# **PROVISIONS OF SINGAPORE LAW**

## **TRADE MARKS ACT**

### **(CHAPTER 332)**

#### **Section 2(1) Interpretation**

"earlier trade mark" means -

- (a) a registered trade mark or an international trade mark (Singapore), the application for registration of which was made earlier than the trade mark in question, taking account (where appropriate) of the priorities claimed in respect of the trade marks; or
- (b) a trade mark which, at the date of application for registration of the trade mark in question or (where appropriate) of the priority claimed in respect of the application, was a well known trade mark, and includes a trade mark in respect of which an application for registration has been made and which, if registered, would be an earlier trade mark by virtue of paragraph (a) subject to its being so registered;

#### **Relative grounds for refusal of protection**

8(1) A trade mark shall not be registered if it is identical with an earlier trade mark and the goods or services for which the trade mark is sought to be registered are identical with the goods or services for which the earlier trade mark is protected.

(2) A trade mark shall not be registered if because -

- (a) it is identical with an earlier trade mark and is to be registered for goods or services similar to those for which the earlier trade mark is protected; or
- (b) it is similar to an earlier trade mark and is to be registered for goods or services identical with or similar to those for which the earlier trade mark is protected,

there exists a likelihood of confusion on the part of the public.

## **TRADE MARKS RULES**

#### **Rule 19(2) - Specification**

(2) Every application shall contain, for each class of goods or services to which the application relates

- a) the class number as set out in the Third Schedule; and
- b) a specification of those goods or services which
  - (i) is appropriate to that class;

- (ii) is described in such a manner as to
  - (A) indicate clearly the nature of those goods or services; and
  - (B) allow those goods or services to be classified accordance with the Third Schedule; and
- (iii) complies with any other requirement of the Registrar.
