The geographical names of the administrative divisions at or above the county level and the foreign geographical names well-known to the public shall not be used as trademarks, but such geographical names as have otherwise meanings or as an element of a collective mark or a certification mark shall be exclusive. Where a trademark using any of the above-mentioned geographical names has been approved and registered, it shall continue to be valid.

Article 11. The following signs shall not be registered as a trademark:

- (1) those which consist exclusively of generic names, designs or models of the goods in respect of which the trademark is used;
- (2) those which consist exclusively of signs or indications that have direct reference to the quality, main raw material, function, intended purpose, weight, quantity or other characteristics of goods or services;

- (3) those which are devoid of any distinctive character.

Where trademarks under the preceding paragraphs have acquired distinctiveness through use and become easily distinguishable, they may be registered as trademarks.

Article 12. Where a three-dimensional sign is applied for the registration of a trademark, it shall not be registered if it consists exclusively of the shape which results from the nature of the goods themselves, the shape of goods which is necessary to obtain a technical result, or the shape which gives substantial value to the goods.

Article 13. A trademark that is applied for registration in identical or similar goods shall not be registered and its use shall be prohibited, if it is a reproduction, an imitation or a translation, of another party's well-known mark that is not registered in China and it is liable to create confusion.

Where a trademark the registration of which has been applied for is not in conformity with the relevant provisions of this Law, or it is identical with or similar to the trademark of another party that has, in respect of the same or similar goods, been registered or, after examination, preliminarily approved, the Trademark Office shall refuse the application and shall not publish the said trademark.

Article 29. Where two or more applicants apply for the

registration of identical or similar trademarks for the same or similar goods, the preliminary approval, after examination, and the publication shall be made for the trademark that was first filed. If no opposition has been filed at the expiration of the specified period, the registration shall be approved, a certificate of trademark registration shall be issued and the trademark shall be published.

7) ceux qui, par nature, exagèrent et trompent dans la publicité en faveur des produits;

8) ceux qui portent préjudice à la moralité ou aux coutumes socialistes ou qui ont d'autres influences malsaines.

Les noms géographiques désignant des circonscriptions administratives au niveau du canton ou au-dessus, ainsi que les noms géographiques étrangers bien connus du public, ne doivent pas être choisis comme marques sauf si les termes utilisés revêtent un autre sens par ailleurs ou sont un élément d'une marque collective ou d'une marque de certification.

Lorsqu'une marque faisant appel à l'un des noms géographiques susmentionnés a été approuvée et enregistrée, elle demeure valable.

Art.11 Ne peuvent être enregistrées les marques

1) qui consistent exclusivement en des dénominations génériques, dessins ou modèles des produits pour lesquels elles sont utilisées;

2) qui consistent exclusivement en des signes ou indications ayant un lien direct avec la qualité, la composition (matière première), la fonction, la destination, le poids, la quantité ou d'autres caractéristiques des produits ou services;

3) qui sont dépourvues de tout caractère distinctif.

Les marques mentionnées ci-dessus qui ont acquis un caractère distinctif par l'usage et qui peuvent être facilement

distinguées peuvent être enregistrées.

Une marque dont l'enregistrement est demandé pour des produits qui ne sont ni identiques ni semblables à ceux auxquels s'applique une marque notoire enregistrée en Chine ne peut être enregistrée, et son usage doit être interdit, si elle constitue une reproduction, une imitation ou une traduction de nature à induire le public en erreur de la marque notoire et si cet usage risque de nuire aux intérêts du titulaire de la marque notoire.

Art.16 Lorsqu'une marque contient une indication géographique ou consiste en une telle indication pour des produits qui ne sont pas originaires du lieu indiqué et que le public est induit en erreur quant au véritable lieu d'origine, l'enregistrement doit être refusé et l'utilisation de la marque interdite. Tous les enregistrements déjà obtenus de bonne foi restent cependant valables.

Les indications géographiques visées à l'alinéa précédent sont celles qui permettent d'identifier un produit comme étant originaire d'une région donnée, lorsqu'une qualité, la réputation ou d'autres caractéristiques du produit peuvent être attribuées essentiellement aux facteurs naturels ou humains correspondants.

Art.18 Les personnes ou entreprises étrangères ayant l'intention de demander l'enregistrement d'une marque ou de traiter d'autres questions concernant une marque en Chine doivent charger une organisation agréée par l'État en tant qu'agence de marques d'être leur mandataire.

Art.19 Quiconque demande l'enregistrement d'une marque doit indiquer, sur une formule, conformément à la classification des produits prescrite, la classe et la dénomination des produits pour lesquels la marque est destinée à être utilisée.

Art.27 Lorsqu'une marque dont l'enregistrement a été demandé est conforme aux dispositions pertinentes de la présente loi, l'office des marques, après examen, accepte la marque à titre provisoire et la publie.

Art.28 Lorsqu'une marque dont l'enregistrement a été demandé n'est pas conforme aux dispositions pertinentes de la présente loi, ou lorsqu'elle est identique ou semblable à la marque d'un tiers, enregistrée ou, après examen, acceptée à titre provisoire, pour les mêmes produits ou pour des produits similaires, l'office des marques rejette la demande et ne publie pas ladite marque.

Lorsque les demandes ont été déposées le même jour, l'acceptation à titre provisoire

après examen, et la publication, sont effectuées pour la marque utilisée la première; quant aux autres déposants, leur demande est rejetée et leur marque n'est pas publiée.

Art.30 Toute personne peut, dans un délai de trois mois à compter de la date de publication, former opposition à la marque qui, après examen, a été acceptée à titre provisoire. Si aucune opposition n'est formée à l'expiration du délai prescrit, l'enregistrement est accepté, un certificat d'enregistrement de la marque délivré et la marque publiée.

Ce dernier en avise l'autre partie à la procédure de réexamen de la marque en l'invitant à se joindre à l'instance en tant que tierce partie.

Art.46 Lorsqu'une marque enregistrée a été radiée ou est expirée pour cause de non-renouvellement, l'office des marques n'accepte pas de demandes d'enregistrement de marques identiques ou similaires à ladite marque pendant une année à compter de la date de radiation ou de suppression.
