sports), climbing nets, climbing ropes, chest expanders (exerciser), sailboards for wind surf, high jump-bars, track circles, javelins, shot-puts, hammers, vaulting poles, self-assembly pools, jump ropes, horizontal bars, training benches, gymnastic springboard, gymnastic long horse, gymnastics rings, soccer balls, carabiner, caddie bags, cricket bags, clay pigeon traps, clay pigeons targets, table tennis balls, table tennis nets, tables for table tennis, table tennis rackets, cases for table tennis, tennis balls, tennis ball throwing apparatus, tennis nets, trampoline, punch balls, paintballs (ammunition for paintball guns) (sporting apparatus), fencing masks, protectors for fencing, fencing sabers, fencing gloves, balance beams, parallel bars, hockey pucks, hockey sticks, protectors for hockey, hockey gloves, hurdles, snorkels, home plates, arrows, quivers, bows, and bow strings; bamboo fishing frames, fishing nets, rods for fishing, reels for fishing, fish hooks, fishing rod supports, sinkers, cases for fishing equipment, artificial fishing bait, fishing chairs, fishing lines, floats for fishing, fishing creels, landing nets, and bite indicators (fishing tackle); twirling batons.

#### Class [29]

Kidney beans, green beans, peanuts, peas, horse beans, soybeans, and red beans; eggplants, potatoes, sweet potatoes, royal ferns, brackens, red peppers, pickpurses,

green bean sprouts, carrots, white gourds, garlic, butterburs, radishes, gourds, Chinese cabbage, bell peppers, leeks, prickly ash, lettuce, ginger, truffles, pine mushrooms, spinach, artichokes, cabbage, onions, cucumbers, burdocks, ginseng, purple perilla plants, bamboo shoots, bean sprouts, tomatoes, green (Welsh) onions, parsley, shiitake (oak) mushrooms, unripe beans, pimentos, and pumpkins; processed ginseng, dried persimmons, dried vegetables, raisins, fruit salads, fruit jellies, Kimchi (Korean pickled vegetables), radish Kimchi, sweet pickled radishes, chopped radishes pickled in salt water, marmalade, preserved onions, preserved olives, preserved garden herbs, crystallized fruits, sauerkraut, stewed fruit, fruit preserved in alcohol, vegetable salads, vegetable soups, dried slices of pumpkin, pickled dried radishes, jams, chocolate nut butter, coconut butter, cocoa butter, tomato pure, canned fruits, canned vegetables, peanut butter, piccalilli, pickles, potato flakes, apple puree, cranberry sauce(compote), tahini(sesame seed paste), and hummus(chickpea paste); vegetable juice for cooking; condensed bean curds, bean curds (Tofu), and soybean milk; persimmons, jujubes, strawberries, lemons, melons, fruits of Chinese quinces, mandarin, bananas, Bartlett pears, chestnuts, pears, peaches, loquats, apples, apricots, watermelons, Avocados, Asian pears, cherries, oranges, Gingko nuts, plums, grapefruits, pine nuts, Korean melons, Kiwifruits, pineapples, papayas, Feijoa, grapes, and walnuts; potato chips; pheasant, chicken, pork, horsemeat, beef, lamb, duck, artificial meat, turkey, and hare meat; dried eggs, chicken eggs, frozen eggs, quail eggs, powdered eggs, and duck eggs; liver, liver Pate, liver pastes, meat extracts, meat jellies, pork cutlets, Rennet, bacon, bouillon, preparations for making bouillon, broth, black pudding (blood sausage), beefsteaks, Charcuterie, sausages, tripe, animal marrow for food, gelatine for food, sliced dried beef, canned meat, ham, meat for hamburgers, and sausages in batter; fermented milk, powdered milk (except for infant use), sour milk, goat milk, sheep milk, evaporated milk, yoghurt, milk, lactobacillus beverages, lactic acid beverages, whey, cheese, Kephir, condensed milk, Koumiss, cream, and whipped cream; butter, buttercream; edible perilla oil, edible peanut oil, edible cottonseed oil, edible wheat oil, edible linseed oil, edible maize oil, edible olive oil, edible sesame oil, edible coconut fat palm oil, edible soybean oil, edible palm kernel oil, edible pectin, edible rapeseed oil, and edible sunflower oil; edible whale oil, edible bone oil, edible lanolin, edible lard, edible fish oil, and edible beef tallow; shortening, edible hardened oil, and edible powdered oils and fats; margarine; snake head mullet, stingray, flounder, crayfish, hair-tail, crabs, mackerel, whales, flatfish, oysters, oyster clams, saury, small octopus, halibut, makaira mazara, sea bass, cod, pickled codfish eggs, clams, sea bream, sea hogs, sea bream, dried herring eggs, anchovy, Alaskan pollacks, octopus, mudfish, short necked clams, yellowtail, large-eyed herring, eel, pomfret, sillaginoid (sand borer), swellfish, rockfish, crucian carp, conger, Spanish mackerel, sharks, shrimp, sea urchins, pickled sea urchin eggs, salted salmon eggs, conch, mullet, edible frogs, hypoptychus dybowskii, salmon, cuttle fish, ascidian, silver fish, carp, soft shelled turtles, horse mackerel, abalone, gizzard shad, sardine, shellfish, corvenia, shad, filefish, tuna fish, spearfish, herring, caviar, sea cucumbers, skate ray, hard-shelled mussels, and swordfish; laver, gracilaria confervoides, sea tangle, gulfweed, brown seaweed, glue plants, chlorella (algae), brownalgae, sea lettuce, vegetable gelatine, and green seaweed; dried fish and shellfish, fish cakes, fish fillets, canned and bottled marine and aquatic products, isinglass for

food, fishmeal for human consumption, and smoked fish and shellfish.

Class [30]

Muesli, rice, threshed oats, and threshed barley; arrowroot starch for food, potato flour for food, sweet potato flour for food, green perilla flour for food, buckwheat flour for food, wheat flour for food, barley flour for food, Sago for food, semolina for food, rice flour for food, corn flour for food, adlay flour for food, soy bean flour for food, Tapioca flour for food, unmilled rice flour for food, and frying powder; almond paste, and capers; cereal sausages, cereal soups, farinaceous food pastes, noodles, oat flakes, cold buckwheat noodles (Naengmyon), chinese vermicelli, boxed luncheons, instant noodles, ravioli, ribbon vermicelli, macaroni, flour patties (thin, flat dough sheets for dumplings), wheat bran, vermicelli, green bean pancakes, sandwiches, spaghetti, oatmeal, Jeun (slice grilled pancake), sushi, corn flakes, Couscous, quiches, tabbouleh, tacos, toast, pasta, pizzas, and hotdogs; mold bran, soybean malt (for making soybean paste), baking powder, yeast powder, and yeast; malt for food; liquorice confectionery, Gang-Jeong (Korean fried glutinous rice cake), dry confectionery, dry bread, frozen yoghurt confectionery ices, nougats, Tashik(a kind of pattern-pressed candy made of sesame, chestnut, greenpea flour, honey, etc.), doughnuts, drops, peanut confectionery, rusk, lollipops, marzipan, macaroons, malt biscuits, bavaois, peppermint sweets, bolos, bonbons, biscuits, chewing gum (not for medical purposes), ice sherbets, sugar confectionery, candied sugar cakes, Sanja (deep-fried honey rice cakes), shortbread, chou a la cream, candy for food, almond confectionery, ice candies, ice cakes, ice cream, Yakgwa (a cake made from wheatflour, oil, and honey), sweet bean jelly, frozen candies, taffy, waffles, wafers, cakes preserved in sugar and honey with fruit and ginseng, jelly confectionery, chocolate, custard, caramel candies, cakes, edible decorations for cakes, cake paste, corn chips, cookies, crackers, crepe, confectionery for decorating christmas trees, tarts, toffee, tortillas, pies, pate, popcorn, pasty, pastilles, pancakes, puffed rice, pastries, petit-beurre biscuits, petits fours, gingersnaps, fondants, puddings, pralines, halvah, and hot cakes; bread with sweet red beans, bread rolls, dumplings, muffins, unleavened bread, breadcrumbs, gingerbread, bread mainly for sandwich and/or toast, bread with jam, sponge cakes (castellas), bread with cream, hamburger buns, chinese stuffed pancakes, and spring rolls; lump sugar, Golden syrup, Fructose, nectar, maltose, millet jelly, honey, powdered wheat gluten, royal jelly for human consumption (not for medical purposes), sugar, molasses for food, and glucose for food; Ddeok(Korean rice cake); soya sauce, thick soy paste mixed with red peppers, soybean paste, Chinese black bean sauce, fermented ground soybeans, and Chinese soybean paste; monosodium glutamate seasoning (MSG), compound chemical seasonings, nucleic acid seasonings, and chemical seasonings; marinades, mayonnaise, malted vinegar, salad dressings, sauce, vinegar, ketchup, and French dressings; mustard meal, cinnamon powder, red pepper powder, flavorings for confectionery(except essential oils), sesame powder mixed with salt, pickpurse powder, garlic powder, vanilla(spices), vanillin for vanilla substitutes, mushroom powder, saffron(seasonings), Chinese pepper powder, ginger powder, soup seasonings, allspice, cassia powder, flavorings for beverages(except essential oils), chow-chow for condiments, curry powder, pepper powder, and chutneys(condiments); seasoned salt, celery salt, salt for preserving foodstuffs, and

cooking salt; Chinese matrimony vine tea, green tea, barley leaf tea, barley tea, sweet flag tea, Ogapi tea, Wongi tea, ginseng tea, and tea leaves, oolong tea (Chinese tea), and black tea; coffee substitutes, coffee beverages with milk, cocoa beverages with milk, chocolate-based beverages, coffee-based beverages, and cocoa-based beverages; coffee, and cocoa; ice; Gravies (Meat -); meat tenderizers for household purposes, binding agents for ice cream, preparations for stabilizing whipped cream.

Class [31]
