### **Notification of Partial Invalidation**

**Statement sent to the International Bureau of the World Intellectual Property Organization (WIPO) in accordance with Rule 19 of the Common Regulations under the Madrid Agreement and Protocol.**

International Reg. No.: 0818881  
Holder: LISTAN GmbH & Co. KG  
Mark: BE QUIET!

By this notification, the United States Patent and Trademark Office (USPTO) hereby asserts that the effects of the international registration above are invalidated in part with respect to the United States of America.

The partial invalidation was pronounced by the Director of the USPTO pursuant to Section 71 of the U.S. Trademark Act after the holder failed to comply with the statutory requirements regarding the filing of an affidavit of continued use or excusable nonuse in the time allowed for the corresponding registered extension of protection, U.S. Registration No. 3004542. 15 U.S.C. §1141k.

Goods Limited To: Surveying equipment, namely hardware units for global positioning systems and electronic accessories therefor, namely antennas, holders, cables for global positioning systems (GPS), GPS mice, lightning arresters; photographic equipment, namely electronic cameras with systems for data transfer to computers, to printers and to other accessories to computers, mobile telephones and cameras; cinematographic equipment, namely electronic video recording equipment with means for data transfer to computers, to printers and to other accessories to computers, mobile telephones and video recorders; optical equipment, namely electro-optical scanners and optical character recognition apparatus principally used in conjunction with computer and mobile telephone equipment; measuring equipment, namely sensors for use with computers and mobile telephones; signalling equipment, namely signal processors used as accessories to, or peripherals for, computers and mobile telephones; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity equipment, namely electrical cables, electrical circuit boards, electrical connectors, power supplies and electrical transformers; integrated circuit cards for recording, transmitting, reproducing and storing data, sound and images in stationary and mobile computers and mobile telephones;

blank magnetic data carriers, blank discs, namely machine-readable data carriers and data recording carriers, blank floppy computer discs, blank hard computer discs, blank optical discs and machine-readable and machine-writeable data carriers; and computers, computer cases and accessories, namely internal cooling fans for computers and parts thereof, namely, fan controllers, fan grills, fan bus, fan cables, fan fasteners, fan washers; noise reducers, noise absorbers, and noise dampers, all sold with or without installation hardware; coolers for central processing units (CPUs), video graphics arrays (VGAs), chips, disk drives and other coolers, heat sinks, notebook coolers, case stickers, case badges, window appliques, acrylic windows, transparent panels, windows, windows mountings, cold cathode fluorescent lights, light emitting diodes (LEDs) lights, LEDs, light switches, lamps for notebooks, generic cables, and cables implementing standards for communication and connections in computers; power cables, audio cables, adapter cables and other cables, water coolers for computers, sold with or without installation hardware; radiators; temperature sensors and displays, multifunction controlling units with liquid crystal display (LCD) displays, screws, case screws, fan screws, thumb screws and other screws for computers and mobile computing and telephonic equipment, computer add-on cards, video cards, sound cards, network cards, internal and external controller cards, internal and external card readers, card read/writers, external cases for hard disk drives, hard disk drives mounting frames, hard disk drive exchange frames, IDE modules, computer input and output devices, namely printers, keyboards, mice and other pointing devices, mouse pads, scanners, joysticks, gamer panels, computer accessories and organizers in the nature of storage and maintenance cases, cases for carrying video games, video game consoles and video game controllers, computer game pads and controllers, headphones, microphones, multi-standard hubs, combo hubs, USB sticks, USB dongles and other USB devices, computer hardware for accessing global computer and communication networks, and peripherals therefor, and spare parts and upgrade parts therefor, all sold in bundles with manuals as needed in International Class 9.

The effective date of the partial invalidation of protection for these goods/services is January 25, 2011.

The invalidation is no longer subject to appeal.

Sincerely,

Janet Briscoe
