Notification Relating to Ceasing of Effect of the Basic Application/the Registration Resulting There from/the Basic Registration according to Article 6 (3) and (4) of the Agreement/ Protocol

Dear Sir or Madam,

We notify that the basic application/the basic registration has been renounced in respect of certain goods and/or services. The following goods and/or services are those resulting from the renunciation:

Cl. 4: Industrial oils and greases; lubricants; dust absorbing, wetting and binding compositions; fuels (including motor spirit) and lighting fuels; electrical energy; candles and wicks for lighting.

Cl. 6: Common metals and their alloys; building materials of metal; aluminium profiles, rotary metal structures for solar panels, solar modules and roof constructions, fixing material of metal, materials of metal for scaffolds, metal racks, metal poles, stakes and masts of metal, metal building profiles and frames; transportable buildings of metal; materials of metal for railway tracks; non-electric cables and wires of common metal (not for electric purpose); ironmongery, small items of metal hardware; pipes and tubes of metal; safes; goods of common metal not included in other classes; ores.

Cl. 9: Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision) **apparatus and instruments, life-saving apparatus and instruments, with the exception of those for sports, in particular protective helmets for sports and avalanche protection equipment (avalanche probes, rescue shovels and avalanche airbags);** teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; photovoltaic systems, namely consisting of solar modules for power generation, inverters, electronic apparatus and instruments for controlling, regulating, accumulating and monitoring; solar panel systems, namely consisting of solar modules, solar collectors and inverters for

power generation; electronic apparatus and instruments for controlling, regulating, accumulating and monitoring of power generation; magnetic data carriers, data processing apparatus and computers.

Cl. 11: Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating and water conduit purposes; solar collectors and solar modules for the heat generation and systems consisting thereof, solar roof installations and open-air installations.

Cl. 19: Building materials (non-metallic); non-metallic pipes for building; building profile ledges (non-metallic); asphalt, pitch and bitumen; non-metallic transportable buildings; monuments, not of metal; non-metallic roofs incorporating solar cells.

Cl. 35: Advertising; business management; business administration; office functions; professional business and organizational planning of systems and plants for regenerative energy generation; professional business and organization consultancy for systems and plants for regenerative energy generation; business project management, in particular for systems and plants in the field of renewable energy; arranging of contracts for others for the buying and selling of power supplies.

Cl. 37: Construction; repair, namely, repair services of individual components in the field of photovoltaic and solar thermal energy; installation services; construction, cleaning, repair and maintenance of systems and plants in the field of renewable energy; scaffolding; roofing services.

Cl. 39: Transport; packaging and storage of goods; arranging of tours (travel); transmission and transport of electricity, thermal heat, gas or water; delivery of electricity, thermal heat, gas or water for supply to customers; delivery and distribution of energy.

Cl. 40: Treatment of materials; generation of energy.

Cl. 42: Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; technical analysis and preparation of technical certificates for assessment of projects and project partners; technical planning, technical projects and technical coordination of systems and plants in the field of renewable energy; quality testing of products for certification purposes; design planning and engineering of as well as development services for third parties in the field of renewable energy; engineering.

The classes 04, 06, 11, 19, 35, 37, 39, 40, 42 remain unchanged.

The renunciation takes effect from 24/08/2011, i.e. before the expiry of five years from the date of the international registration.

We therefore request the partial cancellation of the above mentioned international registration.

Yours faithfully

Markenabteilung 3.2

Cancellations effected for some of the goods and services at the request of an Office of origin in accordance with Article 6(4) of the Agreement or Article 6(4) of the Protocol.

1 081 336 (K2 systems).

Goods and Services not cancelled:

- 9 Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision) apparatus and instruments, life-saving apparatus and instruments, with the exception of those for sports, in particular protective helmets for sports and avalanche protection equipment (avalanche probes, rescue shovels and avalanche airbags); teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; photovoltaic systems, namely consisting of solar modules for power generation, inverters, electronic apparatus and instruments for controlling, regulating, accumulating and monitoring; solar panel systems, namely consisting of solar modules, solar collectors and inverters for power generation; electronic apparatus and instruments for controlling, regulating, accumulating and monitoring of power generation; magnetic data carriers, data processing apparatus and computers.

The other classes remain unchanged.

The basic registration No. 30 2010 057 218.3/37 has been the subject of a partial ceasing of effect. The effective date is August 24, 2011.

Date of recordal in the International Register: 13.04.2012

Radiations effectuées pour une partie des produits et services à la demande d'un Office d'origine, selon l'article 6.4) de l'Arrangement ou l'article 6.4) du Protocole.

1 081 336 (K2 systems).

Produits et services non radiés:

- 9 Appareils et instruments scientifiques, nautiques, géodésiques, photographiques, cinématographiques, optiques, de pesage, de mesurage, de signalisation, de contrôle [inspection], appareils et instruments de secours [sauvetage], à l'exception de ceux conçus pour le sport, en particulier casques de protection pour le sport et matériel de protection contre les avalanches (sondes d'avalanche, pelles de sauvetage et coussins autogonflables de protection lors d'avalanches); appareils et instruments d'enseignement; appareils et instruments pour la conduite, la distribution, la transformation, l'accumulation, le réglage ou la commande du courant électrique; systèmes photovoltaïques comprenant notamment des modules solaires pour la production d'énergie, des onduleurs de courant, ainsi que des appareils et instruments électroniques de commande, régulation, accumulation et surveillance; systèmes de panneaux solaires comprenant notamment des modules solaires, des collecteurs solaires et des onduleurs de courant pour la production d'électricité; appareils et instruments électroniques de commande, régulation, accumulation et surveillance pour la production d'électricité; supports de données magnétiques, équipements de traitement de données et ordinateurs.

Les autres classes ne sont pas modifiées.

La demande d'enregistrement de marque communautaire numéro 30 2010 057 218.3/37 a fait l'objet d'une cessation d'effet partielle entrée en application le 24 août 2011

Date d'inscription au registre international: 13.04.2012

Cancelaciones efectuadas para algunos de los productos y servicios a petición de una Oficina de origen, de conformidad con el Artículo 6.4) del Arreglo o el Artículo 6.4) del Protocolo.

1 081 336 (K2 systems).

Productos y servicios no cancelados:

- 9 Aparatos e instrumentos científicos, náuticos, geodésicos, fotográficos, cinematográficos, ópticos, de pesaje, de medición, de señalización y de control (inspección), aparatos e instrumentos de salvamento, excepto para deportes, en particular cascos de protección para deportes y equipos de protección contra avalanchas (sondas para avalanchas, palas de rescate y bolsas de aire para avalanchas); aparatos e instrumentos de enseñanza; aparatos e instrumentos de conducción, distribución, transformación, acumulación, regulación o control de la electricidad; sistemas fotovoltaicos, a saber, sistemas compuestos de módulos solares para la generación de energía, inversores, aparatos e instrumentos electrónicos de control, regulación, acumulación y monitorización; sistemas de paneles solares, a saber, sistemas compuestos de módulos solares, colectores solares e inversores para la generación de energía; aparatos e instrumentos electrónicos de control, regulación, acumulación y monitorización, para la generación de energía; soportes magnéticos de datos, aparatos de procesamiento de datos y ordenadores.

No se han introducido cambios en las demás clases.

El registro de base nº 30 2010 057 218.3/37 ha sido objeto de una cesación parcial de los efectos cuya fecha de entrada en vigor es el 24 de agosto de 2011.

Fecha de inscripción en el Registro Internacional: 13.04.2012
