WITHDRAWAL OF PROVISIONAL REFUSAL
TO THE INTERNATIONAL BUREAU OF WORLD INTELLECTUAL PROPERTY OFFICE (WIPO)
UNDER RULE 17(5) OF THE COMMON REGULATIONS

1. Office of the Designated Contracting Party:

Korean Intellectual Property Office (KIPO)
920 Dunsan-dong, Seo-gu, Daejeon, 302-701, Republic of Korea

2. International Registration Concerned:

(a) International Registration Number: 662397
(b) Name of the Holder: PRADA S.A.

3. Goods/Services Protected in the Republic of Korea:

Class [03]

Perfumery preparations, perfumes; cosmetics; cosmetic skin creams; lipsticks; make-up powders; eye shadows; hair lotions; dentifrices, soaps; cakes of soap; shaving soaps; liquid soaps, cosmetic bath salts; preparations for setting and permanent waving of hair; hair dying and bleaching products; personal deodorants; deodorant soaps; essential oils for personal use; laundry powder detergents, petroleum-based synthetic household detergents, dry-cleaning preparations, liquid detergents, oils for cleaning purposes, cleansers for detergent purposes, glass detergents, rinse for clothing, windscreen cleaning liquids, toilet bowl cleaning detergents.

Class [09]

Spectacles; spectacle frames; correcting lenses; lenses for sunglasses; protective glasses; contact lenses; sports eyewear; televisions; radios; integrated radios and recorders; radio transmitters; record players; records; magnetic tapes; magnetic tape readers; magnetic tape recorders; mobile telephones; coin or token-operated automatic apparatus; enlarging projectors and apparatus; sound reproduction apparatus; cash registers; calculating machines; electric flat irons; electric vacuum cleaners; dosage dispensers; calculating scales, abacuses; reflectors for optical instrument, optical lenses, optical lanterns, objective lenses for optics, correcting lenses for optics, apertometers for optics, refractors, microscopes for metals, microtomes, telescopes, spectroscopes, biological microscopes, binoculars, concave mirrors, stereoscopes, periscopes, eyepieces, zoom microscopes, optical condensers, anti-dazzle shades, astronomy telescopes, light projectors, polariscopes, prisms, diffraction apparatus for testing microscope, sighting telescopes for firearms, magnifying glasses; exposure meters [light meters], lens hoods, spectrograph apparatus, video cameras, carriers for photographic dark plates, range finders for photography instruments, magazine [film spools] for photography instruments, self timers for photography instruments, bellows for photography instruments, centering apparatus for photographic transparencies, frames for photographic transparencies, darkrooms for photography, darkroom lamps for photography, drying racks for photography, drainers for use in photography, photographic racks, flash-bulbs for

photography, washing trays for photography, speed measuring apparatus for photography, screens for photography, spools for photography, slides for photography, ultraviolet filters for photography, photographic viewfinders, flashlights for photography, filters for photography, enlarging apparatus for photography, drying apparatus for photographic prints, stands for photographic apparatus, photograph developing · printing · enlarging or finishing apparatus, slide projectors, cameras, tripods for cameras, shutters for cameras, shutter releases for cameras, diaphragms for cameras, camera cases, camcorders, heliographic apparatus, flash guns, film cutting apparatus; video screens, projection screens, sound recording machines for motion pictures, projection apparatus for motion pictures, reflectors for filming, cinematographic cameras, apparatus for editing cinematographic film; tape measures, 1.8-liter measure containers, 18-liter measure containers, planimeters, thermometers for non-medical purposes, water gauges, weighting machines, rulers for measuring instruments, thermometers; accelerometers, altimeters, sound indicators, photometers, actinometers, integrating photometers, refractometers, barometers, densitometers, urinometers, saccharometers, dynamometers, dynamic force measuring apparatus, densimeters, variometers, quantity indicators, gravimeters, acid hydrometers, noise indicators, speed indicators, speed checking apparatus for vehicles, automatic indicators of low pressure in vehicle tires, hygrometers, sulphitometers, alcoholmeters, pressure gauges, pressure indicators, pressure measuring apparatus, liquid level gauges, hydrometers, dosimeters, calorimeters, salinometers, flow meters, lactodensimeters, acidimeters for batteries, viscosimeters, illuminometers, coordinate systems, vibration gauges, logs, polarimeters, revolution counters; distance recording apparatus, distance measuring apparatus, theodolites, metal detectors for industrial or military purposes, meteorological balloons, meteorological observation instruments, aerometers, compasses, weather resistance testers, azimuth instruments, pedometers, discomfort index measuring instruments, photograph measuring instruments, rods for water diviners, kilometer recorders for vehicles, marine depth finders, water level indicators, spirit levels, leveling instruments, leveling staffs, alidades, egg timers [sandglasses], rain gauges, postage stamp meters, sextants, artificial weathering devices, heliographs, magnetic compasses, meridian transit instruments, gyromagnetic compasses, gyrocompasses, parking meters, mine detectors, earth thermometers, seismographs, zenith telescopes, celestial transit instruments, measuring glassware, surveying chains, surveying targets, sounding leads, sounding lines, leveling poles, tachometers, taximeters, transit instruments, octants, balancing apparatus, rods, anemometers, wind socks [for indicating wind direction], appliances for measuring the thickness of leather, marine compasses; life nets, life belts, life buoys, life jackets, bullet-proof vests, swimming belts, swimming jackets, safety nets, safety tarpaulins, safety belts (except for vehicle seats and sport equipments), resuscitation mannequins [teaching apparatus], automatic transmitters, distress signal generator; gas escaping alarms, anti-theft alarms (except for machines and apparatus for transportation), flame sensors, smoke detectors, heat sensors, sound alarms, electric alarm bells, fire alarms; life-saving boats, fire boats; rheostats, electric relays, disconnecting switches, reactors, stage lighting regulators, distributing boxes, switchboards, distribution boards, switchboxes, branch boxes, cell switches, solenoid valves [electromagnetic switches], inductors, induction voltage regulators, inverters, electric terminals, transformers, electric

switches, armatures, electric resistors, electric converters, electric contacts, current controllers, current limiters, connections for electric lines, electric wire connectors, voltages surge protectors, chargers for electric batteries, flicker switches, current rectifiers, commutators, control panels, lighting ballasts, phase modifiers, circuit breakers, electric condensers, chargers for storage battery, fuses, lightning arresters, lightning conductors, anti-interference devices, circuit shutter, rotary current converters; electric mosquito catchers, electric buzzers, electric door bells, electric hair-curlers, electric make-up removing appliances, small heart-shaped electric irons with a long handle, electric vending machines (except for vending machines applied electronic), electrically heated socks, ticket dispensers, amusement apparatus adapted for use with television receivers only; video phones, manual switch boards, interphones, automatic switch boards, telephones, telephone transmitters, telephone receivers, telephone automatic answering apparatus, speaking tubes, cover for mobile phones; phototelegraphy apparatus, manual telegraph sets, teletypewriters, automatic telegraph sets, relay switch boards, teletypewriters, teleprinters, facsimile machines; video cameras for broadcasting, telecommunication transmitters, television transmitters, teleprompters; radio receivers, clock radios, audio and video receivers, television receivers, television satellite broadcast receivers; multi channel communication equipment for base station, single channel communication equipment for base station, ship 's communication equipment, walkie-talkies, earth satellite cruising location and earth location determining equipment, vehicle communication equipment, radio pagers, aerial communication equipment, portable communication equipment; radar apparatus, direction finders, navigation apparatus for vehicles [on-board computers], satellite navigational apparatus; sound recording machines (except for motion pictures), playback machines, coin-operated musical automatic apparatus (juke boxes), DVD players, MP3 players, megaphones, video disc players, video recorders, video cassettes, musical juke boxes, sound recording apparatus, acoustic conduits, sound transmitting apparatus, acoustic couplers, electric phonographs, diaphragms, amplitude limiters, cassette players, compact disc players (CDP), loudspeaker apparatus, cover for MP3 players; wave detectors, high-frequency apparatus, head cleaning tapes for tape recorders or VTR, sound recording discs, sound recording tapes, dials, blank record disks, microphones, modems, masters for wireless aerials, signal lamps for distributing panels, transformers, protectors (for telecommunication apparatus), video tapes, sterilizers for receivers, antennas, adaptors, non-processed compact discs for audio and video, electric coils, holders for electric coils, commutators, frequency converters, amplifiers, choking coils (impedance), pickups, headphones; geiger counters, optical discs, optical character readers, recorded computer software, recorded computer operating programs, recorded computer programs, computer programs [downloadable software], notebook computers, laptop computers, mouse, mouse pads, microprocessors, bar code readers, light-emitting electronic pointers, video game cartridges, lasers for non-medical purposes, X-ray producing apparatus and installations for non-medical purposes, protection devices against X-ray for non-medical purposes, X-ray apparatus for non-medical purposes, cyclotrons, simulators for regulating and controlling transport machines and apparatus, hydrophones, scanners, word processors, work stations, magnetic discs, magnetic encoders, magnetic prospecting apparatus, magnetic indicators, demagnetizing apparatus for magnetic tapes,

electrically-lit notice boards, electric monitoring apparatus, electric blankets, electronic notice boards, electronic antitheft devices, electronic copying machines, electronic agendas, electronic assembly cards, transmitters of electronic signals, applied electronic automatic door opening and shutting apparatus, electronic vending machines, electronic typewriters, electronic pens, electronic microscopes, electronic circuit learning machine, central processing units (processors), earthquake prospecting apparatus, ultrasonic bug-destroying machines, supersonic applied sounders, supersonic applied defectoscopes, supersonic applied detectors, computers, computer memories, computer monitors, computer disk drives, wrist rests for use with computers, magnetic tape units for computers, juke boxes for computers, printers for use with computers, computer electronic game appliances, computer keyboards, cable inspection panels, closed circuits, plotters, floppy disks, PDA, portable electronic calculators, electronic pocket translators, CD-ROM.

Class [18]

Animal skins, hides, leather, imitation animal skins; harness for animals; vanity cases (empty) of leather; leather clothing for pets; dog collars of leather; fur, raw hide, raw leather, tanned skin; sponge leather, imitation leather paper, imitation fur, polyurethane leather; boxes of leather; sacks of leather for packaging; furniture coverings of leather; coverings of fur-skins; feed bags of leather; valves of leather; leather straps; reins, stirrup leathers, saddle cloths for horses, pads for horse saddles, headstalls, bridoons, riding saddles, saddle trees, whips.

Class [25]

Blouses, skirts, ladies' suits, morning coats, trousers, shorts, vests, pyjamas, socks, knitted underwear, bodices, suspender belts, briefs, hats, scarves, neckties, raincoats, overcoats, bathing suits, sports overalls, ski pants, sashes for wear, dressing gowns; clothing for men, women and children, namely one-piece dresses made from skins, evening dresses made from skins, two-piece dresses made from skins; short sleeve aloha shirts, body shirts, sweat shirts, sports shirts, dress shirts, polo shirts, t-shirts; knit skirts, knit one-piece dresses; blue jean pants; combination underwear, combination suits; long coats, short coats; sporting anoraks, anoraks (except for sports anoraks); leather belts, belts of textile; fur coats; winter gloves, mittens, wedding gloves.

4. Decision:

All procedures before KIPO relating to the protection of the mark have been completed. The assigned examiner has decided to withdraw the provisional refusal dated 31/01/2007. Therefore the international registration is to be protected in the Republic of Korea for the designated goods/services listed in item 3.

5. Date on which the Decision was Pronounced:

2007. 10. 5.

6. Official Seal or Signature by the Office:

KIPO Examiner LEE, Byeong Do
