§ 10. Relative circumstances which preclude legal protection

(1) Legal protection is not granted to the following trade marks:

2) trade marks which are identical or similar to an earlier trade mark which has been granted legal protection with regard to identical goods or services or goods or services of a similar kind designated by the trade mark, if there exists a likelihood of confusion on the part of the consumers, which includes association of the trade mark with the earlier trade mark.

3) trade marks which are identical or similar to an earlier registered trade mark or a trade mark which has been filed for registration or to a trade mark which is known to the majority of the Estonian population and which has been granted legal protection for different kinds of goods or services, if the use of the later trade mark might take unfair advantage of, or be detrimental to, the distinctive character or repute of the earlier trade mark which has been acquired by the filing date of the application or by the date of priority of the later trade mark;

(2) Circumstances specified in clauses (1) 2)–6) of this section which preclude legal protection are not taken into account if the proprietor of the earlier trade mark or another earlier right consents to the grant of legal protection in writing.

§ 11. Earlier trade mark and other earlier rights

(1) An “earlier trade mark” means the following:

6) a Community trade mark registered on the basis of the Community Trade Mark Regulation if the filing date of the application, date of priority or the seniority date granted on the basis of the Estonian registration is earlier.

§ 13. Representative for performing acts related to legal protection of trade marks

(2) A person with no residence, seat or commercial or industrial enterprise operating in Estonia shall authorise a patent attorney as the person’s representative to perform procedures related to trade marks at the Patent Office and at the Board of Appeal, except the filing of an application.

§ 41. Adjudication of appeals and revocation applications

(2) An interested person may contest an applicant’s right to a trade mark at the Industrial Property Board of Appeal if circumstances specified in subsection 9 (1) or § 10 of this Act which preclude legal protection exist. The term for filing a revocation application is two months from the publication of the notice of the decision to register a trade mark.

(3) In case an appeal or revocation application is granted in whole or in part, the Board of Appeal shall annul the decision of the Patent Office and require the Patent Office to continue the processing taking into account the facts set out in the decision of the Board of Appeal.

§ 70. Processing of international registration

(7) Decisions on international registrations made by the Patent Office and the rights of applicants can be contested pursuant to the provisions of this Act, taking account of the specifications arising from the Madrid Protocol and its Common Regulations. The Bureau shall be notified of a contestation and the decision made in the matter.
