

MADRID AGREEMENT AND PROTOCOL
FINAL DISPOSITION ON STATUS OF A MARK

STATEMENT OF GRANT OF PROTECTION
FOLLOWING A PROVISIONAL REFUSAL

notified to the International Bureau of the World Intellectual Property Organization in accordance with
Article 5 of the Madrid Protocol and Rule 18ter(2)(ii) of the Common Regulations.

I. Office sending the statement:

Japan Patent Office (JPO)

II. International registration number: 1128501

Mark: OLYMPIC

Date of international registration: 2011/11/08

III. Holder of the international registration:

Comité International Olympique

IV. Statement indicating that the mark is protected for the following goods and/or services.

*Accepted for all the goods and/or services in classes 3, 4, 8, 13, 15, 18, 25, 26, 27, 33, 34, 38, 43 and 45.

1 Chemicals used in industry; chemical preparations for scientific purposes (other than for medical or veterinary use); chemical preparations for use in photography; agricultural chemicals, except fungicides, weedkillers, herbicides, insecticides and parasiticides; horticulture chemicals, except fungicides, herbicides, insecticides and parasiticides; chemicals for forestry, except fungicides, herbicides, insecticides and parasiticides; unprocessed artificial resins, unprocessed plastics; fertilizers; fire extinguishing compositions; tempering and soldering preparations; chemical substances for preserving foodstuffs; tanning substances; adhesives for industrial purposes; sensitized films, unexposed; synthetic resins; thermoplastic and thermosetting synthetic resins and organic compounds for molding, for general use in industrial processes; intermediate chemicals; organosilicon compounds, namely polysiloxanes and silanes in the form of resins, pastes, fluids, elastomers, vulcanization and acceleration products; anti-foaming agents; catalysts for paints; chemicals for development and setting of x-ray films and other chemicals in connection with the

*Note

The holder is required to pay the second part of the individual fee to protect the mark concerning the international registration in Japan [, as notified in a separate communication under Rule 34(3)(C) issued at the same time as the present statement]. Where the second part of the individual fee is not paid within the applicable period, the International Registration shall be cancelled with respect to Japan [Rule 34(3)(d)].

V. Date on which the statement was sent: 2015/04/23

VI. Signature or official seal by the office:

Continuation sheet

development of said films; phosphorescent substances; adhesive materials for use in industry; polycrystalline alumina ceramic for general use in industrial processes; brazing and soldering fluxes and products; thermoplastic and thermosetting adhesives; chemicals, biochemicals and reagents for use in industry, science and research; chemical reagents, kits and products for analysis or diagnosis for scientific purposes, namely chemicals for cell culture and separation, purification of nucleic acid, nucleotides, fluorescent nucleotides, oligonucleotides, peptides, proteins, amino acids, organic molecules and markers for DNA/RNA synthesis; luminescence reagents; reagents for gene expression quantifying; reagents for polymerase chain reaction processes; reagents for rolling circle amplification processes; reagents for DNA cloning and vectors, enzymes for modification and restriction; reagents for labeling, sequencing and fractal analysis of nucleic acids and proteins and customized synthesis; reagents for recombinant protein purification and expression; chromatography media; reagents for electrophoresis, biocomputing, spectrophotometry and fluorometry; reagents for scintillation proximity assay; reagents for high-resolution laser microscopy, fluoroscopic microscopy and confocal microscopy; specialized chemicals for use in industry, science and research; gases and gas mixtures for use in industry, science and research; chemical substances and products for manufacture of pharmaceutical products, diagnostic products and substances; chemical testing reagents, saline solution, all for scientific use and for use in laboratories; chemical compounds and chemicals for treatment of water supply systems, wastewater treatment systems, cooling water circuits, boiler water and steam generating systems, boiler condensate systems, liquid separation systems, systems for water purification and dehydration in aqueous systems, conditioning systems, gas purification systems, industrial process systems, fuel treatment systems, hydrocarbon and gas treatment systems, petrochemical systems and gas and oil treatment systems, pulp and paper making systems, metal and plastic coating systems, metal treating systems; chemicals, namely chemical additives for gasoline, additives for heating oil and additives for improving the efficiency of turbine engine fuel; bags with chemically treated granular materials for absorbing water to be placed in fuel tanks; testing kit comprising reagents for determining the presence of algae and active organic organisms in diesel; bacterial cultures and nutritive elements for treating sludge and wastewater; polymeric chemicals for dispersing particles in steam production equipment; chemicals and chemical compounds used as anti-fouling and demulsifying agents in operations for producing coke and metallurgy-derived products; chemicals, catalysts, plastic semi-processed goods used as materials, filters for removing acid gases, untreated plastics, crystal whiskers and diamond gray; polymeric membrane materials for liquid separation.

- 2 Paints, varnishes, lacquers; preservatives against rust and against deterioration of wood; colorants; mordants; raw natural resins; metals in foil and powder form for painters, decorators, printers and artists; corrosion inhibitors in the form of a coating for use in the metal finishing industry, namely an acid aqueous product for final rinsing; corrosion inhibitors in the form of a coating for cooling water circuits; corrosion inhibitors in the form of a coating, namely resinous coatings for masonry and metal surfaces; covering materials, toner cartridges for printers; ink cartridges for printers; toners, toners for copiers, toners for facsimile machines.
- 5 Pharmaceutical and veterinary preparations; sanitary preparations for medical purposes; dietetic substances adapted for medical use, food for babies; plasters, materials for dressings; material for dental fillings and dental impressions; disinfectants; pesticides; fungicides, herbicides; pharmaceutical preparations for diagnosis; veterinary pharmaceutical preparations for diagnosis; veterinary and pharmaceutical substances for medical use; diagnostic preparations and reagents for medical use; diagnostic substances for medical use; contrasting substances for medical imaging; scanning diagnostic reagents for use in vivo; diagnostic imaging agents for magnetic resonance imaging (MRI); radiopharmaceuticals for medical and clinical use; radiopharmaceutical sources and norms for nuclear medicine; radioactive pharmaceuticals and non-radioactive reagents for producing radiopharmaceuticals for in-vivo diagnosis or for therapeutic use; gases and mixtures for medical imaging; pre-filled bottles containing reagents for medical diagnosis; pre-filled cartridges containing chemical solutions for medical use; pre-filled cylinders containing gases and gas mixtures for medical use; implantable radioactive substances for medical purposes consisting of radio-isotope brachytherapy sources in capsules.
- 6 Common metals and their alloys; metal building materials; transportable buildings of metal; materials of metal for railway tracks; non-electric cables and wires of common metal; pipes and tubes of metal; safes; ores; locks of metal; metal security casings, namely key cabinets, security key storage tubes and boxes; sealed post boxes of metal for industrial, residential, real estate and

Continuation sheet

vehicle sales; metal key cabinets for key locking, search and storage; metal safes for keys; metals and alloys in unworked, liquid, sintered, pressed, machined, sheet, wire, pellet, rod, band and cast form; chains for keys; trolley wires for wiring, doors of metal, barriers of metal, electric garage doors, sheet steel, steel panels for office floors, welding wires; small hardware of metal.

- 7 Metalworking machines and tools; construction machines and apparatus; textile machines and apparatus; food or beverage processing machines and apparatus; printing or bookbinding machines and apparatus; agricultural machines and implements; packaging or wrapping machines and apparatus; motors and engines (other than for land vehicles); agricultural implements other than hand-operated; incubators for eggs; apparatus, equipment and instruments for electricity production, namely electrical and wind energy generators generating electricity; turbines; turbines for energy production; wind turbines for energy production; wind turbines linked to wind farms, turbine-powered production installations, namely installations for electricity production; power-generating engines; and parts and components of all the aforesaid goods; solar energy electricity generators; metalworking machines and tools; construction machines and apparatus; textile machines and apparatus; food or beverage processing machines and apparatus; printing or bookbinding machines and apparatus; agricultural machines and implements; packaging or wrapping machines and apparatus; dynamos, electric motors, not for land vehicles; steam and gas turbines and their parts, electrical generators and their parts, aircraft engines, compressors; laundry washing machines, dishwashers; pumps, namely centrifugal pumps, diaphragm pumps, bellows pumps, pumps and transfer pumps; filtering cartridges for various industrial machines for filtering applications, including for filtering of coating solutions for manufacturing of magnetic tapes and for filtering of petrochemicals, drinking water, beer in the brewing industry and other special chemicals; machines for supplying and applying chemicals for industrial use; axial-flow and radial-flow compressors; piston compressors; screw and sliding-vane compressors; rotary, vacuum, electric, submerged and centrifugal pumps; turbo-expanders, namely, air and electric compressors; CNG refueling machines for land vehicles and industrial equipment and accessories and parts of all the aforesaid goods, namely pumps, valves, fuel filters, filter housings, distributor rotors, blades, bearings and mechanical joints; steam condensers; motors for boats; turbo-compressors for engines; fuel injectors; industrial robots, machines for insertion of electronic components, dry etching machines for manufacturing semiconductor; electric micro-discharge machines, systems for production of optical discs, precision machines for metal working, treatment machines for printed wiring panels, machines for assembling parts for manufacturing semiconductor; brazing machines, machines for fixing screws, electrical tools; electric motors, electric generators; elevators (lifts); washing and drying machines, electric washing machines, electric dishwashers; compressors (non-surgical); pumps, electric pumps; cutting and chopping machines, electric centrifuges for juices; electric food processors, electric meat grinders, electric can openers, electric knife sharpeners, electric coffee grinders, electric ice crushers; garden tools, other than hand-operated; electric lawnmowers, garden vaporizers for disinfectants and insecticides; electric apparatus for cleaning, electric vacuum cleaners, electric floor polishers; electric window washers; electric hand tools and implements; welding machines, plasma, gas or arc-cutting machines for cutting metal; centrifuges, handheld mixers, food processors.

9 Please refer to the continuation sheets pp. 10–17.

- 10 Surgical, medical, dental and veterinary apparatus and instruments, artificial limbs, eyes and teeth; orthopedic articles; suture materials; test kits for clinical medical use comprising test tubes, test plates and indicator diagrams for evaluating test results; systems comprising medical apparatus and accessories for administering measured doses of pharmaceutical preparations; bottles for medical use; cannulas for medical use; syringes for medical use; injectors for medical use; cartridges for medical use; infusion pumps used for administering liquids intravenously; needles for medical use; cardiac output monitors; humidity and heat exchangers for medical use; bacterial filters for medical use; gas analyzers for medical use; patient monitoring systems, namely gas monitors; pulse oximeters, multi-parameter monitors, ECG monitors, invasive and non-invasive blood pressure monitors, neuromuscular transmission monitors, metabolic monitors and spirometers for diagnostic, intensive care and anesthesia applications; anesthetic machines and ventilators; anesthesia and intensive care accessories for a single patient, namely gas sampling lines, airway adapters, respiratory circuits, spirometry tubes and sensors, tubes, water separators, pulse oximetry sensors, non-invasive sphygmomanometers, rinsing sets, anesthesia masks, carbon dioxide absorbers, temperature-sensing probes and nebulizers; central nervous system monitors; gastric tonometers; gradient coils, namely magnetic gradient coils for magnetic resonance imaging;

Continuation sheet

medical diagnosis devices, namely bone densitometers; fetal monitoring apparatus, namely fetal pulse and vital sign monitors; patient monitoring apparatus, namely, vital sign and cardiac monitors, medical imaging systems, namely ultrasound imaging machines for medical diagnosis, imaging devices for diagnostic and screening applications for planning operations and surgery, and their parts and accessories; medical diagnosis apparatus for displaying diagnostic images, namely spot film apparatus, image intensifiers, fluoroscopes, mobile x-ray devices, x-ray film viewers, CAT scans, nuclear resonance apparatus, ultrasound scanners, magnetic resonance apparatus, positron emission tomography apparatus (PET scans) and their parts and accessories, including tables and pads; electronic apparatus for measuring blood pressure, laser apparatus for medical treatment, ultrasound diagnosis equipment, medical acoustic apparatus, laser scalpels, electric massaging apparatus, portable vibrators for medical use, low-frequency muscle stimulators for medical use, high-frequency apparatus for medical use, electric air mattresses for preventing bedsores, electric inhalers for therapeutic use, electrically heated pads for medical purposes; CCD (charge-coupled device) image sensor systems for medical use; medical apparatus for measuring bone density.

- 11 Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; solar panels, panels for capturing solar energy; solar lighting accessories, namely lighting units and solar light fixtures for indoor and outdoor use; solar-thermal installations, namely solarthermal modules; cooking rings; gas and electric cooktops and ovens; heat exchangers; thick-wall chemical reactors and accessories and components thereof, namely, heat pumps, valves for steam systems and valves for regulating liquid and gas flow; electric lamps of all kinds and their parts; electric lighting accessories and their parts; freezers, air-conditioning apparatus, electric ovens, cookers, microwave ovens for cooking; wall-mounted cooking ovens for household use; food heating drawers; convection ovens, gas and electric cooktops; gas and electric cookers and cooking ovens; ventilation hoods for stoves and exhaust fans; electric fans, ceiling fans, flashlights; vehicle lamps and lights; electric lights for Christmas trees; liquid concentration devices; spiral cartridges or elements contained in a tubular plastic sleeve for concentrating goods and removing impurities in liquid treatment systems; devices and systems for water purification consisting of clarification units, electric deionization systems, condensate polishing filters, vacuum degassing devices, ultra-filtration devices, ultraviolet sterilization devices, ion exchangers, systems for regeneration of acids and caustic products, reverse osmosis systems, forced-air carbonate removal devices, filters, systems for supplying chemicals and devices for storage of bulk goods, sold with automatic controls and instruments for monitoring device and system operation parameters, electrochemical purification devices for drinking water for industrial, commercial and municipal use; liquid separating devices, namely industrial liquid filters; reverse-osmosis water purification devices; apparatus and installations for lighting, incandescent bulbs, gas discharge starters, grooved fluorescent lamps, fluorescent lamps, tungsten and halogen lamps, pocket lamps, fluorescent lanterns, fluorescent lighting apparatus, dynamo lighting kits for bicycles, germicidal lamps, other lighting apparatus; cooking apparatus and installations, automatic breadmaking machines for household use, electric kettles, electric rice cookers, gas rice cookers, crock pots, electric grills, cooking ovens, toasters, cookers, gas cookers, induction cooktops, electric barbecue grills, microwave ovens, gas cookers with ovens, electric saucepans, other kitchen ranges; freezing and refrigerating apparatus and installations, refrigerators, freezers, cold/hot water dispensers, refrigerating and freezing display cases, electric water coolers, ice-making apparatus; ventilation apparatus and instruments, electric fans, fans for air-conditioning, electric air purifiers, extractor hoods for cookers, electric dehumidifiers, electric humidifiers, air-conditioning fans (air blowers), air exhaust units, ceiling fans, ceiling ventilators, their parts and components, all included in this class; other ventilation apparatus and installations; heating apparatus and installations, apparatus for steam generating, drying, cooling and air conditioning, air conditioners, blade fans for air conditioning, apparatus for cooling air by evaporation, stoves, electric radiators, electric blankets, electric floor carpets, kerosene-powered fan heaters, electric foot warmers (kotatsu), wireless gas radiators, other heating/cooling and air-conditioning installations; water distribution apparatus; sanitary installations, electric bidets, toilets, self-cleaning toilet seats, portable toilets, sauna bath installations; bathtubs, bath installations, electric showers; air driers, dish driers, other driers; electric lamps, electric-resistance heating cables for environmental heating; metallic kitchen sinks.
- 12 Aircraft; automobiles; bicycles; motorcycles; rolling stock for railways; ships; electric motors and diesel engines for land vehicles; bicycles, tires and tubeless tires for bicycles, electric bicycles; tires.

Continuation sheet

- 14 Precious metals, unwrought or semi-wrought; jewellery cases [caskets]; commemorative coins and medals; jewellery; precious stones; lapel pins; horological and chronometric instruments.
- 16 Paper, boxes of paper, table cloths of paper, table napkins of paper, cardboard and cardboard articles; printed matter, particularly used postage stamps; newspapers, periodicals, books, photographs and posters; stationery; adhesives (glues) for stationery or household purposes; artists' supplies; paint brushes; typewriters and office requisites (except furniture); instructional or teaching material (except apparatus); plastic materials for packaging (not included in other classes); computer printouts; checkbooks, punched cards; electronic newspapers and periodicals; paper shredders (for office use), electric staplers for offices, battery-powered letter openers, electric perforators, electronic typewriters, ribbon cartridges for electronic typewriters, apparatus for printing checks, thermal paper.
- 17 Raw or semi-worked rubber; gutta-percha; raw or partly processed gum; asbestos; raw or partly processed mica; products made of semi-processed plastics; packing, stopping and insulating materials; flexible pipes not of metal; silicone mastic for various uses, particularly for caulking of bathtubs, boats and automobiles; impervious and road covering material made of silicone, roofing covering made of silicone rubber; goods made of plastics (semi-processed); plastic materials in the form of sheets, plates, blocks, all for manufacture; electric insulation materials, electric insulation devices, including insulating varnish, silicone rubber compounds; plastic materials in the form of sheets, rods or plates.
- 19 Non-metallic building materials; rigid pipes, not of metal, for building; asphalt, pitch and bitumen; transportable buildings, not of metal; monuments, not of metal; thermoplastic building materials, namely thermoplastic molded and extruded materials used as substitutes for wood, metal or glass, for supporting or covering; doors (not of metal), rain gutters, panels for ceilings not of metal, for building; folding doors not of metal; wooden floors, roofing tiles not of metal; prefabricated houses in transportable size; Laminated board; binders for building; steps (ladders) not of metal, building materials with soundproofing properties; non-metallic roofs, with solar cells; plastic panels for building; thermoplastic materials used as building materials for insulation, covering (roofing) and glazing; water pipes made of PVC (polyvinyl chloride).
- 20 Furniture, mirrors, picture frames; furniture made from wood or substitutes for wood; bands of cork or substitutes for cork; screens of reed or substitutes for reed; chairs of cane and wicker or substitutes therefor; statuettes of wood, wax, plaster or plastic; boxes of plastic; packing boxes and containers made of plastic; plastic and wooden sculptures; racks for microwave ovens, furniture for televisions, furniture for audio apparatus, wardrobes for clothing, letter boxes, dressing tables, kitchen counter tops, furniture for gas cookers, kitchen cupboards, wallmounted cupboards.
- 21 Household or kitchen utensils or containers; combs and sponges; brushes (except paint brushes); articles for cleaning purposes; steel wool; glassware, porcelain and earthenware not included in other classes; implements for cleaning clothing, toothbrushes; electric toothbrushes; ultrasound cleaning apparatus for dentures; dental floss, holders for dental floss, toothpicks, holders for toothpicks; non-electric implements and materials included in this class, all for cleaning; parts and components of all the aforesaid goods included in this class; holders and dispensers for all the aforesaid goods, all included in this class; electric trouser presses.
- 22 Padding and stuffing materials (except of rubber or plastics); raw fibrous textile materials.
- 24 Fabrics; household linen, sheets [textile], table napkins of textile, table linen [textile], tapestry [wall hangings] of textile; bed and table covers.
- 28 Games, Toys; Gymnastic and sporting articles not included in other classes; Decorations for Christmas trees; Playing cards; Electronic apparatus for practicing golf, Wax applicators for skis; Stationary exercise bicycles and rollers.
- 29 Meat, fish, poultry and game; meat extracts; eggs, milk and milk products; edible oils and fats.
- 30 Coffee, tea, cocoa, sugar, rice, tapioca, sago, artificial coffee; flour and preparations made from cereals, bread, pastry and confectionery, ices.

Continuation sheet

- 31 Barley; grains (cereals); seeds; natural flowers; plants; seedlings; trees; fresh fruits and vegetables; live animals; fresh fruit and vegetables; seeds, natural plants and flowers; animal foodstuffs.
- 32 Beers; fruit beverages and fruit juices.
- 35 Advertising; dissemination of advertisements by all media, particularly in the form of themed messages focused on human values; advertising by sponsorship (sponsoring); business management; business administration; office functions; promotion of the goods and services of others, by means of contractual agreements, particularly partnership (sponsorship) and licensing agreements, affording them with increased notoriety and/or enhanced image and/or sympathy derived from the notoriety and/or enhanced image resulting from cultural and sporting events, particularly international events and/or sympathy generated by the above; promotion of the goods and services of others by means of what is referred to as the initial interest factor driving the public to consider, from among many competitors, goods or services presented with signs, emblems or messages so as to capture its attention; promotion of the goods and services of others by means of the so-called image transfer; rental of advertising space of all type and on all media, whether digital or not; business administration of the participation of national teams to an international sports competition, and promotion intended for the public and bodies interested in providing support to the aforesaid teams; inventory management services; advice relating to stock monitoring services; advertising by means of direct marketing for others consisting in marketing of databases; advice for advertising by means of direct marketing for others consisting in marketing of databases; advisory services in connection with business reorganization; automobile and truck fleet management services, namely billing via a global computer network; advice in connection with the business management of automobile and truck fleets; business administration consultancy; management of power plants of others; advice regarding management of electric power plants; commercial services, namely agency for contracts for repair and servicing; supply chain management services and advice relating to the purchase and supply in terms of chemicals and chemical services; product inventory and supply services, cost price analysis; advice, marketing, analysis of prices and costs concerning devices for electrochemical purification of liquids for industrial use; administrative, commercial and technical management of computer files; data input and processing services; business management consultancy regarding information technology; computerized file management of value-added data transmission networks and computer servers (multimedia systems, interactive videography, global computer networks for telecommunications); retail services for electric and electronic machines and apparatus; information concerning the sale of raw materials; commercial information, commercial information agencies; rental of photocopiers; promotion of the sale of goods and services of others including by means of advertisements, promotional competitions, awarding of prizes and bonuses in the form of promotional lotteries, discounts, reduction tokens and value-added offers in connection with the use of payment cards; promotion of sporting events and competitions for use by others; promotion of concerts and of cultural events for others; organization of exhibitions for commercial or advertising purposes; provision of documentation, namely direct mail advertising, distribution of advertising material, distribution of samples; reproduction of documents; advertising concerning the promotion of commercial sales of goods and services for retail sale purposes; provision of information in connection with e-commerce and electronic retail sale; provision of information concerning the purchase of goods on line via the Internet and other computer networks; tourist documentation services, namely advertising concerning transport, travel, hotels, accommodation, food and meals, sports, entertainment and sightseeing tours, tourist agency services; maintenance of data in computer databases.
- 36 Insurance underwriting; financial consultancy; financial evaluation [insurance, banking, real estate]; financial management; banking; capital investments; exchange money; fund investments; securities brokerage; stocks and bonds brokerage; real estate affairs; credit card services; financing of sporting and cultural activities; rental of buildings and accessory buildings set up for corporate entertainment events; equity financing services; financial analysis and consultation; financial services in connection with credit cards; credit card services, namely granting credit to others; financial asset management for others; insurance and reinsurance services, namely underwriting of all types of insurance; equity capital investment services; insurance underwriting services in the field of bonds; financial security underwriting services; personal loan financing; lending against collateral; commercial financing services; commercial real-estate agency services; mutual funds; loan and private capital investments; information, assistance and advice in all the aforesaid fields; lease-purchasing of mobile and modular structures; insurance brokerage services; credit agency

Continuation sheet

- services in the field of commercial and consumer credit; financing of real estate loans and banking services; capital investments; exchange money; fund investments; securities brokerage; stocks and bonds brokerage; financial clearing services; issuing of checks and letters of credit; financial consultancy; financial evaluation [insurance, banking, real estate]; financial management; insurance services; bill payment services; debit card services; payment card services; pre-payment card services; electronic transactions by credit and debit card; electronic transfer of funds; electronic money and smart card services; payment and credit card services replacing cash payments; electronic capital transfer services; check verification; encashment of checks; safe deposit system and automated teller services; electronic payment processing services; authentication and verification of transactions; provision of financial information via a global computer network; financial sponsoring of festivals and concerts; information services in the field of tourism, namely financial information; financing services for tourist assistance purposes; lease-purchasing of telephones, facsimile machines and other telecommunication equipment; lease-purchasing of transport containers.
- 37 Construction; repair of automobiles; repair of medical machines and apparatus; repair of office machines and apparatus; repair of telecommunication machines and apparatus; repair of computers; installation services; maintenance and repair of gas and oil pipelines; drilling and pumping of oil and gas; drilling for crude oil; installation of tubes and pipelines for drilling of oil wells; maintenance and repair in the gas and oil field, namely maintenance and repair of oil and gas pipeline or excavators; services relating to installation of point-of-sales terminals in stores; computer maintenance services; repair of radio receivers and television receivers; repair and maintenance of electric apparatus and instruments for communication; repair and maintenance of medical apparatus and instruments; installation, maintenance and repair of computer hardware; installation, maintenance and repair of office equipment and machines; installation, maintenance and repair of medical machines and apparatus; installation, maintenance and repair of office machines and apparatus; installation, maintenance and repair of telecommunication machines and apparatus; installation, maintenance and repair of computers; repair and maintenance of electric apparatus and instruments for communication; repair and maintenance of computers; repair of telephones; electricity works; installation of telecommunication equipment.
- 39 Transport; packaging and storage of goods; arranging of tours; storage of media containing still and moving images; distribution of oil or gas by pipelines; delivery and storage of chemicals in the field of water treatment and of pulp and paper making systems; boat transport; reservation and rental of vehicles with or without chauffeurs for the transport of individuals; information services concerning travel; travel reservation services; assistance for planning of transport before travel; printing product distribution; transport ticket reservation; information services in the field of tourism, namely transport information; information services in the field of tourism, namely information on reservation of tickets for transport, travel and sightseeing tours; information services in the field of tourism, namely information on planned activities for sightseeing tours and transport; providing information of transport for tourist assistance; tourist reservation services, namely ticket reservation services and transport reservation services; information relating to prices, timetables and means of transport; tourist assistance services concerning transport ticket, travel and sightseeing tour reservation; tourist assistance services concerning planned sightseeing tours; tourist reservation services, namely reservation of tickets for transport, travel and sightseeing tours; preparation of travel reports via a global computer network.
- 40 Cloth treating; leather staining; metal treating; water treating; cinematographic film development; photograph enlargement, photograph printing, photographic film development; rental of photographic machines and instruments for developing, printing, enlarging or finishing; processing of oil; processing of gas; refining of oil and gas; wastewater treatment services, water treatment services, namely desalination, purification, treatment, cleaning of ion-exchange resins; provision of information to others, on a global computer network, concerning industrial systems for water purification.
- 41 Educational services; providing of training; entertainment; sporting activities, reference libraries of literature and documentary records, televised sporting and cultural entertainment; organization of exhibitions for cultural and educational purposes; betting and gambling services in connection with or relating to sports; entertainment services provided during sporting events or concerning sporting events; organization of sporting activities; organization of real or virtual sporting competitions; production, presentation and distribution of films and of sound and video recordings; covering

Continuation sheet

televised and broadcast sporting events; production of television and radio programs and of videotapes; production of cartoons; production of animated shows for television; reservation of tickets for sporting events and shows; timing of sports events; organization of beauty contests; interactive entertainment; on-line betting services; provision of games on the Internet; information concerning entertainment, provided on line from a data bank or the Internet; electronic game services provided by means of the Internet; providing on-line electronic publications (not downloadable); provision of digital music from the Internet; provision of digital music from MP3 web sites; provision of sporting results; information services concerning sports and sporting events; production of audio recordings; information services concerning sporting events provided on line from a computer database or the Internet; provision of digital music (non-downloadable) ; offering digital music by means of telecommunications; education services in the field of medical imaging and diagnosis, namely conducting of seminars, conferences, symposiums or workshops concerning the pharmaceutical industry, intended for medical doctors and employees of pharmaceutical companies; education services, namely conducting of seminars, conferences, symposiums or workshops in the field of life sciences and biotechnology for scientists and researchers; conducting of seminars on problems in connection with industrial water treatment; organization and performance of concerts; movie presentations; entertainment information; film production; show production; theater production services; operation of golf facilities; health club services (fitness training); sports camp services; presentation of live performances; film projections; organization of shows (impresario services); holiday camp services (entertainment); provision of on-line electronic publications, not downloadable; information services in the field of tourism, namely information services regarding entertainment; information services in the field of tourism, namely information services regarding planned sporting and recreational activities; services in connection with entertainment for tourist assistance; assistance services for tourists concerning planned sporting and recreational activities.

- 42 Scientific and technological research and development; computer software design; industrial design; industrial analysis and research services; carrying out laboratory analysis, namely chemical analysis; design and development of computers and software; services relating to wind and wind energy, namely professional consultancy and engineering services; technical design and technical planning of wind installations; industrial design services; design of equipment and installations for generating energy, wind energy and electricity; engineering services, technical consultancy and research for the gas and oil industries; exploration services relating to oil and gas; geophysical exploration for the gas and oil industries; gas and oil field analysis; gas and oil prospecting, namely locating and testing of wells; gas and oil well testing; gas and oil pipeline inspection; remote monitoring and diagnosis services in connection with compressors, pumps, turbo-expanders, fuel pumps and fuel distribution equipment, CNG refueling equipment, gas turbines, steam turbines, air-cooled heat exchangers, steam condensers, thick-wall reactors and tubular reactors; information technology solution services in the field of railway and transit industries on a global scale; research, consultancy and assistance services in connection with engineering, design and development problems encountered by governments, individuals and companies whether industrial or commercial and by public institutions; computer programming services for others; software design and analysis services for others; information technology consultancy services; maintenance and updating of computer software for others; software installation; design and analysis of computer systems for others; consultancy services relating to chemical research; consultancy services in connection with the discovery and evaluation of medicines and components with diagnostic, prophylactic and/or therapeutical properties; consultancy services concerning diagnostic methods by means of optical laser systems; tests for high data rate analysis for producing medicines; management of data bases, namely customer data bases; biotechnological services; technical assistance in connection with factory automation software, namely maintenance of software and periodical updating of software; design and development of electronic data security systems; design and consultancy services relating to configuration of systems used in fiber-optic technology applications; technical assistance services, namely resolution of problems in connection with computer hardware, video and electronic communication and computer software; technical consultancy services relating to information technology and software in the field of security and access systems; technical consultancy services relating to surveillance cameras; customized computer software design of security systems, access systems and systems for checking inventories and property for others; laboratory and testing services for liquid separation and membrane testing; engineering and consultancy services regarding water treatment, water supply systems, cooling water circuits, industrial boiler water systems, systems for water supply and industrial processes, industrial fuel treatment systems, pulp and paper making systems, systems for treating plastics and

Continuation sheet

metals; engineering and technical assistance services concerning the design and configuration of systems comprising computer hardware and software for use in treatment of water supply systems and pulp and paper making systems, oil and petrochemical product treatment systems and metal and plastic finishing operations; consultancy services in all the aforesaid fields; chemical testing concerning supply of chemical treatment products via industrial water systems; programming for information processing machines, particularly programming services in the field of electronic money; development of computer programs for securing data transfers; industrial development and research services in the field of information technology; all technical consultancy in the field of information technology; development of computerized databases and computer programs; development of software concerning machines, apparatus and instruments; rental of data processing apparatus; computer engineering services; consultancy regarding computer programming and data processing, particularly in connection with financial transactions; hosting of computer sites [Web sites]; maintenance of computer software; provision of search engines for the Internet; quality control; computer data recovery; research and development of new products (for others); technical project studies; land surveying; updating of software; maintenance of software, engineering, testing and research concerning electric machines, apparatus and instruments, computer rental; recovery of computer data, namely texts, cards, letters, messages, mail, animations and electronic mail, via global or local communication networks, including the Internet, intranets, extranets, television, mobile communication networks, cellular networks and satellite networks; identification and testing of microbiological organisms.

- 44 Medical services; medical and pharmaceutical toxicological controls; veterinary services; hygienic and beauty care for human beings and animals; aerial and surface spreading of fertilizers and other agricultural chemicals; gardening; tree surgery; weed killing; vermin exterminating (for agriculture, horticulture and forestry); advisory services in connection with medical imaging and diagnosis; advisory services in connection with prophylactic properties, therapeutic properties and pharmaceutical product diagnosis; medical information services; medical imaging services; medical diagnosis services; consultancy services in all the aforesaid fields; rental of medical machines and apparatus.

Continuation sheet

- 9 Apparatus and instruments for scientific research in laboratories; nautical, surveying, photographic, cinematographic, optical and weighing apparatus and instruments; measuring apparatus; electric monitoring apparatus; teaching apparatus; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; data processing equipment and computers; protective helmets for sports; spectacles, sunglasses, goggles for sports; computer software, computer game software; electric fuel-level gauges, gas meters; apparatus for electric control of switching; GPS tracking and monitoring systems for the railway and transit industries; electrical distribution products and devices, namely capacitors, circuit breakers, circuit-breaker patch boards, circuit closers, contact breakers, commutators, contactors, current rectifiers, current limiters, electric contacts, electric connectors, electric controllers, electric power supply systems, distribution boards and branch boxes (electricity), electrical distribution consoles, electrical switchboards and switchboxes; software for persons in charge of troubleshooting and maintenance of programmable controllers, software for blood vessel analysis, including heart vessel analysis, also with calculation functions with regard to blood vessels, software for medical patient-monitoring equipment, software for receiving, processing, transmitting and displaying data, software for developing customized programs for asset allocation; software for use on line enabling vendors of office equipment to place orders, to manage portfolios and communicate with the company; software for accessing mortgage and insurance information, software for collecting data concerning vital signs, software for analyzing electrical systems and electronic instruction manuals sold in the form of sets, software for employees of financial institutions used for assessing customers' financial investments and processing the sale of the investments identified, software for obtaining information on the risk of flooding with regard to real property, software for developing graphic user interfaces and displaying data, software for calculating mortgage payments, software for controlling and managing vehicle fleet maintenance services, software for using and accessing commercial information technology services, software used by clients to obtain information regarding lease portfolios, software for a radiology information system for radiologists and radiology departments, software for managing databases containing information on employees and patients for archiving purposes and patient follow-up, software installed on and used with PCs and medical monitoring equipment for graphic user interfaces, software for sending encrypted and compressed data to radio-paging (transport) systems, software for providing access to web sites so that buyers and sellers can carry out business transactions by electronic means, and software for subterranean navigation, namely navigation of the assembly of a depth probe for oil drilling and drilling assemblies so as to set up subterranean installations;

Continuation sheet

electronic and laboratory instruments and apparatus, for testing, measuring, calculating and monitoring; electrical products, electricity production and distribution products and voltage surge protection products, namely lightning conductors, armored rods; capacitors; switches for lighting; input/output devices and controls; fuses; controls for lighting; switch boxes, LEDs, namely light-emitting diodes, electrical voltage regulators, voltage surge protectors, voltage surge limiters, electrical circuit boards, relays and automatic time switches, electromagnetic switches and limit switches, manual full-voltage starters, reduced-voltage starters, electric disconnecting switches and switches, splitters for circuit boards and short-cycling panels, circuit breakers and disconnecting switches, transformers, electric circuit and electric lighting boards, lightning conductors, grounding resistances, humidity and temperature sensors; push buttons, engine and motor control centers and their electric controls and voltage regulators included in this class; computer programs and software for medical use, industrial use and for research; electrophoresis apparatus; chromatography columns and pumps; apparatus for bio-informatics systems; scintillation apparatus; imaging apparatus for luminescent and radioactive emissions; oligonucleotide-producing apparatus for laboratory use; optical laser systems for digital imaging; glassware for laboratories; vials and micro-vials; microtiter plates; software for managing hospital operating rooms; software for intensive care information management; software for industrial operation control; software and manuals therefor sold in the form of sets for plant management; graphic interface computer programs for controlling machines in industrial automation applications; software for creating graphic presentations and editing dynamic data interfaces for real-time graphic applications for industrial and commercial use; communication software for providing connections among computer network users; software for injection molding of plastic; software for controlling, monitoring, simulating, communicating, recording and collecting data and for plant automation; software for integration of manufacturing machine operations, process control, supply of data for displaying, problem follow-up and production report generation; software packages for operating and programming grinders in the manufacture industry; computer hardware for monitoring industrial processes, namely computerized monitors; portable computers, computer networking hardware, memory boards; microchips; microprocessors; computer network hubs, switches and routers, computer accessories, displaying devices and terminals; computer whiteboards; processors and system cards; operator interfaces, reference interfaces and data collectors; application software for manufacture and control, namely for statistical process control, data collection, direct digital control; computer software for document management; digital signal processing products and systems, namely, industrial automation controls and programmable logic

Continuation sheet

controllers; distributed and remote input/output equipment, input and output apparatus for computers, interface modules, electricity supplies; security devices, namely logic programming computers, electrical control panels, electronic glass-breakage detectors, electronic vibration detectors, electromagnetic switches for security systems, electronic switch plates, electronic motion-sensitive switches, audio loudspeakers, electronic navigation systems, systems for access control with computer cards; card readers, card encoders and encoded cards for card-operated access control systems; camcorders; video devices for object recognition; video devices for object following; video devices for reading license plates; video devices for checking alarms; video devices for facial recognition; video devices for vehicle recognition; video devices for traffic detection; video devices for access door control; video devices for burglar detection; processing software or hardware used for analyzing digital video images for extracting, recording and reporting information automatically, and remote video surveillance systems for surveillance and security applications; central video monitors; video recorders; apparatus for shooting and filming; closed-circuit video systems; closed-circuit video systems consisting of one or several cameras and camera housings; wireless, short-range and radiofrequency transceivers; transceivers for electrical lines; communication monitoring equipment for operating closed-circuit cameras; communication monitoring equipment, namely numeric-pad controls, matrix switching devices, multiplexers, digital video recorders, integrated swinging panoramic zoom domes, remote video controllers, receivers, triggers and management controls and video transmission devices sold separately or as parts of a closed-circuit camera operating system; personal digital assistants configured for use by real estate professionals; communication interfacing devices for personal digital assistants; fiber-optic transmission systems, namely fiber-optic transmitters, receivers and transceivers for transmission of video signals, audio signals and data via optical fibers; electric switches; magnetic cards for locks, access control, presence control, alarms and security systems; electronic access cards and their readers and encoders; magnetic access cards and their readers and encoders; memory access cards and their readers and encoders; proximity cards and their readers and encoders; key holders and their readers and encoders; barcode access cards and their readers, encoders; access keypads; radio-frequency tracking devices; tracking and control systems consisting of one or several detectors, transceivers and radio-frequency beacons for determining and checking the location and movements of assets, stocks and people; infrared sensors; computer hardware and software for managing infrastructures and monitoring systems for accessing infrastructures and components thereof, namely control boards, access card readers and video imaging, video surveillance, digital hard disk recording, network networked digital

Continuation sheet

video storage servers, application software for surveillance and access control, alarm and security monitoring, computer hardware and software for monitoring and operating access and security systems comprising locking systems, doors, access and identification devices; surveillance and monitoring systems sold separately or as components or in the form of sets such as systems comprising one or several surveillance cameras, hidden cameras, closed-circuit television cameras, camera casings, camera stands, video monitors, video recorders, digital audio recorders; video recording media, video switches, electrical control panels, numerical pad controls, transceivers, receivers, transmitters, signal processors, multiplexers, power controllers; remote control apparatus; control panel casings, switch housings, transformers, switches, connectors, motion detectors, microphones and loudspeakers; user interface software and control software for management of access, security and fire-extinguishing systems; portable electronic communication and computer equipment for data reception, control, storage, handling, display and transmission for operating electronic locking devices; computer hardware and software for data processing; rectifiers/regulators of current/voltage and transformers; loudspeakers for sirens; software for controlling communication equipment for operating and controlling closed-circuit cameras; switching devices integrating magnetically triggered blade switches for anti-theft alarm systems and fire alarm systems, in industrial tracking apparatus, revolution counters, industrial position-monitoring apparatus, electric and electronic checking apparatus for detecting the presence of certain substances on people, in luggage and freight; electric and electronic checking apparatus for detecting the presence of explosives and/or narcotics on people, in luggage and freight; apparatus for detecting the presence of explosives and other contraband; timers or sensitive apparatus for detecting changes in conditions for launching and monitoring regeneration or washing cycles for water treatment equipment; bioreactors for cell culture for laboratory use; portable analysis instruments, namely a probe with a recorder for data conversion equipped with microprocessors for measuring organic and inorganic products in water; filters and filter housings for laboratories; membrane filters for laboratories; silt density measuring devices; deionization devices for laboratories, filters and filter housings for laboratories; liquid separating apparatus for laboratories; membranes for laboratories; liquid flow control devices, namely pumps, valves, flow meters and regulators for laboratories; ozone monitoring instruments; laboratory equipment, namely porous titration microplates for cellular biology and other applications in life sciences; electronic controls for water treatment and processes, namely apparatus for treatment of industrial and commercial water supply systems, boiler water systems, water cooling systems, cooling water systems and closed water-supply systems, systems for paper, data management software in the

Continuation sheet

field of paper, pulp and water treatment; electronic controls for data processing in the field of paper, pulp and water treatment; apparatus for industrial water-supply systems for measuring and checking pH and conductivity; apparatus for supplying an industrial, commercial or municipal water supply system with measured quantities of chemicals; electronic testing apparatus for water treatment; laboratory testing equipment, namely apparatus for testing deposit levels and corrosion speed; mobile laboratory equipped with instruments and equipment for measuring and monitoring pH, conductivity and concentration of chromate in domestic and industrial water, for carrying out inorganic and microbiological water testing; electronic sensors for measuring solar radiation, printers, laser printers, ink-jet printers, multi-function and multi-purpose printers, parts of all the aforesaid goods; portable electronic devices for wireless reception and/or transmission of data, enabling users to store or manage personal information and to transmit and receive voice, video and image communications; software for synchronization of data between a remote unit or station and a fixed unit or station, and software providing a one-way and/or two-way wireless connection to data; portable digital electronic apparatus and related software; portable electronic devices for wireless data reception and/or transmission; software for re-orientation of messages, electronic mail and/or other data from a personal computer or a server towards one or several portable electronic devices; computer programs and software for wireless device operation and management; telecommunication devices; software for accessing, researching, indexing and recovering information and data from global computer networks and global communication networks, and for navigation on web sites in the aforesaid networks; software for sending and receiving short messages and electronic mail and for filtering non-text information from data; portable electronic devices for voice, video, data and image communications; computer game software for mobile telephone receivers; electronic game software for mobile telephone receivers; computer software; computer software packages, battery chargers, connectors (electric), electric ducts, floor ducts specially designed for housing electric cables, ballast (for discharge lamps), code lighting switches, circuit breakers, magnetic starter switches and contactors, circuit protectors, switching devices, electric connecting boxes, device switches, output jacks, plugs (electric), video intercoms, intercom systems, intercoms, portable emergency intercoms; acoustic machines and apparatus, radios, tape recorders/players, radio cassette recorders, portable tape players, compact disc recorders/players, minidisc recorders/players, minidisc consoles, DVD audio recorders/players, secured digital recorders/players, secured digital cards, loudspeakers, tuners, amplifiers, stereo systems, disc readers, graphic equalizers, integrated circuit recorders, digital audio processing devices, earphones, headphones, microphones, cassette recorders/players, software for

Continuation sheet

compact discs (prerecorded), electric megaphones, language study machine, public address systems, mixing consoles, cleaning products for audio equipment, other audio machines; audiovisual machines and apparatus, television sets, cathode ray tube display devices, cathode ray tubes, image pick-up tubes, plasma television sets, plasma display devices, television sets (liquid crystal display), liquid crystal display monitors, television sets combined with video tape recorders, television sets combined with disc players, antennas, tuners for satellite broadcasting, television tuners, Internet terminals, video projectors, video cassette recorders, camcorders, video cameras, video printers, laser disc players, video CD (compact disc) players, software for video CD (compact disc), video recorders/players for DVDs, color video systems for large-scale display, cable television systems, hard disk units, video imaging devices, electric optical display boards, multi-purpose electric display systems, closed-circuit video equipment systems, television cameras, video switches, non-linear editing systems, editing controllers, DVD creation systems, LED displays, other audiovisual machines; optical disc machines and apparatus; optical disc units, optical disc recorders, optical disc readers, optical disc changers, optical disc cartridges, optical disc recording systems; communication apparatus and machines, facsimile transceivers, transceivers, telephones, cellular mobile telephones, cases for cellular mobile telephones, telephone answering machines, automatic switching apparatus, global positioning system receivers, radiotelephones, marine radars, radio-paging receivers, mobile communication systems, multi-channel access radio systems, electric panels for traffic information, videoconferencing systems, private portable telephone systems, local network systems, AV codecs (coder-decoders), navigation systems for cars (road guidance systems), GPS (global positioning system) antennas; surveillance (monitoring) apparatus and instruments, communication and surveillance systems for apartment structures, automated systems for surveillance and control of functions in buildings, automatic control machines and instruments, electric distribution boards, bus placement systems, ultrasound vehicle detectors, information and telecommunication networks for road traffic management, light dimmers, light switches, inverters, programmable control systems, transformers, distribution cabinets for electricity, power capacitors; data processing equipment; computers and computer peripherals, word processors, software (recorded), image scanners for personal computers, printers, PC cards, computer keyboards, mice (data processing equipment), CD-ROM units, diskette units, card reading/writing systems, barcode readers, portable data terminals, point-of-sale systems, data collection terminals, personal digital assistants, DVD-RAM/ROM units, CAD/CAM (computer-aided design/computer-aided manufacturing) systems, hard disk units, electronic calculators, uninterruptible power supplies for

Continuation sheet

computers/communication/broadcasting; external storage devices, video cassettes, cleaning heads, D-VHS (video systems for household use), other computer peripherals; video tapes, audio cassettes, diskettes, optical discs, mini-discs, DVDs (digital versatile discs), integrated circuit memory cards; weighing and measuring apparatus and instruments, thermoluminescent dosimetry systems, portable x-ray dosimeters, electronic meters, grip measuring devices, thermometers, measuring system processors, micro-precision measuring devices, body fat monitors, pacers, audio/video analyzers, modulators, distortion meters, sensors, light-sensitive sensors, thermometric sensors, position sensors, angular velocity sensors, rotation sensors, angle sensors, dew point sensors, other sensors; light emitting diodes (LEDs), liquid crystal display modules, magnetrons, diodes, transistors, thermostats, integrated circuits, semi-conductor storage devices, micro-computers with a single chip, cartridges for microphones with electric capacitor, gray-scale image processors, thermal print heads, magnetic heads, connectors, relays, display components, semi-conductor lasers, charge coupling devices, image detectors, film capacitors, over-oxygenation membrane units for laboratory use, electric tuner units, high-frequency units, magnetic card reading/writing devices, phase-locking circuit synthesizing modules, wireless communication module units, optical transmission components, printed wiring boards, loudspeaker components, electricity supplies, AC adaptors, inductors (coils), capacitors for electric apparatus, electric signal filters, transformers, deflection coils, thermistors, electronic components, namely, varistors; piezoelectric ceramic electronic components, namely, piezoelectric ceramic elements; resistances, potentiometers, encoders, printing units, hybrid integrated circuits, switching components, heat-welding wiring boards, transparent button boards, electroluminescent components, remote control units, magnetic resistance elements, equipment for processing data, particularly for financial applications; operating system programs; computer hardware and software, particularly for local and wide-range computer network development, maintenance and use; systems for reading memory cards and systems for reading stored data including integrated circuit memories and bank card memories; encoded cards, including magnetic cards and integrated circuit cards, particularly for financial applications; card readers, printing apparatus, including printing apparatus for data processing systems and financial transaction systems; encoders and decoders; modems; encoded magnetic cards, cards with electronic data, readers for encoded magnetic cards, readers for cards with electronic data, electronic encryption systems, computer hardware, computer terminals, software used in financial services, in the banking and telecommunication industries; electronic agendas; bank cards, including printed bank cards and bank cards with magnetic memory and with integrated circuit memory; bank

Continuation sheet

cards, credit cards, debit cards, including such cards equipped with integrated circuits and microprocessors; memory cards (smart cards); data processing equipment and computers including cards equipped with microprocessors and integrated circuits; computer hardware in the form of integrated circuit cards and card readers containing transponders and other proximity payment devices; mouse pads; electricity control and regulation devices, voltage surge protectors, switchboards, switchboard apparatus, liquid control devices, namely, flowmeters, manostats, electric controls and switches; audio amplifiers for keyboards, external memories for musical instruments; systems for managing data and preserving archives in the field of anesthesia.
